Memo Ref: on C. No. 511 acc of 197

With reference to his petition dated 19 January 1897 Mir Mohamed Sadiq Hussain a Masulipatam Stipendiary is hereby requested to report if he is willing to have land under Pedalanka Chattal under the following conditions.

(a) That the grant shall not confer on the grantee any proprietory right in the lands the grantee being registered merely as a tenant from year to year.

(b) That any alination of the grant land by way of gift sale mortgage or otherwise by the grantee shall be null and void unless sanctioned by the Collector and shall entitle Government to resume the land and that the land shall also be liable to resumption if the grantee's right therein is attached by a Court or any public authority for any debt or other demand.

(c) That if the grantee or his heirs or assignees continue to hold and cultivate the land for a period of ten years the then occupant thereof may apply to Government for the Grant of the proprietory rights therein.

(d) And that the land will be granted to the petitioner for 2/3 of the capitalized money at Rs 10/- an acre or part thereof.

The humble petition of
Mir Mohamed Sadiq Hussain Saheb
Political pensioner Masulipatam Family
Ingudurpetta, Masulipatam.

CHIEF SECRETARY
19 JAN 1899
GOVERNMENT OF MADRAS

May It Please Your Excellency,

Your Excellency's petitioner most humbly and respectfully begs permission to represent these few lines for Your Excellency's favorable consideration with full hope of obtaining an early success.

That Your Excellency's petitioner presented a petition to the Collector of Kistna on the 19th January 1897, for the commutation of his monthly pension of Rs 20/- which fell to his lot out of a handsome pension of Rs 116/- which Your Excellency's petitioners late father enjoyed with the object of purchasing land for the 2/3 of the capitalized amount in accordance with the G. O. to better his and his family's straitend circumstances by his own exertions and perseverance as this insignificant pension of Rs 20/- per mensem is too inadequate even for the necessaries of life of so many members.

That the then Collector having obtained Your Excellency's petitioners wifes consent through the local Tahsildar for the commutation; favored Your Excellency's petitioners with an Endorsement No. 511/acc dated 23rd April 1897, (Copy enclosed for Your Excellency's perusal) asking Your Excellency's petitioners consent whether he is willing to have the land

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—Proceedings of the Board of Revenue (Land Revenue), Mis. No. 2565, dated 16th September 1898.

Abstract.—Submitting to Government, with remarks, petitions from certain members of the Masulipatam Nawab's family praying for the grant of waste lands in the Kistna district.

Read—the following Reference from the Board of Revenue (Land Revenue), No. 1035, dated 16th September 1898 :—

Read—the following letter from R. MORRIS, Esq., I.C.S., Acting Collector, Kistna district, to the Secretary to the Commissioners of Land Revenue, dated Musulipatam, 25th July 1898, Dis. No. 4134-General :—

Adverting to the correspondence ending with Board's Proceedings (Land Revenue), Mis. No. 1799, dated 8th July 1898, and Board's Proceedings (Land Revenue), Mis. No. 1431, dated 3rd June 1898, I have the honour to submit herewith a statement showing the total extent of land in the Pedalanka project and how it has been disposed of. From this it will be seen that the lands granted to Panchamas and other destitute classes are much in excess of those shown in the statement that accompanied my letter R. C. No. 2426-General of 1897, dated 12th May 1898. This was due to the fact that many of the applications from these people, though received before the 31st of March, were received by me some days after my above reference was submitted, from the Head-quarter Deputy Collector in whose office they were detained by oversight. I have granted lands to all these applicants who numbered 880 in all and issued orders to put the applicants in possession of the lands with conditions laid down in paragraph 5 of G.O., No. 732, Revenue, dated 17th October 1894.

2. The extent of land now available for assignment to the Muhammadan pensioners and ex-pensioners of Masulipatam is acres 3,196·00. I have received applications for land from 173 poor Muhammadans, not connected with the Masulipatam family. If they receive grants in the same scale as Panchamas — from 4 to 5 acres a piece — these claims will absorb about 800 to 850 acres. Grants will be made to them on the same terms as to Panchamas and on the express understanding that they settle down on the land as actual cultivators.

