No 492 of 1894. Paymaster Carnatic Stipends Office. Chepak 13th September 1894.

From

The offg. Paymaster Carnatic Stipends
Chepak.

To

The Chief Secretary to Government
Fort St. George.

Sir,

With reference to G.Os. No. 374 dated 18th June 1892 para 12, No. 766 dated 29th December 1892 and No. 541 dated 3rd August 1894 para 2 "Political", I have the honor to submit my report on the Carnatic Endowments as follows:-

2. There are 5 allowances, as shown below, that are at present paid by this office which may be termed "Ceremonial allowances" with the exception of the last two

1. For the expenses of a mosque and choultry at Sydapet. } Rs 17-0-0
2. For the expenses of the tomb of Shah Karim-ulla at St. Thome. } Rs 24-9-0
3. For the expenses of the Idgah Mosque at Black Town. } Rs 10-0-0
4. For the expenses of the Muhammadia Library at Triplicane } Rs 35-0-0
5. For the expenses of a choultry and a bungalow at the Red Hills } Rs 13-0-0

6 As Government has already received a detailed list of 11 items paid for Mussulman ceremonials from the Board of Revenue, vide page 8 of their Proceedings No. 1141 dated 3rd April 1894, I consider it redundant to include those items in my present report.

4. By G.O. No. 331 dated 30th June 1881 "Political" an allowance of Rs 17/- per mensem is paid to Muhammad Amin-ud-din Ansarie Sahib for the expenses of a mosque and Choultry situated at Sydapet in the Chingleput District. The mosque and Choultry were built by the late Fazilat-un-nisa Begum a daughter of Nawab Wallajah. The above allowance was originally sanctioned in the name of one Ghulam Jilani Sahib (son of the present recipient) under orders of Government No. 31 dated 24th January 1880 "Political". The expenses incurred monthly for the above mosque are as follow:-

1	Pay of Peish Imam (leading prayer)	Rs 7-0-0
2	" Moazzin (crier)	" 4-0-0
3	" of Waterwoman	" 0-8-0
4	" of Lamp lighter	" 0-8-0
5	" of Sweeper	" 0-8-0
6	Lamp oil	" 1-0-0
7	Fire boxes and other Contingencies	" 0-6-0
	Total	Rs 13-14-0

The balance of Rs 3-2-0 per mensem is spent in the necessary repairs of the Structures which, being very old, are in a dilapidated State and require constant petty repairs. The grant of the above allowance being for the expenses of a mosque where religious Service and prayers are performed, comes under the head of "Farz" or a divine ordinance based on an obvious sentence of the Quran.

By G.O. No. 566 dated 12th December 1881, an allowance of Rs 24-9-4 per mensem is paid to one Muhammad Ghaus for the maintenance of the tomb of the late Saiyad Karim-ulla Shah Sahib Qadari situated at St Thome, Madras. The original grantee in this case, as far as this office records show, was Muhammad Baha-ud-din who dying in September 1871, his son Muhammad Noor-ud-din applied for the allowance which was sanctioned in his name by G.O. No. 227 dated 3rd February 1871 "Revenue". The monthly expenses incurred in the maintenance of the above Structure are as follow:-

1.	Muhammad Ghaus .... Muttavalli	Rs 7-0-0
2.	Noor-ud-din's wife & son ..... late Muttavalli	" 5-0-0
3.	Flower Supplier	" 2-8-0
4.	Waterman	" 1-4-0
5.	Sweeper	" 1-8-0
6.	Lighting and other Contingencies	" 1-13-4
7.	For feeding 150 poor people at the annual ceremony Rs 42/- per annum	" 3-8-0
8.	Amount saved every month which is reserved for the repairs of the tomb	" 2-0-0
	Total	Rs 24-9-4

The above allowance being granted for the maintenance of a tomb, comes under the head of "Mustahab" or "meritorious" and I beg respectfully to State that it should be resumed and the Muttavalle and his predecessor's family pensioned at Rs 7 and 5 respectively to lapse absolutely on their deaths.

C

6. By G.O. No. 596 dated 29th August 1884 "Political" a Sum of Rs 10 per mensem was sanctioned to

one Muhammad Hamid-ud-din for the upkeep of the Idgah mosque at Black Town. The monthly expenditure made on this account is as follows:-

1. Muhammad Hamid-ud-din Peish Imam (leading prayer)	——	Rs 5-0-0
2. Abd-ul-aziz .... Moazzin (crier)	—— "	2-8-0
3. Abd-ur-razzaq ..... Sweeper	—— "	2-8-0
Total		Rs 10-0-0

The above allowance which was, as a special case, sanctioned in the name of Muhammad Hamid-ud-din for the upkeep of the said mosque comes under the head of "Farz" and consequently is not open to any of the objections defined in paragraphs 4 to 9 of G.O. No. 766 dated 29th December 1892.

7. By G.O. No. 473 dated 10th august 1877 "Political" an allowance of Rs 35/- is paid to Muhammad Mahmud Khan Bahadur as Chairman of Muhammadia Library at Triplicane. The original grant in this case Commenced from 1858, as a donation from the last Nawab of the Carnatic to the above institution, vide G.O. No. 363 dated 7th June 1858 paragraph 9. The monthly expenses of the Library are as follow:-

5 Taxes and repairs &c.	7-8-6
Total Rs	35-0-0

The grant being for a purpose of supererogative nature comes under the head of "Mustahab" or "meritorious" and consequently should be resumed, but I respectfully beg to state that the lapse of the above sum all of a Sudden, will Seriously injure the

the institution which was recently constructed, consequently I beg to recommend that the continuation at least of the salaries of the Daroga and the peon as life grants should be made.

8. By G.O. No. 461 dated 30th July 1892 "Political" an allowance of Rs 13/- is paid to Muhammad Habib-ulla for the maintenance of a public bungalow and a choultry at the Red Hills lake. The bungalow and the choultry were both constructed by the late Salar-ul-mulk one of the chief Officers of the last Nawab. The original grantee in this case was Muhammad Ghaus Son of the above Salar-ul-mulk, and the allowance was first Sanctioned by G.O. No. 1694 dated 25th July 1867 "Revenue". The monthly expenditure incurred for the upkeep of the above bungalow is as follows:-

1. Pay of watchman for choultry of Brahmins	——	Rs 4-0-0

6. " " for the Hindu choultry	——	2-0-0
7. Lighting (only a portion)	——	1-4-0
Total		Rs 13-0-0

The bungalow above referred to for which the allowance of Rs 13/- a month is paid is intended for use of the public as a travellers bungalow without exception to caste or creed in as much as many European, Muhammadan and Hindu gentlemen put up on their journeys both on duty or otherwise, Consequently I beg humbly to leave the question for Government to decide as to whether the grant comes under the head of "Farz" "Sunnat" or "Mustahab" and to pass orders as to its retention or resumption as Government deems necessary.

