No. 2518-I. A.

FROM

THE SECRETARY TO THE GOVERNMENT OF INDIA,

To

THE CHIEF SECRETARY TO THE GOVERNMENT OF FORT ST. GEORGE.

CHIEF SECRETARY
10 AUG 1896
GOVERNMENT OF MADRAS

Dated Simla, the 8th August 1896.

FOREIGN DEPT. SIR,

I AM directed to acknowledge the receipt of your letter No. 164-P., dated the 7th March 1896, forwarding a draft of a mining lease which the Sandur State proposes to grant to Messrs. Holmes and Bakewell.

2. Since the parties desire it, the Government of India will not object to the inclusion of exploring, prospecting and mining rights in one instrument though such a course is unusual. But they doubt the advisability of the proposal to assign to the lessees nearly the whole of the Sandur State, with the exception of 62½ square miles of forest lands already leased to Government. In British India such rights are only granted for limited areas and the same principle has, it is understood,* hitherto guided the Sandur State. The total area of the Sandur State is given in the schedule to the draft lease as about 140 square miles and probably the area of about 80 square miles, which the lease would cover, is not too large for one company to work. But a proprietor who grants such leases is in a position to benefit if when the productiveness of the tract has been established he still has a portion of his estate at his disposal. Although it is not necessary to insist on any alteration of the lease on this point the Raja may be advised to consider whether it might not be advantageous to so restrict the original concession as to retain, in regard to the remainder of the State, the advantage of the prospecting undertaken by his lessees.

* *Vide* your letter No. 183 Political, dated the 14th March 1896.

3. The royalty to be paid to the Raja has been fixed at a fairly equitable rate, but the provision that all mines and workings throughout the State shall be treated as one concern, for the purpose of calculation of royalty, is open to grave objection. For instance, as the draft now stands, if the lessees were to find metalliferous indications in certain spots and to sublet their concession as regards those areas to several companies, then, should one company yield large profits, the lessees would get their share; but, for the calculation of royalty, they would be entitled to set off against this any losses of the remaining companies, although they would not actually bear any portion of such losses. The Government of India are accordingly of opinion that each assignment or sublease, and perhaps each working, should be treated separately, after allowing in every case a rateable share of the cost of prospecting the whole grant.

4. The draft lease permits to the lessees unlimited powers of assignment. In view of the general policy of the Government of India regarding the employment of European capital in Native States, this portion of the scheme cannot be approved. Some check is, in the opinion of the Governor-General in Council, absolutely essential; and the Government of India, having accepted the responsibility of advising in all such matters at the commencement of a contract, are of opinion that they should also have an opportunity of considering such variations of the original terms as would necessarily arise through the grant of sub-leases. The lease should therefore contain a clause to the effect that no sub-lease may be granted without the Raja's sanction, and it should be understood that any proposals for such sub-leases will be submitted for the consideration of the Government of India. Again Clause 15 of the draft lease apparently entails on the lessees no engagement to pay to the Raja as part of their "profits" a share in any premium or rent they might obtain from any assignment or sub-lease. Also, it is apparently open to the assignees, or sub-lessees, to deduct, before handing over any share of the profits, the premium or rent paid by them to the original lessees. An assignment or sub-lease might thus be so managed as to deprive the Raja of the return which he would have received, if no such assignment or sub-lease had been granted.

5. If the Governor in Council sees no objection, the Sandur State may be advised to modify the proposed concession in the light of the foregoing remarks, and a revised draft lease may in due course be forwarded to the Government of India. I am to request that all future cases of this kind may be accompanied by a full expression of the views of the Madras Government.

I have the honour to be,

SIR,

Your most obedient servant,

H. S. BARNES,

Offg. Secretary to the Government of India.

No. 2519-I.A.

A copy of the foregoing correspondence is forwarded to the Revenue and Agricultural Department for information.
