in Travancore and Cochin.

Sir,

Under the Periyar Lease executed by the British Government the first payment of the sum of British Rupees (40,000) forty thousand on account of rent for the first year commencing from the 10th October last, the day on which the waters of the Periyar river were diverted and made to flow into British territory falls due on the 10th October next. I request you will be good enough to inform me whether I may arrange for the same being deducted from the part tribute payable in that month.

2. I shall also be obliged by your kindly informing me whether any measurement has been taken of the area included within the

the 155 Contour line specified in the agreement after the completion of the works and if so to favor me with the results of such measurement. This information is required to determine what acreage rent if any is due this Government on land found in excess of the area of 8000 acres covered by the original agreement.