10

I beg to give the particulars of the above-
allowances in the tabulated form mentioned in the
latter portion of paragraph 3 of G.O. No. 541 dated 3rd
August 1894 "Political".

RESOLUTION—dated 27th September 1894, No. 411.

The Government Order last read above will be communicated to all Collectors.

2. It will be seen that Government desires to have all the reports tabulated in a common form now prescribed, but the Board observes that the statements already submitted by the several Collectors with reference to Board's Proceedings, dated 9th August 1892, No. 412, do not contain all the information required. It, therefore, resolves to return the statements to the Collectors concerned with the request that revised returns in the prescribed form may be submitted at a very early date. Three additional columns should be opened at the beginning of the form showing the following particulars:—

(1) The taluk, (2) the village, and (3) the name of the institution.

The Collectors of Salem and Madura, who have not yet replied to the Board's Proceedings quoted above, should submit their reports in the form now prescribed.

3. From paragraph 4 of the Government Order, the Board gathers that the intention of Government is that cases in which inam title-deeds have been issued should also be passed under review, with the object of ascertaining whether the service is being kept up. Collectors are therefore requested to include in their revised returns only those cases in which grants of land for *mustahab* ceremonies have been confirmed by title-deeds issued by the Inam Commissioner.

With reference to Board's Proceedings, No. 412, dated 9th August last, I have the honour to submit herewith a list of end wments in land in this district granted and continued to the present day for Musulman ceremonials. The purpose of the grant and the Inam Commissioner's decision with respect to it are noted against each entry. None of these endowments appears to be resumable under the principles enunciated by the Government in the Government Order quoted in the Proceedings under reference.

2. No money payments are made in this district for Musulman ceremonials, and no Carnatic endowments in land are to be found here.

Resolution—dated 18th April 1894, No. 162.

Submitted to Government with reference to Revenue endorsement No. 3052, dated 30th June 1892, and in continuation of Board's Proceedings, dated 17th April 1894, No. 161.

2. The several cases shown in the statement sent up by the Collector relate to land inams confirmed by the Inam Commissioner subject to the condition of the service. Some of these (items Nos. 2, 8 and 18) are for the maintenance of tombs and for Asar-i-Sharif or *Urus* * services rendered therein. As, under the terms of the title-deed, these inams are not liable to any interference so long as the services specified are performed, the Board begs to be informed whether the inquiry ordered by Government in its order quoted above should be extended to such cases.

Sir

With reference to Board's Proceedings dated 27th September 1894 No 411, I have the honor to forward herewith a statement showing the inams granted in this District for the support of maques etc. The ceremonies performed in them are not mustahab (pleasing) but in the Darkha mausoleum at Kovilkandi (Cuilandy), they are said to be wajib (necessary)

2 The details of expenditure furnished by the Inamdars should be received with caution. Some of them do not appear to fall under any of the three classes viz Farz, Wajib, and Sunnat (vide p

4

4 of G.O dated 18th June 1852 No 374 Political, communicated with Board's Proceedings dated 9th August 1852 No 412.) But considering that the Inams were granted or continued to be enjoyed during the loyalty of the Inamdars, it is inexpedient to interfere with them now. Any interference might cause irritation which in this District at any rate should I think be avoided.

3 There are no Carnatic Endowments in land in this District.

Service at mosque is not mustahab. The Tangal who was asked to furnish particulars of the expenditure of Rs 69-9-8 has stated that a sum of Rs 1360 is spent annually in the service at the mosque as detailed below:—

1. Pay of Koran reciter in the mosque @ 4 Rs per mensem — — — — — Rs 48— —

Though out of Rs 1360, items 4, 5, 6, 7 & 8 may not come strictly under the categories "Farz" "Wajib" "Sunnat", still as a balance of expenditure amounting to Rs 165 only is mustahab and as the sum of Rs 69-9-8 forms only a portion of this amount, I recommend that the grant may be continued

Sir,

With reference to B.P. 412 dated 9th August 1892 directing the submission of a list of all endowments (for) payments made on account of Mussalman ceremonials, I have the honor to report that there are no Carnatic Endowments in this District

I enclose a statement with the necessary details of money allowances sanctioned in B.P. No 3049 dated 5th December 1881.

2. These may be divided into:-

1 Mosjids where prayers are recited
2 Tombs, where Urusses are observed.
3. Ashurkhanas where annual exhibitions are held of Sacred Emblems.

2. The Statement submitted gives the details of expenditure under each head as ascertained from the parties concerned with remarks against each showing under which of the classes named by

by Government each item of expenditure falls
to enable Government to decide which should
be withdrawn and which continued

3. An abstract is added at the close of the
statement shewing the amount of allowances
now enjoyed by the Mussalmans and the amount
recommended to be resumed, and the balance
to be continued.

4. Lists of land endowments received from the
Divisional officers after great delay
are found to be imperfect when compared
with the Inam Registers in the office. Lists
of Mussalman endowments have been made
out from the Inam Fair Registers and sent
to Tahsildars for full enquiry and report
in each case upon receipt of which a supple-
-mental report will I hope be submitted in
February next.

I suppose it is needless to observe that there will
be very widespread regret and disappoint-
-ment caused amongst the Mahamadan po-
-pulation, if all their endowments are withdrawn
and that some well preserved institutions will
be left to complete ruin. It is a pleasure
sometimes in visiting country villages to notice
the attention shown to these old tombs and
places of worship and the care and affection
bestowed on them. The Mahamadan population
is poor and cannot keep them up without aid

Sir,

With reference to Board's Proceedings dated 27th September 1894, No 411, I have the honour to submit a revised list of money allowances and land endowments granted on account of Muscalman ceremonials in this District. The delay in its submission has been unavoidable owing to the difficulty of getting the necessary information from the grantees.

2. Para 3 of the Board's Proceedings requires the entry in the list of only those cases in which grants of land made for Mouloodnabi ceremonies have been confirmed by Inam Title deeds. But I have ventured to include also grants made for Fatiz, Dhubah and other ceremonies as the object of government in calling for a list of these land grants is to see whether the service is

being kept up. The reports sent in by the Divisional officers show that the prescribed service is kept up in all cases except three (No 393 Part II)

3 I have noted in the list my recommendations in each case in accordance with the principles laid down in Government order dated 18th June 1892 No 374 Political (Board Proceedings dated 9th August 1892 No 412), but I am afraid that the resumption of the money allowances which amount to a considerable sum may cause great dissatisfaction among the Mussalman community especially in the absence of similar investigation into the expenditure of Jaedik allowances to Hindu religious institutions. I beg to draw the attention of the Board and Government to the concluding para of Mr Sewell's letter dated 14th December 1893, No 1431 and if any relaxation in the rules is permissible, I would suggest that a certain amount should be allowed for the maintenance of important tombs, which cannot be many. If the suggestion be approved, I shall draw up a list of such tombs after

Proceedings of the Board of Revenue,
(Land Revenue)
Dated 19th August 1895.
No 4150 Mis:

Read the following:—

(1) Again Board's Proceedings dated 27-9-94 411 Mis.