3. I have also received applications from 106 members of the Masulipatam family. Seventy-seven of these, whose names I have received from the eldest son of the head of the family, are not in receipt of any pension, and it is difficult to discriminate between them and poor Muhammadans of no particular family. I believe the intention of the Government in giving large grants to the head of the family, Názim-ud-daula Rusiumja Dáúd ' Alí Khán and his brother was to rescue the direct representatives of an illustrious family, which in the past did much to assist the British forces in acquiring the Northern Circars, from falling into obscure poverty. But there is no special reason for dealing in an exceptional manner with members of junior branches of the family. Sulaimán ' Alí Khán, the eldest son and agent of the head of the family,

suggests that they should be given 10 acres a piece. This would absorb 770 acres. If they are to be treated on the same footing as other poor Muhammdans, the grants to them would come to, say, 300 acres, or perhaps a little more. I request the instructions of the Board as to the manner in which these persons should be dealt with. There remain the cases of the other members of the family who are still in receipt of pensions or have recently commuted them and those who have applied to me direct. Some of them are alluded to in the Board's Proceedings noted in the margin. Their applications are for large grants of lands. A statement showing the names of applicants and other particulars, such as the amount of pension, where there is pension, and the amount of land asked for, is enclosed. It also shows the extent of land that can be given at Rs. 10 an acre for two-thirds of their pensions if pension is allowed to be commuted or at Rs. 18 an acre the average selling price of the lands sold by auction if that rate be adopted. On a careful study of the papers, I do not find that the Government has ever directed that the special rate of Rs. 10 per acre should be allowed in their case. This rate has been sanctioned in the special cases of Názim-ud-daula Rustumja Dáúd 'Alí Khán, who obtained 1,000 acres in the Cheruvu village of Bápatla taluk, and his brother Shams-ud-daula who was granted 400 acres in Mallampudi of Gudiváda. These rates were however exceptional and were, I believe, granted for the reasons I have mentioned above. Hasan ' Alí Khán, a cousin of these gentlemen, was granted 100 acres in Chandavolu of Tenali taluk at Rs. 50 an acre [See Board's Proceedings (Land Revenue), Mis. No. 6461, dated 22nd November 1894], and in sending in the application of Mír Zain-ul-'ábidín Sáhib dealt with in G.O., R. No. 2122, dated 17th November 1897, (Board's Proceedings, Ref. on G. No. 2291, dated 11th December 1897), Mr. Batten stated that he thought exceptional terms should not be granted to him. I recommend therefore that the pensioners and ex-pensioners to whom I am alluding should be given land at the average market price, but with the concession that the payment may, as in other cases, be spread over a term of years.

Mis. No. 405, L. R., dated 11th February 1898.
„ No. 422, „ „ 12th „ „
„ No. 572, „ „ 28th „ „
Government Reference No. 2291, dated 11th December 1897.
Routine No. 1202, L. R., dated 12th May 1898.

4. Numbers 2 and 3 in the list have commutable pensions and may be allowed, according to the rate fixed, the extent in column 5 or 6 in commutation of two-thirds of their pensions. In the case of Nos. 1, 4, 5 and 6 their wives are entitled to a moiety after the demise of the present holders and the pensions in these cases are therefore non-commutable except with the consent of their wives. As they are anxious to get land, I request that the orders of Government may be obtained permitting me to allow commutation in cases of those whose wives consent. In the case of No. 6, his wife has already given her assent in writing and the extent entered in column 5 or column 6 may be allowed to him for two-thirds of the commuted pension. In the cases from Nos. 7 to 14, the pensions are non-commutable being either in excess of the commutable minimum or continuable for more than one generation. Government in G.O., Mis. No. 1595, Revenue, dated 6th April 1898, on Board's Proceedings (Land Revenue), Mis. No. 405, dated 11th February 1898, declined to allow commutation in the case of No. 12, and I do not see any reason for treating differently other applicants who are on the same footing with No. 12. Nos. 7 to 12 are all married women and are more or less comparatively well off. I request orders whether their applications should be complied with. There seems to me no special reason for dealing favourably with them. If, however, Government considers that they should be given land under the Pedalanka project or elsewhere, on what terms should it be given them? As regards Nos. 13 and 14, I would recommend merely that if their pensions are not commuted, they may be given 100 acres each at the average selling price payment being spread over a period of ten years as in the case of Názim-ud-daula, Shams-ud-daula and Hasan 'Alí Khán. I would, however, bring to notice that No. 14, who is the applicant alluded to in G.O., R. No. 2122, Revenue Department, dated 17th November 1897, is a clerk in the District Court, the only member of the family who has attempted to enter Government service and a concession shown him might induce others to follow his example.

