Order—No. 354, Political, dated 4th June 1896.

In G.O., No. 374, Political, dated 18th June 1892, the Government laid down certain principles for the treatment of Mussalman ceremonial allowances. Three cases were then dealt with, and the Board of Revenue and the Paymaster, Carnatic Stipends, were requested to report on such others as existed. In order to secure uniformity in the treatment of the different allowances, it was considered advisable to deal with all endowments at the same time, and a tabular form in which particulars regarding them should be submitted was prescribed in G.O., Mis. No. 541, Political, dated 3rd August 1894. The reports from all districts have not reached Government; but on a review of those received and on a reconsideration of the subject, His Excellency the Governor in Council resolves to forego all further general enquiries into the nature of the services on account of which the ceremonial allowances have been made. The reports which are still due need not now be forwarded to Government, but individual cases in which the services have ceased to be performed or are not rendered with efficiency—*e.g.*, where a tomb is not maintained in a thoroughly good condition and the grant has been utilized merely for the maintenance of the recipient—should be submitted for orders.

2. The Government agrees with the Board in considering that inams for which title-deeds have been granted cannot be resumed so long as the conditions of service are fulfilled. In the case of money allowances, each case should be reported to Government on the demise of the present grantee.

3. The present enquiry has, however, shown that in some cases services are not performed, whilst in others the conditions of the grant are not properly fulfilled. These cases will be dealt with as shown in column 10 of the appendix to these proceedings.

4. It is observed that the Collector of Tanjore has taken action as regards the inams in that district the conditions of the grant of which have been violated. No more than six months' time in which to carry out the orders should be allowed.