(2) Letter from H. Tremenheere Esquire, Collector of Bellary, dated 8th June 1895, Index re 494.

(3) Endorsement of the same officer, dated, dated 25th July 1895, Index re 667.

Resolution.

Submitted for the orders of Government with reference to Government orders 374/18.6.92 and 541/3.8.94 Political.

2. The statement forwarded by the Collector comprises 35 cases of money allowances (Part I) and 112 cases of Inam lands (Part II) granted on account of Musalman ceremonials in the District of Bellary, the Collector's recommendation in each case being given in column 12 of the Statement.

3. In regard to the ready money payments, the Collector observes that the allowances granted for objects, which rank as Mustahab amount to a considerable sum and that their resumption may cause great dissatisfaction among the Musalman community. He suggests that a certain amount may

may be allowed for the maintenance of important tombs which are not numerous. The Board considers that the Collector may be authorized to prepare a list of such tombs for the consideration and orders of Government.

The recommendations made by the Collector in the remarks column of the statement are in accordance with the principles enunciated by Government and call only for the following remarks:-

(a) In case no 12, which relates to the tombs of a Nizam and his mother the Collector recommends that a grant of Rs 120 per annum may be continued, on condition of the tombs and the buildings appertenant thereto being kept in good order. This recommendation is made subject to the order of Government on the Collector's proposal regarding the more important tombs referred to above.

(b) Item (a) of the details of expenditure in case no 4 and item (b) in case no 23. If these payments are made to the grantees of the allowances they may be continued to them for their lives.

(c) In cases no 26, 28, 29 and 32 the Collector apparently thinks that the allowances forming the wages of the persons reciting the prayers

prayers are too small to be continued, otherwise the grantees would appear to be entitled to their continuance.

4. As regards the land grants, the objects of which are mostly Inustabab and which have been confirmed by the Inam Commissioner subject to the condition of Service, the Collector reports that, as the prescribed services are kept up in all cases except 3, 83 & 92 they should not be interfered with under the terms of the Inam settlement. In the 3 excepted cases he recommends the resumption of the Inams. The Board supports the Collector's recommendations.

No. 4704. Inis

READ Statement from V.a Brodie Esqr. actg Collr of Godavari, dated 7th August 1895 Inis No. 6275 acc.

Resolution

The Statement read above showing 12 cases of money payments and 5 cases of land Inams granted on account of Musalman ceremonials in the Godavari district will be submitted to Government with reference to its order 541 / 3-894 Political.

2. Of the money payments, six cases viz 3, 4, 5, 6, 7 and 14 in the Collector's list

list relate to mosques wherein the prescribed Services continue to be performed. The Collector recommends that the allowances be continued and the Board supports his recommendation.

The allowances in cases 1 and 2 (Rs 22-7-0 each) were granted in lieu of Inams resumed and relate to puja service i.e. maintaining lights in a place of annual worship. As, under the terms of the grant, the allowances are not liable to interference so long as the prescribed services are kept up, the Board recommends that these also be continued. It is presumed that the Service is duly performed. In regard to the remaining cases Nos 11, 12, 13 & 15, the Collector states that, though they do not fall under any of the three classes 'Farz',

'Farz', 'Wajeb' or 'Sunnat' yet the nature of the Service viz lighting sweeping &c is of a permanent character and he proposes that the allowances be continued, as they are of long standing. The objects for which the payments are made being of a temporary order, the Board considers that the allowances may be resumed after the death of the present holders.

3. Of the five cases of land Inams, the only one in which the Service is not performed is case No 16. The Inam in this case which relates to a mosque has been alienated and is involved in a suit filed by the alienee to prevent its resumption and reassignment under G.O. $\frac{279}{9\text{-}4\text{-}91}$ Revenue. The litigation has ended unfavorably to Government owing to misapprehens

on

on the part of the High Court that the Imam was an unfranchised one. The Board has asked the Government Pleader to apply to the High Court for a review of its judgment and will deal with the case separately when the result of the review petition is known. In the other cases, no interference is called for, as the conditions of the grants are being duly fulfilled.

Sir,

Referring to Boards' reference on General № 1149/2050/3 1897 of 1895, I have the honor to report that the allowance shown against item no: 5 of the State-ment is reported by the Gooty Deputy Collector to have been granted in honor of the tomb of Miskasein Sahib reputed to have been a Saint of great holiness and that the Service rendered falls under Faraz.

2. The allowance granted to item no: 6 in the same Statement is also reported to be, in Support of Asankana, a place wherein hairs of Mahomed, the prophet, are

are said to have been kept and worshipped. The building is used for offering Namaz or daily prayers, and it does not seem to fall under any of the three classes referred to in para 4 of G. O. No. 374/18.6.92. A Copy of a Persian Sunnud produced by the "Worshipper" which cannot be translated here is enclosed.

Translation put up.

3. Item No 10 is reported to be a mosque situated on the North bank of the Pennar River at Tadpatri, and to be styled Aliavala Dargah to distinguish it from another mosque situated close to the Town on the South bank. Cleaning and lighting the building are said to be the services performed in it. The Tahsildar, in reporting that it falls under "Faraz" suggest that, as it is not much resorted to owing to remoteness from the Town which has another mosque, the allowance may be reduced to Rs 12/- per annum, but I do not agree with this proposal.

4. I recommend the continuance of items

items 5 & 10 and the resumption of item no: 6.

The Statement received with the above is returned with the omission pointed out duly supplied.

READ the following letter from W. A. Nicholson Esquire, C.S., Collector of Anantapur, to the secretary to the Commissioners of Land Revenue, dated 11 May 1893, Dis. No. 1423.

Referring to B. P. No. 412/9-8-92, I have the honor to forward a list of allowances granted for the several Mohomedan ceremonials in the District with my opinion recorded thereon as to the resumption or otherwise of those grants.

And the following Reference thereon dated 25 July 1894.

The statement received with the letter read above does not afford complete information as will be seen from the following remarks. A revised statement should therefore be submitted.

(a) In column 4 showing the authority a general note is entered to the effect that all the allowances are said to have been granted during Tippu Sultan's time. The collector is requested to quote the order of Government sanctioning the continuance of the allowance in each case.

(b) As regards the first nine items noted on the margin the words "religious service" are entered in the column showing "the object of the institution".

institution". The nature of the service in each case should be clearly set forth and particulars of the expenditure should also be furnished.