5. In the case of the remaining applicants from No. 15 downwards, the only recommendation I can make in their favour is that they may be given the option of taking land at the average sale price, paying for it out of the sums they received in commutation of their pension, or if they have spent their sums, of being placed on the footing of the 77 junior members previously alluded to. Those who have never had pensions and are not poor Muhammadans are entitled to no special terms except those suggested for Nos. 13 and 14 as regards payment.

Read—also telegram from MIRYGAMAL ABABEEN, Masulipatam, dated 16th August 1898.

Reference—No. 1035, dated 16th September 1898.

The Collector's letter read above will be submitted for the orders of Government with reference to the correspondence ending with G.O., No. 2762, Revenue, dated 30th June 1898.

2. Out of the total extent of 11,641·44 acres notified for sale, in the Gudiváda taluk under the Pedalanka channel, 1,032·57 acres were sold over the upset price of Rs. 10 per acre in the years 1897 and 1898, leaving a balance of 10,608·87 acres. Of this 2,775·72 acres have been assigned to the resident ryots on ordinary pattas, 4,342·02 acres have been allotted to Panchamas and other destitute classes subject to the conditions laid down in paragraph 5 (3) of G.O., No. 732, Revenue, dated 17th October 1894, 295·13 acres have been taken up for channels and there remain 3,196·00 acres still available.

3. The Collector now states that applications for grants of land have been received from 173 poor Muhammadans not connected with the family of the Nawab of Masulipatam and from 106 members of that family. He proposes to treat the first class as on a par with the Panchamas and to assign lands to them on the same scale, *i.e.*, at 4 to 5 acres a piece, subject to the same terms and on the express understanding that they settle on the land as actual cultivators. The Board supports this proposal.

4. As regards the 106 applicants belonging to the Masulipatam, family the Collector states that 77 of them who are not in receipt of any pension have applied for land through Sulaimán 'Alí Khán, the junior head of the family, who has suggested the grant of ten acres each to them. Mr. Morris, however, finds it difficult to discriminate between them and the poor Muhammadans forming the first class referred to above and submits the question for orders. The Board recommends that these persons may be granted land *free* up to 5 acres ahead as in the case of Panchamas, and on the same terms, and that in the event of their applying for any area in excess of this limit, they should be permitted to take up such excess area, if equipped with sufficient capital efficiently to cultivate it, on payment of the same price (*i.e.*, Rs. 10 per acre) and subject to the same conditions as Názim-ud-daula Rustamja, to whom a grant of 1,000 acres in the Bápatla taluk was sanctioned in G.O., No. 253, dated 16th January 1897.

5. Of the remaining 29 members of the Masulipatam family who have applied for land to the Collector direct, it appears that 22 are either in receipt of pensions or have already commuted them. Mr. Morris states that he does not find that the Government has ever directed that the special rate of Rs. 10 per acre should be allowed in the case of political pensioners and ex-pensioners and that they should, in his opinion, be given lands at the average selling price, *i.e.*, Rs. 18 per acre, but with the concession of spreading the payment over a term of years. Mr. Morris' attention will be drawn to paragraph 9 of Mr. Atkinson's letter, No. 1592-Ver., dated the 17th April 1897, disposed of in Board's Proceedings, No. 1949, dated 31st May 1897, and G.O., No. 3509, dated 9th July 1897. It will be seen from these papers that Government has approved Mr. Atkinson's proposal that such of the pensioners as are entitled to capitalize their pensions should be permitted to take up lands for two-thirds of the capitalized value, "at the rate of 1 acre for every 10 rupees or part thereof, on the same terms as in the case of the Panchamas." The Board considers that the rate recommended by Mr. Atkinson and approved by Government need not now be raised and that the pensioners who have already commuted their pensions as well as those who now enjoy commutable pensions should be granted land for two-thirds of the commutation money at the above rate, provided that the full amount of the price is paid down by them immediately and they have sufficient capital efficiently to cultivate the area applied for.

