NOTE FOR THE

2/8 1.5.

In 1895 addresses intended for the Viceroy were rec^d in this Dept. by an arrangement previously made with the M/S and a memo. was issued in Political informing public bodies and individuals that the Viceroy would receive their addresses; which ⁽²⁾ addresses would be read and which would be taken as read.

During the present visit of Lord Curzon the M/S. to the Governor appears to have rec^d the addresses and to have taken the initiative in collecting the notes &c.

It is enquired therefore whether, under circumstances, a similar to that in 1895 should not be adopted.

This given to the Political
Dept. or of the Private Secy,
Chief Secy.

The MAD P.S.G.
should arrange to put
such notice as is necessary.

For Order as to the numbers.
Those in 1892 are shown on page 25 of the pamphlet

The whole of the Municipal Commⁿ were present when the address was presented to the M. Motion. The whole are now allowed to attend. I am not sure that there will not be some at the Commⁿ address are being taken separately. I think that the deputations of the Eurasian & Anglo Indian are a little too large. In all the outside should surely be enough. I think more reasonable.

I think it would be as well not to limit the Municipal Commⁿ the Chamber of Commerce might have 10.

I would fix a limit of six for all the others, which are taken in a lump and ten for the landholders - and 10 for the planters. After we have heard from the P.S.V. we can arrange what is to be done with the Mahajana Sabha.