(c) The amount of the allowance given in the statement submitted in regard to cases 3 to 11 shown above differs from that shown at page 19 of Board's Proceedings 3049 / 5-12-81. The variations should be explained.

2. A sum of Rs. 38-12-0 is shown in the Board's Proceedings quoted above as the allowance due to a Durga on the other side of the river. This appears to be the same as the one entered in the present list against

"Etwala Darga". In this case, the service referred to cannot be held to fall under any of the 3 classes named by Government as "Permanent" as it relates only to a Darga or tomb. The collector is requested to state fully why he considers the continuance of this allowance to be necessary.

3. The Khazi service (item 3 of the present list) is presumably confined to the superintendence of the ceremonies of marriages, funerals etc. The particulars given in column 6, however, show that the allowance was intended for lighting, sweeping, keeping water and burial charges of paupers. But none of these charges can be considered to be religiously necessary

necessary or to fall within the 3 classes specified in para 4 of the Government Order in Board's Proceedings $\frac{412}{9-8-92}$. The collector is requested to report fully why he considers that the item should be retained.

4. With reference to para 3 of Board's Proceedings $\frac{412}{9-8-92}$, the Collector is requested to state whether there are no carnatic endowments in Land in his district.

Read again Board's Proceedings dated $\frac{27-9-94}{411 \text{ Press.}}$

Read List of Mussalman ceremonial allowances received from the Collector of Anantapur, dated 21st December 94 Dis. No. 2180. to the Secretary to the Commissioners of Land Rev:

And the following Reference thereon dated 13 February 1895.

The statement read above does not include the marginally-noted items appearing in the Accountant General's list of payments under audit on account of Mussulman ceremonials. If the omission was unintentional, it should be supplied.

2. In most of the cases, the details of the present expenditure are stated to be "not available". The information should be obtained from the present receipts of the grants and furnished.

3. The information called for

4. The revised statement to be submitted with reference to the above remarks should have the additional columns ordered to be opened in para 2 of Board's Proceedings 411/27-9-94. The Tahsildars' and Divisional officers' opinions need not be separately given. They may be quoted to by the collector where

necessary in the column provided for Collectors' remarks and suggestions. In the recommendations to be made, the Collector should be guided by the principles enunciated in Government Order 374 Political 16-6-92 communicated with Board's Proceedings No. 412 9-8-92.

Read revised statement of Inamsalaran canonical allowances, received from the Collector of Anantapur, to the Secretary to the Commissioners of Land Revenue, dated 16 May 95. Ref. on C. No. 797

And the following Reference thereon dated 7 June 1895.

The Board finds that the

the objects for which the allowances shown against items 5, 6 and 10 are disbursed, are of temporary character (maintenance of tombs &c) The grants would therefore seem liable to be resumed under the principles enunciated by Government in its order dated 18-6-92 No 374 Political. The Collector is requested to explain more fully the necessity for continuing the allowances as proposed by him.

The list submitted by the Collector of Anantapur comprising 17 cases of money payments granted on account of Muhammadan ceremonials in the district will be submitted for the orders of Government with reference to Government Order 574/3-8-94 Political.

support of an Asharkhana. As this grant relates to an object of a temporary nature, the Board supports the Collector's proposal to resume the allowance.

3. Item 5 (Rs. 43-12--) relates to "Syed Sahib Daroga on the hill" and is said to have been granted to the tomb of Mir-Kassim reputed to have been a saint of great holiness. The Collector states that the service rendered in this case falls under "Jarz" but the Board is unable to agree with him. This case is also that of a temporary grant and the Board considers that the allowance may be resumed.

Sir,

Adverting to para 4 of
×G. O. 1853 / 11-5-94 Board's Proceedings No 161× dated the 17th April last, I have the honor to state that the small mosque on the Rattakanna hill called Hazareth Sahra Gunj item no 6 in the statement embodied in the Proceedings under reference, is not a tomb, but is a place where Hazareth Shaik Farced Shaker Gunj, a pious Fakeer spent 40 days in devotion. Its history as reported by the Tahsildar of Berhampore is as follows:-

About 3 Centuries ago the above Fakeer visited the Rattakanna hill

hill. One morning after cleaning his teeth with a stick he threw it away. The stick grew into a big tree. Finding no water to wash his face he struck the hill with his hand-stick and made an opening from which water came out. It is alleged that in commemoration of these events, the then Nabob had a dargah built at the place. Even to this day a small pond and a tree, the only one of its kind exist on the hill adjacent to the Mosque.

Dated 5 November 1895.

No. 5532 Miscr.

Read the following:

(1) Again Board's Proceedings no. 411, dated 27 September 1894.

(2) Following letter from C. H. Macaulay Esquire, Acting Collector of Chingleput, to the Secretary to the Commissioners of Land Revenue, Madras, dated 18 May 1895, No. 1575.

In reply to Board's Proceedings, No. 411, dated 27 September 1894, I have the honor to submit herewith a revised statement of endowments and payments made on account of Muselman Ceremonials in the form prescribed therein.

2

2. There are no caveatic encumbrants in land in this district.

And the following reference thereon dated 24th August 1895

On comparing the numbers of title deeds, quoted in column 6 of the statement received the letter read above, with those in the registers of title-deeds maintained in the Inam Commissioners office, the Board finds that the numbers quoted in the margin do not as shown against each relate to services connected with mahomedan religious institutions. The Collector of Chingleput is requested to explain how he came to include them in the statement.

Taluk	No. of Title deed	Description of Inam.
Tiruvallur	246	Devadayam Service Sampevarayaswami Pagoda.

(3) Also the following letter from C. H. Macaulay Esquire, Collector of Chingleput, to the Secretary to the Commissioners of Land Revenue, dated 30th September 1895 Dis. No. 3874 of 1895.

In reply to Board's Proceedings No. 310 Genl. Reg. dated 24 August I have the honor to state that the number of the title deed (246) in Tiruvallur Taluk is a mistake for 276.

2. The Nos. of the title deeds in Maduranthakam Taluk are correct but as the Inam lands to which these title deeds appertain belonged originally to the Chingleput Taluk the Inam registers of that Taluk will have to be referred to.

3. Title Deed No. 13 of Poonerí Taluk referred to, is not to be found in the list submitted from this office. There are only two institutions shown against

Cannanore taluk. One of them relates to Karimanal mosque and is covered by title Deed No. 861, the other relates to Irungid at Pulical for which a money allowance of Rs. 198-0-0 is being paid in shape of berij deductions - Vide items 9, 10, 11 and 12 of the list that accompanied Board's Proceedings No. 3049 dated 5 December 1881. It is not therefore possible for me to say to which of the institutions referred to in the list, the above little deed No. 13 belongs.