6. The Collector brings to notice that the pensions enjoyed by the marginally-noted persons are not commutable, because after their demise, a moiety thereof is continuable to their widows. He therefore, requests the sanction of Government to the commutation being permitted in these cases subject to the consent of the pensioners' wives. The Board supports the Collector's recommendation.

No.		Pension. Rs.	A.	P.
1.	Mír Tasadduq Husain ...	15	4	9
4.	Zulfiqár 'Alí	11	0	4
5.	Mír Ní'amat-ulláh	13	8	0
6.	Mír Muḥammad Ṣádiq Husain	20	0	0

7. There remain the following classes of cases to be dealt with :—

(i) Members of the Masulipatam family who enjoy commutable pensions or have already commuted them and who apply for areas in excess of those to which they are entitled under the scale fixed by Mr. Atkinson. For instance, it would appear from the petitions addressed to the Board by Zamin Bégam and Fáṭimá Bégam (Nos. 2 and 18 in the Collector's statement) that they desire 400 acres each, while they are entitled only to 137 and 139 acres, respectively. The Board is of opinion that such applicants should be required to pay at the average auction rate of Rs. 18

per acre, for all land they may require in excess of the extent admissible for two-thirds of the commutation money which extent may be sold to them at the lower rate of Rs. 10 per acre.

(ii) Members of the Masulipatam Nawab's family, whose pensions are not commutable, being either in excess of the prescribed maximum or continuable for more than one generation and who apply for large grants; *e.g.*, the persons mentioned in items 7 to 14 of the Collector's statement. The Collector considers that no special concession is necessary in the case of Nos. 7 to 12 who are all married women and in comparatively well-to-do circumstances, but as regards Nos. 13 and 14, namely, Zamin 'Alí and Mír Zain-ul-'ábidin, he recommends that each of them may be granted 100 acres at the average selling price, the payment being made in ten annual instalments. The Board accepts the Collector's recommendation and considers that applicants Nos. 7 to 12 also may be given lands in the Bápatla or Tenali taluks at the average selling price if a sufficient area is not available in the Gudiváda taluk, and that they may be allowed to pay the amount in a number of instalments like Názim-ud-daula Rustamja.

No.		Pension. Rs.	A.	P.
7. Habíb-un-nisá Bégam	...	12	8	0
8. Mahdí Bégam	...	25	0	0
9. Nawab ,,	...	30	0	0
10. A'zam-un-nisá Bégam	...	19	10	8
11. Áminá Bégam	...	26	0	0
12. Munawar Bégam	...	19	10	8
13. Zamin 'Alí	...	85	0	0
14. Mír Zain-ul-'ábdin	...	15	11	9

(iii) Members of the Masulipatam family, who are not in receipt of any pension and cannot be classed as poor, but apply for large grants. For instance, Mirzá 'Alí Naqí (No. 17 in the Collector's statement) applies for 1,000 acres in the Bápatla taluk. The Board considers that these applicants also may be granted land at the average selling price, the amount being paid in a number of instalments as in other cases.

8. As regards the extent to be assigned to the individuals coming under the above three classes, the Board would observe that the demands made are very extravagant in some cases and would leave it to the Collector to exercise his discretion with reference to the capability of the applicant to command the capital required to cultivate the land and also to the total number of applicants. The area available in the Gudiváda taluk is apparently not sufficient to satisfy the requirements of all, but the Board believes that lands will be available in the Bápatla taluk, as well as under the Iskápalle project in the Tenali taluk, from which the demands could be met.

