*Proceedings of the Madras Government, Political Department,
from 24th September to 4th October 1859.*

No. 16. Read the following letter from Colonel J. C. BOULDERSON, Commissioner of Police ; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 15th September 1859, No. 120.

*Political Department, dated 24th
March 1859, No. 195.*

1. With reference to the Order of Government marginally noted, I have the honor to report that I received charge of the Lungar Khana of the late Carnatic Circar on the 1st June last from the Dewan, and that on the 1st of the following month, I removed the whole establishment into a commodious Native house situated close to the Kamaun Darvazah in Triplicane high road.

2. A strict enquiry has been instituted into the circumstances of most of the recipients, it has been a long and tedious task, but is now completed, and the result is given in the accompanying registers,* the return of which I solicit in due course, after an inspection thereof has been made.

3. At present, 126 persons receive food daily, 44 persons receive raw food, 102 receive small monthly stipends, and since the Institution has been opened by this department, 9 persons† have been admitted as resident inmates who receive food and clothing. The number of paupers of this class will be increased as fast as the accumulation of funds by casualties in the other classes will admit.

4. The sum sanctioned for the support of the Lungar Khana is Rupees 400 per month, the whole of which it is probable may not be expended within that period because the demand for clothing for inmates, &c., &c., may be less in one month than it is in another. By abstract from my office account† of expenditure you will observe that on the 1st of the month of March 1859, there would have been a balance of Rupees 111, which if no claimants appear to the 1st of April, will be carried to the general account and spent in the purchase of clothing and in the purchase of new cooking utensils and other necessary implements.

5. I enable me therefore to keep the account of this institution in the manner directed by the Honorable the Government, and to submit a report and a statement of receipts and expenditure at the close of each official year to submit a report and a statement of receipts and expenditure for the 12 months preceding.

6. With reference to paragraph 8 of the Order of Government, above quoted, I have the honor to submit a Roll§ of the old servants of the institution, and in column of remarks I shown how they have been disposed of. You will observe that there is only one person whose case requires consideration, viz., that of Gholam Hoosain, formerly Superintendent of the distribution of daily food, on a salary of 15 Rupees per month, the same person whose petition|| was forwarded to me for report on the 23rd of last month. As I have no occasion for the services of this person in any capacity whatever, I take the liberty to recommend that he may be entitled to a pension of 1rd of his pay, to which I have been assured under date 3rd instant, by the Government, that he would have been entitled, had he made his application for the same before the 17th of March 1858. On account of his having failed to do so, his claim requires a special order.

ORDER THEREON, 28th September 1859, No. 565.

In the foregoing letter the Commissioner of Police reports the result of his enquiries into the circumstances of the parties supported by the late Nawab's Lungur Khanah at Triplicane, this result is given in 4 Registers submitted by Colonel Boulderson. The Government have inspected the registers, and fully approve of his proceedings as therein detailed.

Proceedings of the Madras Government, Political Department,
from 24th September to 4th October 1859.

* Inclusive of the cost of establishment, house rent, oil, &c., sanctioned under date 19th May 1859, No. 309.

2. The Civil Auditor will pass the Commissioner's bills for the sum* of (400) four hundred Rupees per mensem sanctioned on account of the Lungur Khanah, and the Commissioner will submit to Government at the close of each official year an annual report on the state of the institution, with a statement of the income and expenditure.

3. With respect to the case of Gholam Hoossain, late Superintendent of the distribution of daily food in the Lungur Khanah, the Government observe that his period of service is only 17 years, and that according to the scale laid down in the letter from the Government of India, dated 8th September 1856, No. 4244, he is entitled to a gratuity of nine months' pay, which he appears to have refused to receive. They cannot therefore understand how he is considered entitled to a pension of one-third of his pay unless he has hereditary service to reckon. The Government Agent at Chepauk will however be requested to submit a special report on the case of this servant of the Carnatic Sirkar.

(Signed) T. PYCROFT,
Chief Secretary.