4. The statement received with the reference under reply is returned herewith.

Resolution

A statement showing the money payments and land endowments granted on account of Muselman ceremonials in the district of Chingleput is submitted to

to Government with reference to order dated 3-8-94 No. 541 Political. It comprises 27 cases of which eight relate to money payments only, 8 to both money payments and land Inams and the remaining 11 cases to purely land Inams.

1. Money payments - Nos. in the collector's list 5, 7, 9, 11, 14, 15, 18 & 20
2. Money payments & land Inams 1, 8, 10, 12, 16, 17, 19 & 21
3. Land Inams ... 2, 3, 4, 6, 13, 22, 23, 24, 25, 26 & 27.

2. Sifted as regards money payments:-

No. 5 - relates to a mosque which is partly in ruins and where no service is performed. As the allowance (Rs. 88 per annum) is to continue only so long as the service (E.G. sweeping, keeping light and reciting Azan*) is performed, it may be resumed as proposed by the collector after giving the holder six months' notice to revive the service.

* call for prayer

No. 7 - (Rs. 41-13-10) - relates to a Durga or tomb and is classed as Mustahab; the collector therefore -

recommends the resumption of the allowance. This may be given effect to from the next year.

The remaining six cases viz. Nos. 9, 11, 14, 15, 18 and 20 relate to mosques in which the prescribed services are kept up and the collector recommends that the allowances may be continued. The Board supports the collector's proposal.

3. Secondly, as regards grants partly in money and partly in land.

No. 12 - The money allowance of Rs. 40 is utilized for lighting and sweeping a mosque and reading Namaz and may therefore be continued. As regards the inam land it is reported that the holder has mortgaged it and that the duties of Katceb are not

performed. The collector recommendation that the Inam should be resumed after due notice to the holder to redeem the land and keep up the prescribed service, may be approved. Nos. 19 and 21 - relate to a Durga and Dumb. The money allowances in both the cases may be resumed as recommended by the collector with effect from the next year, such portion of the allowances as the grantees enjoy for their personal maintenance being continued to them for their lives. The Inam lands cannot be resumed as they have been confirmed by the Inam commissioner, subject to the condition of service which is apparently still

kept up.

The remaining six cases viz 1, 8, 10, 16 and 17 relate to mosques and the prescribed services are duly performed. The Board agrees with the collector that the endowments in these cases need not be disturbed.

4. Thirdly, as regards land endowments:—

In cases Nos. 2, 3, 23, 24, 25, 26 and 27, the prescribed services are performed and the Inams cannot, under the terms of the Inam title deeds be resumed.

cases Nos. 4 and 6 relate to mosques wherein the prescribed services are not performed. The Inams may be resumed as recommended by the collector after giving an opportunity to the holders to revive the services.

title deed no. 861 quoted against

against no. 13 relates to Selvaraman pagoda and not to the mosque at Karimanal. The collector is requested to quote the correct number of the title-deed.

In case no. 22 relating to a mosque and a Durga, it is reported that portions of the Inam lands have been alienated and that the service is not properly rendered. The collector recommends the resumption of the alienated portions. This may be done after affording the Inamdar an opportunity to redeem them and to perform the prescribed services.

5. There are no Carnatic endowments in the shape of land in this district.

True.

In the list of Muzumlman ceremonial allowances (proof of which is herewith forwarded) the Collector of Bellary recommends that the wages of persons who recite prayers; of Koran readers and other servants attached to tombs should be continued as life grants to the present recipients. A reference to G.O. No 374 Pol. dt 18th June 1892 shows that this recommendation is inconsistent with the principles therein laid down. Fro

of which are there given, it will be seen that the allowances drawn by the Suptds. of the tombs alone were continued as life grants, while those attached to Korah renders & other servants were resumed. Accordingly all the allowances paid to individuals shown against (most of the) items of the accompanying proof from 16 to 41 should be resumed. But as it is apprehended that injustice may be done by deciding on the present details, which do not appear to be correctly given, and as there may be Suptds attached to some at least of these tombs to show portions of the allowances have practically become pensions, the Collector is requested to ascertain & report at a very early date how far this surmise is

Proceedings of the Board of Revenue

Dated 10th March —1896,

No 1181 Mis

READ the following letter from W. A. Willock Esquire, Collector of Vizagapatam District, dated 15th January 1896 Dis No. 41 to the Secretary to the Commissioner of Land Revenue, Madras.

Adverting to Board's Proceedings No 411 dated 27th September 1894, I have the honor to submit herewith a Statement in the form therein prescribed of the endowments in land granted and continued to the present day for Mussalman ceremonials in this District.

Gp. 405/23-10-94

Resolution

The revised Statement of endowments in land granted for Mussalman ceremonials in the Vizagapatam District will be submitted for the orders of Government with reference to para 4 of Government Order 541 Pol. dated 3.8.94 and para 3 of Board's Proceedings No 411 dated 27.9.94.

R/P 405/23-10-94

2. The Statement comprises 19 cases and the endowments

Endowments in all of them excepting item 19 (Kasimkota Mansfid) have been confirmed by the Inam Commissioner subject to conditions of Service. In cases Nos 3 to 8, 10 to 14 and 16, the Collector states that the prescribed Services are duly performed and that the Inams should therefore not be interfered with. In this view the Board concurs.

3. In regard to case No 1, the Collector states that though Service is continued, a large proportion of the annual income is appropriated for purposes other than those originally intended. He therefore recommends that a notice be issued to the Inamdars warning them against the misappropriation. This may be done. In cases Nos 2, 9, 15 17 & 18 the Inams are proposed to be resumed for the following reasons.

No	Nature of institution	Reasons for recommending resumption
2.	Dargah	A moiety of the income is appropriated to purposes not specified in the grant
9	Do	The Inam has been mortgaged with possession and only a portion of the amount paid by the mortgagee is spent on actual Service.
15	Pirlu (Ravija)	The Services are paid for from Subscriptions and the Inam is enjoyed by a person who renders no Service.
17	Do	The bulk of the Inam has been alienated by sale or mortgage, though the Service is maintained.
18	4 Dargas	Covered by 4 title deeds

The Services do not fall under any of the three classes specified by Government, viz. Sarvajit & Sarmat.

The Board sees no objection to the Inam in case No 18 being resumed as proposed by the Collector. In the other cases it appears from the entries and remarks in cols. 10 & 12 of the statement that the prescribed services have been kept up though partially. The Collector may be asked to warn the Inamdars that the Inams will be resumed if the conditions of the grant are not duly fulfilled.

