

GOVERNMENT OF MADRAS.

POLITICAL DEPARTMENT.

READ—the following paper:—

Proceedings of the Board of Revenue (Land Revenue), No. 460, dated 10th December 1896.

Read—the following letter from G. W. DANCE, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue, dated Lakkai, 4th November 1896, Dis. No. 88:—

I have the honour to submit my report on the administration of the Laccadives and Minicoy for fasli 1305.

2. *Receipts.*—The total revenue from the islands including the Amindivi compensation of Rs. 5,250, but excluding the temporary loan of Rs. 2,500 taken from the Imperial treasury to meet the working expenditure incidental to the administration of the islands, aggregated Rs. 81,170-10-7 as against Rs. 56,580-12-5 during the previous year.

3. A statement showing the receipts from the several sources is given below:—

The import of coir during the year shows a decrease as compared with that of the four previous years and with the average for those years. The amount realized was higher owing to the disposal, before the close of the year, of the whole quantity received, as well as of the balance of stock. Sale by auction having proved a failure owing to strong combination, sale by tender was resorted to with successful results. As a rule coir is now sold within a short period after the consignment is received. Under this arrangement decrease in quantity due to dryage is minimised and the necessity for taking loans from Government and paying interest is avoided.

The prices obtained for the different classes of coir varied from Rs. 23 to Rupees 36-8-0 per candy during the year under report as against Rs. 20 to Rs. 36 during the preceding year. No first-class coir was sold. The receipts amounted to 1,177 candies 9 maunds and 15 lb. (exclusive of 21 candies 6 maunds and 1 lb. from Minicoy brought in part payment of the rice supplied to the Amindivi for sale) as against 1,312 candies and 22 lb. of the preceding year, showing a decrease of 134 candies 11 maunds and 7 lb. This, together with the balance of 1,030 candies and 17 maunds of the last year, gives a total quantity of 2,229 candies 12 maunds and 16 lb. during the year under report. Out of this only 1 candy 3 maunds and 12 lb. of the first-class coir remained unsold.

4. *Cowries.*—The total quantity of cowries imported during the year amounted to 7 candies 14 maunds and 15 lb. as against 20 candies 16 maunds and 26 lb. during the previous year. This article along with the other monopoly products of the islands—jaggery, cocoanuts and más—is generally sold by public auction, but as the bid fell far below the average price fetched during the last three years, it was held over for auction after the commencement of the fair season.

5. *Tortoise shell.*—No tortoise shell was imported during the fasli.

6. *Miscellaneous Revenue.*—The total collections under this head amounted to Rs. 12,679-10-10 as against Rs. 9,236-4-0 in the preceding year. The major portion of this is made up of items falling under the head “Sundries,” details of which are given below:—

8. Loans, aggregating Rs. 2,500, were taken from the Imperial treasury to meet the expenses connected with the administration of the islands. The outstanding loans of fasli 1304 were also paid with interest out of the sale-proceeds of the monopoly products of the fasli under report:—

Date of loan.	Amount of loan.	Amount of interest.	Total amount of repayment.	Date of repayment.
1st July 1895	Rs. 500	Rs. 5 9 4	Rs. 505 9 4	7th September 1895.

Total	5,500	38 9 4	5,538 9 4	

9. When the accounts were adjusted on the last day of the fasli, after liquidating the loans and paying the peishcush, it was found that there was a balance of Rs. 20,588-13-4 to the credit of the Raja. This amount included a sum of Rs. 153-10-0 erroneously placed under "Personal Deposit." The mistake has, however, been now rectified and the amount credited to the "Divi Personal Deposit." Thus the amount now held under deposit as per Board's Proceedings, Mis. No. 2018, dated 1st May 1896, is Rs. 20,435-3-4.

Resolution—No. 460, dated 10th December 1896.

The Board resolves to submit to Government the report of the Collector of Malabar on the administration of the Laccadive Islands during fasli 1305 (the twelve months ending 30th June 1896).

2. The islands were inspected by the Collector, Mr. J. Hewetson during the year under review and a report of his visit was submitted to Government, with Board's Proceedings, No. 166, dated 12th May 1896, and was disposed of in Government Order, No. 373, Political, dated 11th June 1896. The present report deals with the financial position of the islands. The receipts and charges of the year, compared with those of fasli 1304, were as follows:—

3. The ordinary receipts (Rs. 75,920) show an increase of Rs. 24,589 over those of the previous year owing chiefly to the sale of 2,228 candies of coir against 1,402 candies in fasli 1304. Almost the entire * stock on hand was disposed of, and this satisfactory result was brought about under the system commenced in the previous year of sale by tender instead of by auction. In reviewing the report for fasli 1304, the Board observed a fall in the average price per candy of coir obtained under the new system. The report under review shows a further † fall in the average price. But, as pointed out by the Collector, the system has its advantages, viz., prompt disposal, prevention of loss by dryage and the absence of necessity for taking advances from the Imperial treasury. The import of coir during the year was below the average for the previous four years (as shown in the margin ‡) owing chiefly to the import of only 268 candies from Androth against 418 candies in fasli 1304 and 392 candies, the average for the last four years. This has not been explained by the Collector who will now be requested to supply the omission. The island of Kavarathi, on the other hand, would appear to have almost recovered from the effects of the cyclone of 1891, the quantity (368 candies) imported from this island being slightly in excess of the average (345 candies). In fasli 1304, Rs. 1,353 were realized by the sale of mas. The total absence of receipts under this head during the year under consideration requires explanation. Under "receipts other than ordinary," the full Amindivi compensation of Rs. 5,250 has been credited, the portion to be credited to the arrears of peishush on the mainland being shown as an item of expenditure. Only the net amount due to the island administration should be shown in the island accounts in future.

4. The expenditure, exclusive of special payments, amounted to Rs. 44,893, or to Rs. 450 less than in the previous year. The variations under the detailed items call for no special remarks.

5. The remark in the concluding paragraph of the Collector's report regarding the adjustment of a sum of Rs. 153-10-0 is not understood. The Collector will be requested to explain the adjustment clearly. Subject to the above adjustment, the year's transactions showed a surplus of Rs. 20,435-3-4 which, together with the surplus of Rs. 16,943-15-4 at the end of fasli 1304, raises the surplus at the credit of the island administration to Rs. 37,379-2-8.

6. The question regarding the system of administration and the laws to be introduced into the islands as a preliminary to their restoration to Sultan Ali Raja is now under the Board's consideration and a special report will be submitted to Government shortly.