9. Such of the applicants as may be willing to pay at once the full price at the average auction rate may be given ordinary pattas, like the purchasers at the auction sales, while those who are allowed lands at the favourable rate of Rs. 10 per acre to be paid at once in a lump or at the average auction rate to be paid in a number of annual instalments, may be given temporary miscellaneous pattas embodying the conditions set forth in paragraph 5 (3) of G.O., No. 732, Revenue, dated 17th October 1894.

Abstract.—Recommending the grant to Zabida Begam of 50 acres of land in the Gudiváda taluk, Kistna district, subject to certain conditions.

Order—No. 508, Revenue, dated 1st August 1899.

Miscellaneous.

The papers read above contain the proposals made by the Collector of Kistna and the Board of Revenue in accordance with G.Os., No. 3509, dated 9th July 1897 and No. 163, dated 18th March 1898, for the assignment to the political pensioners of the Masulipatam family of waste lands brought under irrigation in the Kistna district. The main proposals are contained in the Board's Reference No. 1035, dated 16th September 1898, and the other papers deal with supplementary individual petitions which it is proposed to include in the general proposals. The cases of 292 applicants are dealt with. Many of these are poor Muhammadans not connected with the Masulipatam family. Of the others who are members of this family, it is only a small number that are or have been in receipt of pensions. The applicants may conveniently be divided into the following five classes:—

Class I.—Poor Muhammadans not connected with the Masulipatam family—No. 174. (In Board's Reference, No. 1035, dated 16th September 1898, paragraph 3, 173 applicants are mentioned; to these must be added Yúsuf' Alí referred to in Board's Proceedings, No. 3128, dated 7th November 1898.)

Class II.—Poor Muhammadans belonging to this family, but not in receipt of any pension—No. 77. (Board's Reference, No. 1035, dated 16th September 1898, paragraph 4.)

Class III.—Members of the family who are in receipt of commutable pensions or have commuted them—No. 14. (Nos. 1—6, 15, 16, 18, 20, 24, 27 and 28 on Collector's list in Board's Reference, No. 1035, dated 16th September 1898, and Mír Haidar Sáhib 'Alí Ḥusain referred to in Board's Proceedings, No. 2565, dated 16th September 1898.)

Class IV.—Members of the family whose pensions are not commutable being either in excess of the prescribed minimum or continuable for more than one generation, and who apply for large grants—No. 12. (Nos. 7—14 on Collector's list in Board's Reference, No. 1035, dated 16th September 1898. Kasim Bí Bí No. 23 on Collector's list in Board's Reference, No. 1035, dated 16th September 1898. Yúsuf 'Alí Mirzá referred to in Board's Proceedings, No. 2864, dated 13th October 1898. Zabida Bégam referred to in Board's Reference, B. No. 89, dated 16th March 1899, and Mirzá Imád-ud-dín in Board's Proceedings, No. 2565, dated 16th September 1898.)

Class V.—Members of the family who are not in receipt of any pension but who cannot be classed as poor and who apply for large grants—No. 15. (Nos. 17, 19, 21, 22, 25, 26 (3 individuals) and 29 on Collector's list in Board's Reference, No. 1035, dated 16th September 1898; Mahdi Bégam Sáhibá referred to in Board's Proceedings, No. 2766, dated 6th October 1898; Daulat Bégam Sáhibá referred to in Board's Reference, No. 1138, dated 8th October 1898; Ghulám Abbás Kazvini, Asad 'Alí Kazvini, Muzahab Bégam and Hydaree Bégam Sáhibá in Board's Proceedings, No. 2565, dated 16th September 1898.)

2. *Class I.*—The Collector proposes to allow these the same concessions as the Panchamas and to assign them lands on the same scale, *i.e.*, at 4 to 5 acres apiece, and subject to the same conditions and on the express understanding that they settle down on the land as actual cultivators. The terms referred to will be found in G.O., No. 732, dated 17th October 1894, and are as follows:—

"(*a*) The grant shall not confer on the grantee any proprietary right in the lands, the grantee being regarded merely as a tenant from year to year.

