SUBJECT.

Recommends the continuation of Rs.
to Munkhnamda Munkhnaa Hunsuon,
of his mother's lapsed stipend of Rs. 40
as his life is pronounced bad, suggests
for the consideration of Govt. if the stipend
may be commuted according to the
class of his life at a lower rate of annuity.

2

The Chief Secretary to Government,
Fort Saint George.

Sir,

I have the honor to report the demise on the 12th of February 1897, of Carnatic stipendiary No. 160. Ammat-ul-Khadija Begam, who was in receipt of a monthly stipend of Rs 15. by G. No. 6. 13th December 1891. The deceased leaves a Shadi son named Mohommad Mustufa Husain, aged about 40 years, and as the stipend enjoyed by her is returned continuable in appendix E. to G. O. No. 359 dated - 22nd May 1885 "Political", I beg to recommend the continuation of Rs 10 per mensem being two-thirds of the lasted stipend to her son Mohommad Mustufa Husain with effect from 13th February 1897 to be paid in the shape of monthly stipend, his prospects of longevity having been pronounced bad by the Medical Officer in charge of the 4th District. vide certificate herewith enclosed.

2. This recommendation is made in accordance with the practice that has hitherto, I believe prevailed; but I take this opportunity of suggesting for the consideration of Government whether it would not be advisable

60

have two, if not three, scales of commutation pensions applicable to first second and third class lives. In the present case in the scale in force, the life is worth 10.087 years purchase, i.e., the pension might be commuted for Rs 1210. The life being bad, and the recommendation is, to continue the pension and not to commute it. But it seems to me that it would be better to commute it at a lower rate, say at 7 years' purchase for a lump sum of Rs 840. than to continue paying the pension. Any Insurance office would furnish the scales required for first, second or third class lives.

I have the honor to be

Sir

your most obedient servant

W. H. H. H.

SUBJECT.

Carnatic Stipends

FOR ORDERS.

The P.C.S. reports the death, on the 12th ultimo, of Ammat-ul-Khatija Begum, Carnatic Stipendiary No 160, in receipt of a monthly stipend of Rs 15.

[McMarsden quotes Enc. d. 13. X. 1831 as the authority for her pension. This is misleading as it makes no mention whatever of deceased but merely shows the pension of Afzur-ul-Nisa Begum as continued to her sons, the "Kazim Hudaib" ^{there} mentioned being apparently an error for "Kazim Meaw". From the papers put up it appears that Afzur-ul-Nisa Begum's pension of Rs 300 was continued to her three sons and two daughters, and that on the death of the eldest son Arbid Meaw, his share of

