*Proceedings of the Madras Government, Political Department,
23rd August 1861.*

No. 50. Read the following letter from Surgeon Major EDWARD G. BALFOUR, Government Agent at Chepauk, and Paymaster of Carnatic Stipends; to the Chief Secretary to Government, Fort Saint George, dated 9th August 1861, No. 1,017.

I have the honor to submit that by the order in paragraph 2 of Order of Government, 4th November 1859, No. 644, where a servant of the Nabob was in receipt of a pension for his own services, and had sons also serving, it was not competent for his sons to claim hereditary rights while their father was alive.

2. A Subadar of Nabob's Infantry, pensioned on full pay, died on 25th November 1857, leaving amongst others one son, who under the above order was pensioned as Carnatic Stipendiary No. 3,453, in June 1858, for his own and his deceased father's services.

3. In submitting the List sanctioned by Order of Government of 8th January last, this person's son's name was included with recommendation for arrears from 27th October 1856, the date on which the Soldiery were discharged. But I struck it out, and it has not been paid, in order that I might obtain the Orders of Government as to whether he be entitled to arrears from date of his own discharge in 1856, or from the date of the father's demise on 25th November 1857, up to which his father drew full pension; or he be entitled only to pension from June 1858, the date of the Order granting him pension in right of his service and that of his deceased father.

4. I have the honor to submit as my opinion that, as his father drew full pension till date of demise, he can only at the farthest be entitled to arrears from that date.

5. I have the honor to place below a Memorandum of the arrears that he would fall entitled to, should His Excellency the Governor in Council issue orders of this character.

No. 51. ORDER THEREON, 23rd August 1861, No. 377.

The Government are of opinion that as Baynee Ram, the stipendiary referred to, became entitled to a pension in right of his own and his father's services only on the death of the latter, prior to which he could not have claimed the pension, the arrears are payable to him from the 25th November 1857, the date of his father's demise; and they accordingly direct that the sum of Rupees (32-8) thirty-two and Annas eight, shown to be due from that date to the 31st May 1858, be disbursed to Baynee Ram.

The Government conclude from the Agent's silence on the point, that he has funds to meet this small payment.
