Transfer to Foreign Service.

Communicating to the Revenue Department the sanction of the Government of India to the transfer to Cochin for one year on certain terms of the services of M.R.Ry. S. Swaminadha Aiyar Avargal, Deputy Collector, Malabar, for overhauling the accounts of the State; and requesting that that officer may be directed to report himself at Cochin as early as possible.

GOVERNMENT OF MADRAS.

POLITICAL DEPARTMENT.

Read—the following papers:—

From F. A. NICHOLSON, Esq., Acting Resident in Travancore and Cochin, to the Chief Secretary to Government, dated Camp, Peermaad, 21st April 1897, Ref. on C. No. 1115.

I have the honour to forward herewith, for the favourable consideration and orders of Government, copy of a letter, dated 29th ultimo, from the Diwan of Cochin bringing to notice the very unsatisfactory condition of the accounts of the State both in the Huzur and in the Taluk treasuries, and requesting that the services of a duly-qualified officer of the British service with a knowledge of Malayalam may be lent for a period of six months with a view to have the accounts of the past nine or ten years overhauled and placed on proper lines. The Diwan suggests that the services of M.R.Ry. S. Swaminadha Aiyar Avargal, at present Deputy Collector, Malabar, may, if possible, be lent and this suggestion has my support. So far as my knowledge of him in Chittoor goes, I entirely concur with the Diwan that he will be the right man. If he cannot be spared, then some equally competent officer with a knowledge of Malayalam will have to be selected. From all that I hear, however, six months will not be nearly sufficient for the task. The Government can fix the remuneration to be paid to the officer selected.

29th March 1897.

Dear Sir,

I much regret to have to bring to your notice the very unsatisfactory condition of the accounts of the State, both in the Huzur Cutcherry and in the several Taluk Offices. I am not speaking of the Revenue Accounts but of the Treasury accounts i.e those relating to Receipts and expenses. These are in a condition which calls for a thorough and instant audit by a really able man.

2. I ascertained from my Head Treasury that more than five lakhs of Rupees have been paid, without formal Cheques or payment orders, but on the strength of written orders from the Dewan which stated that Cheques will follow in due course. To give the history of the origin and growth of these written orders directing payment and promising issue of Cheques will serve no useful purpose now. The practice, originated, it seems, more than 16 years ago and was in the beginning applied to rare cases of urgency, but it has since been steadily growing ground, so that we have now a large amount of expenditure admittedly made as advances and liable to subsequent audit. Then again several payments have been made on Cheques which were avowedly issued before submission of detailed accounts, and it is impossible to ascertain if these payments have been accounted for. These latter are

not included in the two lakhs, I have already mentioned. That is the Condition of the Head Treasury. It is impossible as matters stand at present to ascertain with accuracy the state of the accounts in the Taluk Treasuries. It is admitted that advances have been made from them similar to those from the Head Treasury; but it is apprehended that the figures received from them are not quite reliable. Roughly the advances outstanding and avowedly requiring and it amount to about not less than five lakhs of Rupees. Then again it is quite probable that several of the items of expenditure which are now thought to be all right well if audited be found to be defective.

3. Then again the system of the Treasury accounts and transactions is such that I every day run the danger of double payments. Only the other day, I came across an instance of it, and the men Concerned have been suspended by me. There is a general impression that several such payments have occurred, and would come to light on a detailed audit.

4. I beg therefore earnestly to suggest that an officer who has had good experience of account work be obtained for a period of six months from the British Service to overhaul the accounts for the last 9 or 10 years, and put them on the proper lines. I ask for a Special officer, because with my heavy current work it is impossible for me to attend to the audit of the old accounts.

5. After the Nilgiris Cutcherry, the accounts of the several Spending Departments have to be audited. In British Territory, no Department is exempt from Audit: here the Converse is the rule, for no Department is subject to any audit. The result has been that the State has had recurring defalcations. Now, I have three on my hands:- one is a defalcation in the Trichur Taluk Court for about Rs 9,000 and odd for which the Judge disclaim responsibility, which they throw upon worthless subordinates; then there is a defalcation in the Angikaimal Taluk Court which, so far as it has gone, shows a loss of more than Rs 7,000 and then the Forest defalcation, the papers in regard to which you saw the other day. These are pending defalcatin Cases. If the loss to the State in all the defalcations which have occurred within the last 15 or 20 years be calculated, I believe it will come to a heavy sum. Nor is this to be wondered at. With a defective System of account keeping and the absence of any audit, I should be surprised, if there had been no defalcation and probably for every one of those which has come to light there are others, which have not Come to light. I think it therefore worthwhile, to Spend a few thousand Rupees and get the whole thing overhauled and satisfy ourselves how matters stand.

6.

Note

6. The Officer Chosen must not only be able and up to the work, but if possible Know had to read and write Malayalam as all our accounts are in that language. Any officer that the Madras Government may choose will be welcome to me. But if I may have a Choice I should like to have an officer whom I have favourably known and I would suggest the name of Rao Bahadur S. Swaminathier now Deputy Collector at Calicut. This officer began official life as an Accountant in the Accountant General's Office, then rose to be a Head Accountant in the Chingleput Collector's office and then served as a Tahsildar in several Talukes and was afterwards a Treasury Deputy Collector in about three Districts. He was Treasury Deputy Collector at Chittore, I believe, before he came to Calicut; and after he came to Calicut, I hear, that he has picked up Malayalam very well and is able to read and write that language. If this be so, he would suit me very well if the Madras Government can spare him for the period I ask. The question of arranging for a yearly audit can be considered after the general audit of the accounts is brought up to date.

7. I shall be glad to supply any further information you may ask for. If the Madras Government would lend the services of Mr. Swaminathier, the Sarkar will will pay his salary and any thing extra that Government might fix. I have stated six months as the period for which we might require him as that would save us the necessity for applying for an extension as we had to do in the Case of Mr. Foulkes. If the Special officer finishes his work in a shorter period than 6 months, we can send him back. But Considering the fact that this is the first General audit we are to have and also the fact that the accounts of the several Departments will have to be audited, I fear that the Special man will have his handsfull of work for the whole period of 6 months.

I remain &c

Devon are very anxious to secure this particular officer as his reputation is high as an account officer, and as he knows Malayalam: the state of the accounts is such that a first-rate officer trusted by the Rajah and acquainted with the language, is essential.

I am accordingly requested to say that the salary to be offered to Sankunda Iyer may be liberal enough to tempt him to come considering the costs & difficulties of transfer, & the difficult & important work that he will have to do: probably Rs. 200 per month in excess of his present pay might tempt him, especially as the work cannot possibly be finished in less than a year. Considering the sums now being lost by dilapidation and want of audit His Highness's Govt would willingly not willingly allow a few hundred rupees to stand in the way of getting them
