SALEM COLLECTOR'S OFFICE,

Dated 12-10-1897.

Despatched on 15-10-97

FROM

C. H. Mounsey ESQ.,

COLLECTOR OF

Salem,

To The British Resident in Mysore

~~To~~ from Chief

through THE SECRETARY TO GOVERNMENT,

Political DEPARTMENT,

Madras.

Dated 21/10/97.

SIR,

The Deputy Tahsildar of Vaniembady adi in Salem District reports that for the past few days there have been heavy and sudden floods in the Palar river and that owing to the peculiar position in which the town of Vaniembady adi is situated between the river and its several branches much anxiety is being felt about the safety of the town. The anxiety becomes accentuated if floods appear when there is no rain in Vaniembady adi and its neighbourhood.

2. As you are aware the river which takes its rise in the Mysore Province has a number of terminal tanks at its source in that territory viz Pallavally, Bokkasagaram and Bettamangalam and should any of these breach it is apprehended that a portion of the town of Vaniembady

Vaniembadi, if not the whole of it, will be inundated. There has been unusually heavy rain this year and the tanks must be full. I have the honour, therefore, to request that you will be pleased to address the Mysore Durbar to be so good as to instruct its officers to telegraph direct to the Deputy Tahsildar of Vaniembadi warning him of the danger, if any, should unfortunately there be a serious breach in any of the tanks in the line of the River or very heavy floods therein

I have the honor to be

Sir,

Your most obedient Servant

Ramachandra
For Ag Collector.