There remains Case No 19, the last in the Collector's statement. The Inam in this case is situated in Kasimkota and consists merely of a share in the produce of certain undefined lands which are intermixed with an equal extent of Jeroyati lands. At the time of the Inam Settlement, the Inamdars prayed for the separation and confirmation of their share of the lands, but this was not done owing to the objection raised by the proprietors and the Inam was not therefore dealt with by the Inam Commissioner. The Collector states that no service is rendered and recommends that the lands be made over entirely to the Estate, a corresponding addition being made to the pishcush. The Collector will be requested to submit definite proposals to this end.

Proceedings of the Board of Revenue

(Land Revenue),

Dated 1st April 1896,
No. 1519 Mis.

the following letter from A. C. Tate Esquire, Ag. Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, Ref Current No. 992/Emg of 94. dated 13 November 1895.

With reference to para 3 of Board's Proceedings dated 27 September 1894, No. 411 L.R., I have the honor to submit a revised list of Musalman ceremonials of this district.

2. The particulars in columns 4 and 5 of the statement against the cases of Pulivendla and Tammalmadugu Taluks are omitted, as the Deputy Collector of Tammalmadugu Division has not yet furnished the information. On receipt of the information from the Deputy Collector, it will be reported

reported to Board.

Read also the following letter from A. C. Tate Esqr. Acting Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, Dis. No. 1562/Emg. of 95, dated 4th December 1895.

As promised in para 2 of my letter, Reference on Current No. 992/Emg. of 1894, dated the 13th November 1895, I have the honor to enclose a list giving particulars for columns 4 and 5 of the statement against the cases of Tammalamadugu and Pulivendla Taluks, for insertion in the statement forwarded with the said letter.

Resolution

Submitted to Government with reference to its order No. 374 Political 18-6-92.

2. The Collectors list contains 250 cases, of which (a) 49 relate to money payments, (b) 9 to money payments and land Inams and (c) the remaining 192 solely to land Inams.

3. Ready money payments.

Seventeen of these cases (11⊗ falling under class (a) and 6⊗ under class b) relate to Services of a temporary character. The Collector recommends that the allowances in these cases be resumed, the payments in Nos. 25, 60, 120 and 176 being, however

⊗ Nos. 37, 38, 60, 119, 120, 213, 215, 216, 218, 221 and 222

⊗ Nos. 25, 176, 201, 208, 209 & 210.

⊗ Maintenance of the Panjas or insignia used during the celebration of the Moharrum.

however, continued during the lives of the present holders. The Board supports the proposed resumptions but, in the absence of information in the Collectors statement as to what portion of the allowances in the above four cases has been enjoyed for the personal benefit of the holders, it is unable to support the Collectors recommendation to continue the entire allowances during the lives of the present holders.

In case No. 217 the allowance is said to have been already discontinued under the Collectors order of February 1893 owing to cessation of Service.

In case No. 99, the Collector proposes a reduction in the allowance from Rs. 83-13-5 to Rs. 40 a year for the reason that the former amount is far in excess of requirements. As, however, the Services fall under the class of Wajib, no interference seems called for.

The remaining cases of money payments relate to Mosques and the Collector proposes to continue them. The Board see no objection to this being done so long as the services continue to be duly performed.

4. Land Inams. The Collector recommends resumption of the Inams granted to Peer⊗ and Tomb Services, irrespective whether the Services are rendered or not title deeds have been issued confirming

In

...st a condition of service, the Board considers that they cannot be interfered with so long as the services continue to be performed. When the conditions of the grant are violated, the Collector should be guided by the instructions contained in para 2 of Standing Order No. 117 (new Edition).

The following cases, however, require notice:-

Item No. 43 It is observed that this Inam has already been resumed for failure to render the prescribed Service.

Item No. 197 The Masjid is in a deserted condition. The Inam lands have been sold and no Services are rendered. The Inam may therefore be resumed.

Item No. 180 The proceeds of the Inam are not utilized for the Masjid to which the Inam relates. The Collector proposes to resume it after ascertaining the wishes of the Mahomedan Committee. This may be done.

Item No. 187 Columns 6 and 7 have been left blank. The omission should be supplied.

Items Nos. 184 & 195 The Masjids in these ...s are in ruins and steps are said to have ...n taken for their reconstruction. If the ...ices are not revived within a speci... time, the Inams should be resumed.

Item No. 212. It is not clear whether a title deed has been issued in this case.

case. The Collector is requested to report on the point.

5. On comparing the Collectors list with the quit rent Registers maintained in the Inam Commissioners' Office, the variations shown in the statement appended are noticed. These should be explained.

BOARD'S GEN. REG. No. 1167 OF LAND REVENUE.

From

J. Stokes Esquire,

Collector & District Magistrate,

TANJORE.

To

The Secretary to the Commissioners of Land Revenue,

MADRAS.

Sir,

Ep 4059. 23-10-94

With reference to Board's Proceedings No 2411 dated 27 September Land Revenue requesting to submit a revised return regarding Endowments and payments made on account of Mussulman Ceremonials, I have the honour to forward herewith a Statement in the form therein prescribed showing the Mahommadan institutions in this District for which Grants have been made.

2. Careful Enquiries have been instituted regarding these institutions and the Statement has been prepared on the lines indicated by the Board and furnishes all the information as far as is available. The institutions seem to be of a purely religious or Charitable nature and the payments or Endowments mad

all assignments of lands which in many Cases
income sufficient to defray lighting, sweeping
necessary charges. The records of the institutions
canty, it has not been found possible to ascertain
the origin or object of these Grants. On a reference to the
Registers in the Huzur, it is found that these Grants
cacable from the Pannash and Inam Chittahs of
os 1215, 1216, 1225, 1238 &c; and their object is stated
e Inam Registers to be simply to
r support of the institutions themselves. These might
obably have been granted by the ancient Râjâhs as in
eral Cases the Grants appear to have been confirmed by
s Highness Prataps Singh, the late Râjâh of Tanjore.
Further, the Grants have been dealt with by the Inam
Commissioner and Confirmed tax-free or subject to
w annual Quit-rent and title-deeds have been issued.
These Inam Registers give no clue whatever to find out
hether the Grants have been made for Mustahak or
meritorious

meritorious services and from Enquiries also, no additional
information has been gathered.

3. The Deputy Collectors of Mannargudi and Pattukkottai
Divisions state that the Grants in their divisions should
continue, while the Head Assistant Collector and
the Deputy Collector, Tanjore Division, recommend their
resumption only in those Cases in which the services
are not kept up, or are merely of a temporary character.

The Sub Collector reports that most of the institutions
are insignificant ones, that in many Cases they
consist simply of Jakkiya building, that lighting them
is the only charge incurred, and that he cannot rely
on the classification of these Grants given by the Tahsil-
dars under the heads adverted to in para 4 of
Government Order No. 374 Political dated 18 June
1892 Communicated in Board's Proceedings No. 412
dated 9 August 1892, Land Revenue. He explains
305-2
30-6-92
that

182

that it is impossible to find out precisely the object of the Grants as title-deeds are not generally available and is of opinion that the object of the Grants for the support of Jakkiyas is not mustahab. I Concur with him in these remarks.