* page after P

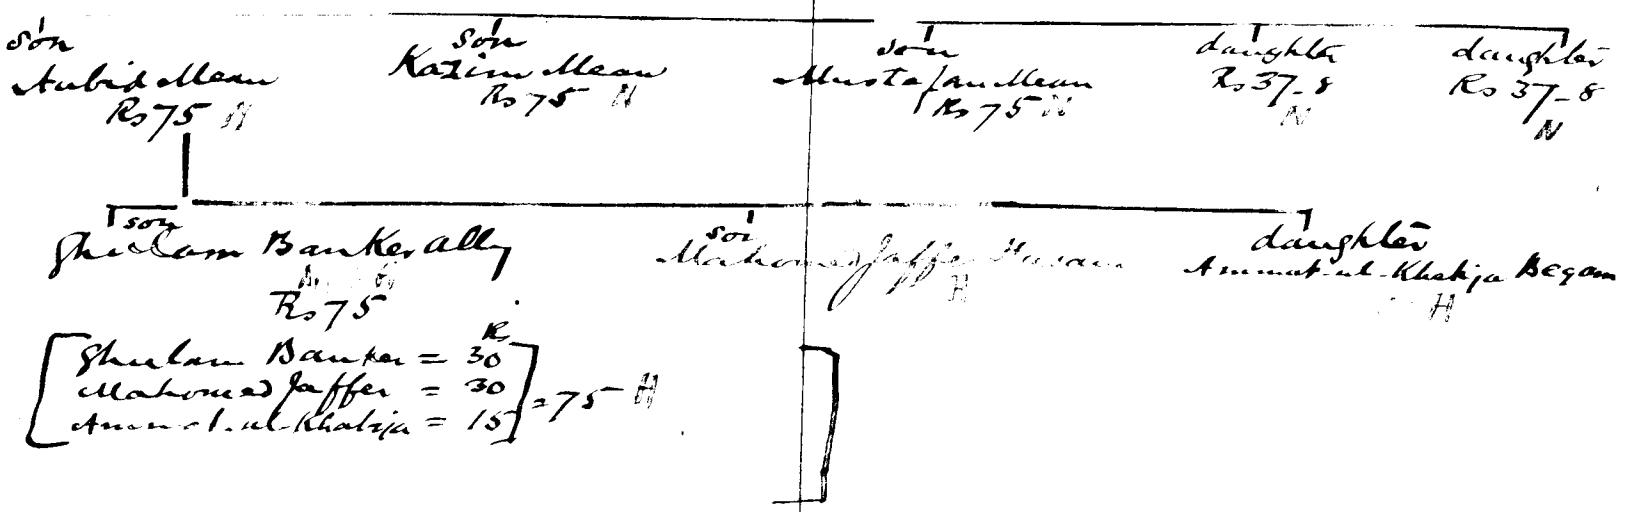

x vide 11. 1. 18

Enc N° 6 2/10-6-1808

Enc 4/10-18

of Rs 75 was continued in full
in the name of his eldest son
Shulau Banker Ally. From
the list at H it will be seen
that of this Rs 75 Annual
ul Khaliqa drew Rs 15.
Thus:

Shua-ul-Nisa Begam
Rs 300

As the pension is
marked continuous in
appendix E to go. 359 Pol
d/22-5-85, M' Marsden
recommends the continuance
of two-thirds of deceased's
stipend to her shadi son,
Muhammad Murthuga
Husain, with effect from
the 15th Febry 97, to be paid
in the shape of a monthly
stipend, his prospects of
longevity having been
pronounced

* being the usual portion of the
deceased stipend to the first life
i.e. Rs 10

Note as to the usual grant
please see note at A² which
explains that this rule as to
continuance of a moiety of
the pension only applies to
pensions of 1855. While those
of 1801 may be continued in
full, or otherwise at the discretion
of the Govt.

FOR ORDERS.

pronounced bad in
the health certificate
granted by the Surgeon
of the 4th District.

M' Marsden makes
the above proposal in
accordance with the
practice that has ^{by} ~~been~~ ^{been} obtained, but suggests
for the consideration of
Govt the advisability
of having "two, for the
scales of commutation
pensions applicable to
first, second and third
class lives"

"In the present case
by the scale in force the life
is worth 10.087 years of purchase
is the pension might be

* as he is stated in the health certificate
to be (by office estimate) about 40 years
old

commuted for Rs 1250. The life being bad, the recommendation is to continue the pension and not to commute it." But Mr Marsden thinks it would be better to commute the pension at a lower rate, say at 7 years' purchase, for a lump sum of Rs 840, than to continue it. He adds that any Insurance Office would furnish the required scales.

$$\begin{aligned}
 & \times 10.087 \times 10 \times 12 \\
 & = 121044 \\
 & = \text{in Rupees } \text{Rs. } 1210
 \end{aligned}$$

vide G.O. 452 Pol d/23.7.91

$$\times 18.7 \times 12 \times 10$$

The table for the calculation of Carnatic Stipendiaries is that given in G.O. 350 Pol d/5.5.1887 and was based on Mr. R. Hardy's Indian Life Table. Please see Mr. H. E. Stokes' note in the original report.

It will be seen from the note at in G.O. 837 Pol d/3.12.96 that sanction to commute a pension is to be conditional

medical certificate of sound health. Mr Marsden's present suggestions involve the modification of G.O. 452 Pol d/23.7.91. and a fresh basis of calculation in commuting pensions. The advantage to be gained is questionable. By commuting in the present case there will of course be one stipendiary less to look after.

Submitted that Mr. Marsden's suggestion for commuting the pensions even of 'bad' lives, is good as it carries out the wishes of Govt that such pensioners should be struck off the lists.

The number of applications for commutation is not however very large: it hardly seems necessary therefore to lay ~~down~~ ^{down} a scale for ^{the pensioners} ~~these~~ ^{eligible} ~~these~~ ^{these} applications for commutation who have been

get certificates of health.
 Submitted that each of these
 cases may be treated separately.
 The Paymaster might get such
 a scale, as he receives from
 an Insurance Company & on it
 base his recommendation on
 each individual case. If Govt.
 approved this sum proposed
 might be offered to the
 pensioners: if he accepted the
 commutation could take
 place.

Submitted that in this
 present case this an offer might
 be made to the Muhammad
 Hussain of Rs 840
 instead of a monthly pension
 of Rs 10.

AM. I agree in the recommendation
 28/3/97 with regard to the continuation

of 2/3rd of the pension but with in the
 suggestion of having a ^{commuted} sum set off table
 for 1st 2nd & 3rd class lives. The case in
 which commutation is refused on the ground
 of the brevity of a life case very few indeed
 and the gain - if any at all - by the adoption
 of his husband's proposal would be very small &
 not at all commensurate with the trouble and

waste of time that working it would cause
 I submit that it is better that things should be done
