

MADRAS RECORD OFFICE.

Government of Madras.

political DEPARTMENT.

G.O. No.	706	Press ~~Mis.~~
Dated	5-12-	N/859.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Political Department,
for the month of December 1859.*

No. 21. Read the following letter from EDWARD BALFOUR, Esq., Commissioner investigating the debts of His Highness the late Nabob of the Carnatic; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 1st December 1859, No. 606.

3. *The Commissioner is requested to state what progress he has made in the investigation of the wage claims and petty and sundry debts which he was directed to settle by the Orders of Government, dated 16th February No. 110, 17th March No. 174, and 14th May 1859, No. 300.*

In my letter No. 527, dated 28th ultimo, I briefly replied to the question as per margin, asked of me in paragraph 3 of Proceedings to Government, No. 620, dated 24th ultimo.

2. Many of the claims against the Estate of His Highness the late Nabob of the Carnatic, were joint claims, or the claims of Agents, or of persons who were the ostensible dealers with the Nabob.

3. These Agents also were of two kinds; one class were persons of this city, engaged in trade or money dealings, having only that connection with the Nabob's establishments to which their dealings gave rise; but in other cases, they were Officers of the Nabob's kitchen, stables, modi khanah, which supplied rice, oil and all such stores; of the Engineers; and the Commissaries of the durbar and household, and troops, and the dealers from whom these men obtained their supplies, were styled their ryots.

4. There were two modes open for the settlement of such claims.

5. The Agents might have been compelled to disclose their principals, and the principals then dealt with separately; or a settlement might have been made with the Agents referring all principals to them.

6. Each of these modes had its advantages; each its disadvantages: for several reasons, I would have preferred that mode, which would have allowed payments to the Agents of the expenses of their Agency fees, and settlements direct with their principals, and the finality attending such a mode of settlement, would have been a considerable part of its advantages.

7. At the date on which my letters were written, suggesting settlements of the petty dealers' claims, copies of only a small number of particulars had been received from the legal Officers of Government, and it was supposed by me that the Nabob's Officers at least would not identify themselves with the Nabob's debts, but would allow the dealers to appear personally.

8. In some cases, the Officers have so abstained. In others, they have claimed or are claiming in Court as principals, and will thus have to settle with the dealers, and perhaps the results of this mode cannot better be shown than by furnishing a translation of the following Petition, which has recently been presented to me;

PETITION.

From the Ryots of private kitchen; to E. G. BALFOUR, Esq., Commissioner.

We the ryots of private kitchen viz., supplier of provisions, baker, potter, &c., most respectfully beg to represent, that a balance is due for the goods supplied by all of us to the private kitchen of His Highness the late Nabob of the Carnatic under the management of Mohamed Moonim Nawaz Khan the late Darogah. Government have been kindly pleased to fix this balance at Rupees 16,000, out of which we solicit to be favored with what is due to us, for goods supplied according to accounts. The sons of the late Darogah are now intending to obtain letters of administration, and not to give as our right; consequently we pray that you will examine our accounts, and give each ryot his right. The fixed rate to which the Darogah is entitled is one Anna per Rupee as would appear upon enquiry. We had submitted another Petition before this, but have not been favored with a reply to it.

(Signed) FAKHEER MOHOMED, Son
Mohomed Ibraheem
the late supplier of prov'

5th November 1859.

Proceedings of the Madras Government, Political Department,
for the month of December 1859.

9. It will be perhaps an easy mode of explaining how such cases have been and are being settled, if I mention that the legal Officers have sent for report, every claims filed in Her Majesty's Supreme Court whether from Agents or dealers. And Agents and dealers have filed claims just as suited their own views, and in some instances both Agents and dealers filed claims for the same items.

10. And as many of them have been or will be settled, the Honorable the Governor in Council will observe that the number of petty monthly debts left to be examined into, of the kind which I formerly brought to the notice of Government, has been considerably reduced. Copies of all the claims filed in the Supreme Court have not yet been lodged in this office, nor has this office as yet obtained a list of all the claims which have been settled. Also, the figured statements now subjoined have been extracted and framed from the entries in the records, without accounting for the items.

11. When all the Court claims shall have been received and settled, and these items all duly accounted, and the vouchers of claimants carefully examined, these items will doubtless be still further reduced.

12. Hitherto, therefore, as the Honorable the Governor in Council will see, although the other more urgent current work prevented their being examined into, in many cases, it was not possible to undertake their settlement until the Court's claims were all decided, and it is still a little premature to enter upon their examination generally, although a few cases might soon be going on; I believe that if this letter be submitted to the legal Officers of Government, they will take the same view of this subject. And, when I now send on this list of outstanding claims, I must be regarded merely as a list of claims, each one requiring nearly as much care in its accounting and in examining vouchers and evidence in support, as any larger claim has received. The lists are as follows. (It is appended, in order not to interrupt the narrative.) Referring to the appended statements for the details, it will here be sufficient to give an abstract of them. In this abstract the numbers and amounts are slightly different from those formerly found.