4. Inasmuch as all these Endowments of Lands have Come under the Inam Settlement and Confirmed by Title-deeds, the Continuance of the Grants seems Equitable so long as the institutions are efficiently maintained. In Cases in which resumption has been recommended, the Divisional Officers have been requested to give notice to the Managers of the institutions where necessary, for reviving the services on pain of resumption. No Carnatic Endowments are reported to Exist in this District.

I have the honour to be
Sir,
Your most obedient servant

2. All districts have not ~~yet~~ as yet sent in their reports, in spite of several reminders to the Board. Those received up to date are submitted to His Excellency the Governor for orders in the accompanying proof with the suggestions in column 10. It will take some time longer for the remaining reports to come in and for their being printed and checked after receipt. It is considered advisable therefore to submit the papers in hand to His Excellency in view to his being able to record his views before he leaves the Presidency. Several points are raised in the present papers and if these are settled the treatment of the remaining districts should not be a matter of much difficulty as it is unlikely that any new points will arise in them. In any case it is submitted that the resumption of allowances should, in fairness, take effect from the same date throughout the Presidency.

3. In accordance with the principles laid down in the order of 1892, allowances granted for ceremonies which are acts of obligation involving sin by non-performance are to be considered permanent, whilst those for acts which are voluntary being merely meritorious or supererogatory (deserving neither praise nor blame) are to be treated as temporary. Of the three cases dealt with in 1892 two relate to tombs and one to the exhibition of the Asar-i-sharif or relics. They were all considered temporary and the allowances

In cases in which the grants are glad to have him confirmed under the Inam settlement, no disturbance of that settlement can, I think, be effected. Many grants can, no doubt, be resumed at any time. Under the plea of bereavement is a different matter. I am not in favour of your pursuing such an enquiry as it seems to be contemplated - the cases must come up for consideration on each occasion & the service if the right grantee, I think, then to consider in each case whether any change should be made - In cases in which the

9

grants are silent on the continuance of the service I would not enquire too closely whether the service is compulsory or not provided without sin - If it would suffice that the service is actually rendered with efficiency. But where the service is rendered with efficiency - where, for instance, tombs are maintained in a thoroughly good condition - and the Grant has been utilised mainly for the maintenance of the recipient & others, I would resume - Each case should be treated on its own merits -

A great deal in this country with which religious or quasi-religious grants are bound up, we shall be logically driven to point to all the Hindu temple tasdiks - that would not do - we should raise a agitation of a most formidable character

JB
17/3/10

No grant at resumption need be ordered. The cases of many grants will come up from time to time We could not resume Inams for wh we have given title deeds guaranteeing the Inam as long as the service is performed. It would be unjust to order re-

28 189

resumed, except that, in the case of the tombs, such portions of the allowances as had became pensions to the Superintendents were continued for their lives. The recommendations in column 10 of the accompanying proof follow these lines.

4. As regards allowances attached to mosques, which are found scattered throughout the proof, it is submitted that they cannot be tested by the principles laid down in the order of 1892, inasmuch as the allowances contemplated by it are those granted for the performance of ceremonies which affect the individual in the manner noted in the preceding para. Mosque allowances are of the nature of permanent endowments attached to the institutions themselves and should, it is submitted, be left untouched.

5. In the case of inams which have been granted on condition of service and confirmed by the Inam Commissioner, the Board of Revenue considers that no action should be taken so long as the conditions of service are fulfilled. But it is to be observed that money allowances have also been granted on condition of services, and it has been distinctly laid down in para. 5 of the test order (vide also para. 8 of the note on p. 310 of the book file) the Govt. is bound in every case to enquire into the object of a payment, whether it is made in the shape of money or of land, and to resume or continue it according as the

object is temporary or permanent. Inams have accordingly not been specially exempted in the proposals in the proof.

6. Attention is solicited to the remarks of Messrs. Sewell and Tremenhere against item 1 on page 8 of the proof and to the list of beriz deductions on account of religious institutions given in G.O. No.436,Rev.,dated 28th April 1882. This list shows that the allowances attached to Muhammadan institutions are small in comparison with those attached to Hindu pagodas. If a searching enquiry is to be made in one case and not in the other there will, it is feared, be general dissatisfaction amongst the Mussalman Community.

7. In those cases where the allowances are not to be ~~rental~~ continued for life and in which ~~immediate~~ resumption has been recommended, it is submitted that the orders for resumption may have effect from the end of the current calendar year.(vide paras. 8 and 10 of G.O.No.374 Pol.,dated 18th June 1892 which dealt with similar cases).

unnecessary one and resume the Inams but if Govt. can interfere and resume money grants why should it not also resume lands? The only difference between the two sets of cases is that with the money grants there was no supposing a no order or deed - conferring tenure whereas in the case of the Inams land there was. It is to be said however that if the nature of the service for which Inams pertained to be resumed, was touched at the time of Inam Settlement it had been seen in the light that obtained when the G.O. of 1892 was written that the Inams would probably have been resumed.

The view expressed in para 4 of the note seems correct.

If what is there said is accepted there will be large resumptions of land and money and very much discontent.

Both if resumptions are ordered it seems

but first they they should be the same

The Prince of Arcot has an ample income
: why should the State pay for the
maintenance of the tombs of his family?
The Prince if forced to find funds himself
would very soon cut down establishments
& expenses generally. The annual
sum keeps Embroiled is sometimes more
by nearly Rs 5000 p. annum than
the upkeep of the tombs of the Nawabs of
the Carnatic alone and much more
on the whole for the maintenance &
of the tombs of much smaller fry.
It is submitted that if exemptions
is where recommended made, the
Prince of Arcot's case should form
no exception.
There is the case at page 6 of the note
the Off which is doubtful. This is No. 2: recently
to what is proposed elsewhere this should
I think be removed. The Collr. and
Bd. seems inclined to make this
a special case as the people
concerned are not Hindus. If this
is accepted the case will be very

What is said by Messrs: Linnell and Nambiar
is probably correct: but the case
Cases
seem distinct no doubt elsewhere and
it will certainly be very difficult
to draw the line between tombs that
ought for the maintenance of which
are to be retained and those where
they are to be extinguished.
The Office note in para 6 refers to
a point which if it had been considered
- or rather noticed - when the GO of
1892 was in process of evolution might
possibly have led to the matter with
which that order deals being dropped.
To deal with the Jaedik allowances
of Rajahs &c will be a large and

difficult task and will be the source of real dissatisfaction though doubtless of some gain to the State.

