FOR ORDERS.

When last year, the Gaekwar proposed to visit Ootacamund the following instructions were issued to the inspecting medical officers at Adoni Guntakal and Podanur:—

"Exempt the Gaekwar himself his Maharani and Princes and Princess from inspection, provided certificate of good health of each at starting is produced and a certificate from the medical officer in personal attendance is signed and given to them on at the inspection Station but examine all the others without exception in the usual way". The Gaekwar understood to obtain to bring a clean bill of health from

from a Commissioned medical
Officer ~~granted~~ before when starting.
The journey however never took
place.

2. The Gaekwar visits
Coonoor this month and
~~reports~~ reports that the
Commissioned medical officer's
certificate at starting may be
dispensed with. He explains
that last year the party
proposed to start from Baroda
when plague was prevalent,
and that this year the whole
party is at Lanowli at present.
Presumably Lanowli is free from
plague, and there seems not
much risk in dispensing with
the certificate. The Gaekwar
has been informed already that
~~the~~ the rules proposed last
year ~~would~~ would be enforced and that
in addition, his followers would
be required to take inoculation.

H.W. I think the Commd
Med. Officer's certificate
at starting should not be
dispensed with

H

A

The requirement is of a certificate from the Med. Officer in personal attendance, that is, of their ordinary medical attendant not a stranger – I don't think it reasonable that anyone should object to this. The fact that anyone of party are at Lanowli, closed to Bombay, & as all we know there is plague there at this moment. I don't think that this medical certificate should be dispensed with. His request is in itself that we consent to receive it as a condition of doing so dispense with the usual medical examination at Tungabadra & other inspection stations en route. We don't like. Local Government & staff were inspected in the usual way at the inspection stations they passed on their way to Ooty – therefore the proposition of getting certificates in this case, for the certificates are a relaxation of the ordinary rules, not an addition to them; and as Local Govt. this staff would submit themselves to the ordinary rules & certificate unnecessary I don't feel that I can say that the risk of letting in the Gaekwar & the immediate members of his family without even a certificate from their med. attendant wd. be insignificant, whatever smell the risk, I don't think we should run it.

H
23/6/98

I am inclined to think the Hon. Member is right in thinking that our requirement of such proof was a certificate from the Med. Officer in personal attendance. We agreed to accept a certificate from the

I do not quite know what is the nature of the examination which the Gaekwar, the Maharani, the Prince and Princesses would have to undergo before starting, – in order to obtain the certificate referred to. But, if it means a personal examination at the hands of a European doctor, not their usual Medical attendant, I can well understand that the ladies would object to it. The chances of the Gaekwar and the Maharani and the others being infected, more especially as they start from a non-infected place, – are exceedingly remote. Personally, I think we might waive this in favour of the Gaekwar, and ground this exemption now we had for. I do not think we got certificates from H.H. Sayaji Rao and his party, who came here from Bombay, the other day. I would say that persons in the position of Gaekwar and his family would not become so interfering on a journey with the uncomfortable, preventative examinations of passengers upon them.

the Med. Officer in attendance, provided he was a Commd. Med. Officer. We were told in reply that the Med. Officer in attendance was not a Commd. Med. Officer.

If the Hon. Member will now be satisfied with a Certificate from the Med. Officer in attendance although he be not a Commd. Med. Officer, I do not suppose the Secretary of State, if Sir H. Elliot accepts this, the Resident might be informed by telegraph.

24.6.98

A. [redacted] Vide G.O. 763 M 1.4.97 — The Agent, G.G., asked if Govt. would accept of a certificate were obtained from a Commd. Medl. Officer on Sanitary leave acquired (vide note in G.O. 218 Pol 31.3.97) but the order actually issued contained no mention of the Commd. Medl. Officer, but said "that a certificate from the Medl. Officer in attendance ... will be accepted as sufficient ...", and this is the existing position as mentioned [redacted] I confess I did not appreciate the fact that the ordinary Medl. attendant cannot be a commd. Medl. officer — However, the actual order (in the file below) which issued in L.-m. yesterday meets H.E's views —