Abstract—the total amounts of the arrears of monthly contingent expenses of Circar Departments, the numbers of claimants, the Nos. and amounts claimed in Court, and the balances now due

Department.	Formerly sent.	Total amount.	No.	Amount claimed in Court.	Balance now due.	Number of the balance according to list.

Besides this, there are balances due in Meersamani-i-Durbar portions of the 5 lacs and odd Rupees on account of contingent expenses incurred during the time of regency.

Proceedings of the Madras Government, Political Department,
for the month of December 1859.

13. The claims formerly submitted were 1,076 in number. There have been so far as our information as yet extends, 163 of those claims submitted in Court.

14. A further search of the books, while other claims have been under investigation, show 39 additional debts to the extent of Rupees 5,624-10-7 $\frac{1}{2}$, of which 3 claims of value Rupees 699-10-0 have been submitted to the Court. There are also the names of 8 persons even already properly struck out of the former list.

At present the total number of debtors are 941,

Do. amount of debts „ Rupees 48,059-0-6 $\frac{1}{2}$.

15. As before explained, these figures are not given as the true or actual amounts only as what the records contain. Indeed, several items at the first glance, must evidently be struck out. In saying this here, I do not mean to imply that the books contain improper entries. But merely that there are entries in the departmental accounts made by the heads of departments, on their own responsibility, and when hereafter audited, certain entries will merely not be found admissible. In this matter, it is nothing more than a post audit of accounts, in which some items will be admitted and some not.

16. Before examination of these debts can be undertaken, however, it is indispensable to possess a correct list of all claims settled in Court, which cannot be obtained till all lodged in Court be settled. Perhaps the claims in the Mahakamah, Bukshegherry and Ahsham, 63 in all, could be first safely entered upon.

17. There is a class of petty debts of the kind now being reported on, to which allusion was formerly not made. The late Nabob (by his letter dated 20th April 1853, sent in letter from Government Agent 21st April 1853) accepted of the regency debts, to the extent of upwards of five lacs of Rupees. Certain items of that amount, have been claimed in Her Majesty's Court and admitted and paid; our information up to this date is that of the items in the Meer Samani-i-Durbar Department, the amount so claimed in Court is nearly Rupees 60,000, but as the total of items in that department amounted to Rupees 1,16,993-9-6, there remain for investigation either in Court or here, claims to the extent of Rupees 56,993-9-6, in which are doubtless included portions of petty claims. The precise amount cannot be stated, at present, because from April 1853, till Nabob's demise, the Istefa Cutcherry had not overtaken the auditing or examination of the portion of the 5 lacs, pertaining to the Meer Samani-i-Durbar department, and though so long ago as April last, now a period of 7 months, I allotted three Officers for the duty of writing up this account, from the Journals of this department, the urgency of the work required for the Law Officers has hitherto prevented its completion. I would therefore merely here suggest that any petty or monthly bills found in this five lacs be reported to Government and likewise settled.

No. 22.

ORDER THEREON, 5th December 1859, No. 706.

16th February.

17th March.

14th May.

Resolved that the above letter and the accompanying statements be forwarded for the remarks of the Law Officers of Government, in reference to the Orders noted in the margin.

(Signed) T. PYCROFT,
Chief Secretary.

by an Oyer and Tenter

The Returns which I
sent to you, were intro-
duced to embrace every known
claim, that could be admitted
into a hearing, & as far
as our knowledge extends have
not been detected in Court
now will be so settled.

Only as explained, and
as was stated in para 6

Medu

toor n

1/ My letter of 25 Feb
1859 No 391, — the number
& amounts of the Claims in
the Nalohs accepted 5 lacs,
are not yet known. I then
estimated them at 300, in number.

The total amount was Rs 16,000
of which settled in Court 60
leaving — Rs 56,000

of which these People (300)
are claiming a portion
guaranteed about Rs 24,000
that may be to be made

This Rs 24,000 is put in my return
for it is not yet paid.

Arrears of Rs 12,48,757
Paid by me + 7,46,781

New Arrears Estimated 93,794.
Returned by me +
Sanctioned being paid 53,963.

The total estimated as requiring
investigation may be Rs 45,000
amount 1241 people
This of course is merely estimated
the cause of the absence of the
complete statement of the 5 lacs
portion. The claim that has

na Medu
valoor N

to be performed is
 1241, debts to be accounted & settled
 1241 ~~Settled~~ debts or their heirs
 to be authenticated & investi-
 gated.

In the Court there are
 cases still unsettled, &
 the Tankeel may require
 to be so, about 12 lacs of
 Rupees. Yours &c.