If the 'resumption of all grants for services connected with tombs and religious ceremonies at which animal sacrifices are offered' is carried out in the case of Mussalmans it is but just that the Hindus should be treated in the same way.

It seems a question whether it would not be the wisest thing to drop the matter altogether. It will cause very much discontent and endless trouble.

Against item 5 of page 31 of 'proof' the Board recommends resumption 'after giving the holders six months' notice' and the Ld remarks 'why not do this all through'. The orders in column 10 of the appendix to draft P.C. follow this course of giving notice, except that I have not specified six months but used the words 'a reasonable time' instead as this would leave it to the discretion of Collectors to specify the time according to individual cases. Some inams may be so neglected as to require six months or more for restoration, while it may be easy to restore others in a month or two.

Order—No. Political, dated ~~May~~ 1896.

In G.O., No. 374, Political, dated 18th June 1892, the Government laid down certain principles for the treatment of Mussalman ceremonial allowances. Three cases were then dealt with, and the Board of Revenue and the Paymaster, Carnatic Stipends, were requested to report on such others as existed. ~~But~~ In order to secure uniformity in the treatment of the different allowances, it was considered advisable to deal with all endowments at the same time, and a tabular form in which ~~they~~ should be ~~reported by Collectors and the Board~~ was prescribed in G.O., Mis. No. 541, Political, dated 3rd August 1894. The reports from all districts have not ~~been received~~; but on a review of those received and on a reconsideration of the subject, the Government resolves to forego all further enquiries into the nature of the services on account of which the ceremonial allowances have been made. ~~No further reports of the general nature called for~~ which are still due need be submitted to Government, but individual cases in which the services have ceased to be performed, or are not rendered with efficiency, where, for instance, tombs are not maintained in a thoroughly good condition and the grant has been utilized merely for the maintenance of the recipient ~~and others~~, should be submitted for the orders of Government.

2. Government agrees with the Board in considering that inams for which title-deeds have been granted cannot be resumed so long as the conditions of service are fulfilled. In the case of money allowances each case should be reported to Government on the demise of the present grantees.

3. The present enquiry has, however, shown that ~~no~~ services are performed in some cases, while the conditions of the grant are not properly fulfilled ~~in others~~. They will ~~accordingly~~ be dealt with as shown in column 10 of the appendix to these proceedings.

The ancestors of the present Inamdar appear to have drawn an allowance from the Nabob of the Carnatic and Tippoo Sultan for the support of the mosque and establishment at Koilandi. But the allowance subsequently ceased for some time. On a representation made however by the present Inamdar's father, the British Government were pleased to sanction a yearly grant of 1800 Rupees for the maintenance of the Institution (vide Extract Minutes of Consultation dated 29th February 1828). This money allowance was afterwards in 1848 at the recommendation of the then Collector Mr. Conolly stopped and in lieu thereof certain Government Sockrat lands of which these are portion yielding an annual income of Rs. 1800 were made over to the Inamdar (vide T.P. of 20. Nov. 1848)

They are confirmed to the present Inamdar for the purposes of the Inam as long as he continues loyal.

It was deemed expedient to fix a certain Revenue corresponding with reference to a certain area as per margin and continue that amount as the Inam. It has been agreed with the present Inamdar accordingly that about 16 acres of land be assessed at the rate of 5 Rupees the acre and that their Revenue be taken as representing the Inam hereafter. NELLORE COLLECTOR'S OFFICE.

No. 3492 / Acc.

12th November 1895

From K. C. Manavedan Raja Esquire

Collector of Nellore.

To the Secretary to the Board of Revenue,
Land Revenue, Madras.

Sir,

I have the honour to forward herewith the revised statement called for in Proceedings dated 27th September 1894, No 411 in the form supplied by Government. Except those lapsed, it shows completely the ceremonial money allowances printed in Proceedings dated 20th July 1878, No 2028. It includes also endowment in land, but as I am not satisfied that the list is complete in this respect, I shall submit a supplemental statement at an early date on receipt of further particulars which I have called for. There are no Carnatic endowments in land in this District.

2. Following the statement which accompanied Dr. Macleane's letter No 2442 / Revenue dated 2nd October 1893, the present statement

[illegible] 7-5-95.]

330

statement includes only Yeomiahs
(money allowances) for Ausar and
Darga services and for native education
(Bd. Pro. Dated 20 July 1878 No. 2028).
But as I felt doubt whether allowance
granted for oil for mosques and for
services in them should not be passed
under review, I have called for
reports, and will furnish a supplemental
statement if the Board considers
it necessary.

I have the honour &c,

Sir,

Your most obedient &c

D Lisle Shaw

Dy Collector.

Proceedings of the Board of Revenue

(Land Revenue),

Dated 6th. March 1896,

No. 1123 Mis.

READ letter from the Collector of Nellore, No. 3492/dec, dated 12th. November 1895.

Resolution.

The revised list of allowances granted on account of Mussulman ceremonials in the district of Nellore received with the Collector's letter read above will be submitted for the orders of Government with reference to its order No. 541 Pol: dated 3-8-94.

2. The list comprises 27 cases of which 19 ⊛ relate to money payments only. 2 ⁂ to money payments and land Inams and the remaining 6 * to purely land Inams.

3. First as regards money payments Seven of these cases (nos. 13 & 16, 22, 26 & 27) relate to the maintenance of schools intended for teaching the koran to mahomedan boys. In regard to one of them (no. 13) it will be seen from G. O. Mis. No. 3851 Rev: dated 23-9-95 that Government has recently declined to continue the allowance on the death of the last holder. The Board recommends that the same procedure may be followed in the other cases.

The remaining cases, as also the ready money payments in cases nos. 18 and 19, relate to objects of a temporary

⁂ No. 18 & 19.

temporary order and the Collector recommends that the allowances may be discontinued on the death of the present holders. The Board considers that such portions of the allowances as are spent on ceremonies may be resumed at once, and that such as are appropriated for the maintenance of the holders may be continued for their lives only, after which these may also be absolutely resumed.

4 As regards land endowments there is no ground for interference in any of the cases as the services prescribed in the Inam Commissioners' Title deeds appear to be duly performed. It is observed that in case No. 17 the Inam though classed as "religious" has been confirmed only for the life of Mulla Khader Moideen one of the parties named in Column 4 of the statement and that in case No. 28 the Inam has been confirmed as "Dharmadayam" or Charitable grant.

5. The Collector is requested to expedite the submission of the Supplemental list promised in para 2 of his letter. His attention will in this connection be drawn to the statement of heirs deductions appended to B.P. 3049 dated 5-12-81 disposed of in G.O. No. 436 Rev: dated 28-4-82.

6. There are no Carnatic endowments in land in the District.