"(*b*) That any alienation of the grant land by way of gift, sale, mortgage, or otherwise by the grantee, shall be null and void, unless sanctioned by the Collector, and shall entitle the Government to resume the land; and that the land shall also be liable to resumption if the grantee's right therein is attached by a court or any authority for any debt or other demand.

"(*c*) That if the grantee or his heirs or sanctioned assignees continue to hold and cultivate the land for a period of ten years, the then occupant thereof may apply to Government for the grant of the proprietary right therein and that it will be open to Government either to make a free gift of such right or to demand a price therefor at such rate not exceeding Rs. 10 per acre as the Government may determine."

This proposal, which is supported by the Board of Revenue, is accepted on the understanding that applications from members of the Masulipatam family dealt with below should have preference over those of Muhammadans coming under this class.

Yúsuf 'Alí, whose application is dealt with in Board's Proceedings, No. 3128, dated 7th November 1898, should be treated as coming under this class. Kasim Bí Bí, No. 23 in the Collector's list submitted with Board's Reference No. 1035, dated 16th September 1898, might be considered as belonging to this class; but in view of the good service rendered by her husband, the Government directs that her application be disposed of along with those falling under class IV.

3. *Class II.*—These apply through Sulaimán 'Alí Khán, the junior head of the family, who suggests the grant of 10 acres to each. The Collector finds it difficult to discriminate between them and the Muhammadans not belonging to the family, but the Board recommends that they be granted land free up to 5 acres a head as in the case of Panchamas and on the same terms, and that in the event of their applying for any area in excess of this limit, they should, if equipped with sufficient capital efficiently to cultivate it, be permitted to take up such excess area on the terms sanctioned and the conditions imposed in the case of Názim-ud-daula Rustamja to whom a grant of 1,000 acres in the Bápatla taluk was sanctioned in G.O., No. 253, dated 16th January 1897.

4. The object of the Government in making the grant in Názim-ud-daula Rustamja's case was to confer a boon on a deserving family and to secure it from poverty. In order to attain this object, the Government imposed the following conditions—(1) a price of Rs. 10 per acre was to be paid for the land in eight equal instalments; (2) neither the land nor any portion thereof was at any time to be sold, mortgaged or otherwise alienated by the grantees or their descendants without the previous sanction of the Government; (3) the assignee was to execute a bond hypothecating the land to the Government and should also furnish two sureties for Rs. 2,000 each. A similar grant of 400 acres was made by G.O., No. 4137, dated 19th October 1896, to Shams-ud-daula, younger brother of Názim-ud-daula.

5. In dealing with the present class of applicants therefore the Government, while approving generally of the Collector's proposal, is of opinion that while a price of Rs. 10 per acre may be charged for any area that any of the applicants of this class may wish to take up in excess of 5 acres, there is no need to impose for all time the restrictions against alienation which were considered necessary in the case of the special grants to the heads of the family. It will be sufficient to grant the proprietary right in the additional area if and when the proprietary right in the first 5 acres is granted. The Government is also of opinion that the total extent to be allowed in any one case should not exceed 10 acres.

6. *Class III.*—(i) The Board recommends that pensioners who have already commuted their pensions as well as those who now enjoy commutable pensions should be granted lands for two-thirds of the commuted value of their pensions on Mr. Atkinson's scale accepted in G.O., No 3509, dated 9th July 1897, at the rate of one acre for every Rs. 10 or part thereof, provided that the full amount of the purchase money is paid down by them immediately and they have sufficient capital to cultivate efficiently the area to be assigned to them. This recommendation is accepted. The same terms as in the case of Panchamas will be imposed as regards inalienability for ten years or until the grant of proprietary right. (G.O., No. 732, dated 17th October 1894.)

(ii) In the case of four of the applicants it appears that a moiety of the pension is continuable to their widows and the Board recommends that commutation in these four cases may be permitted with the wife's consent. It will, however, be seen from G.O., No. 388, Political, dated 5th August 1890 (paragraph 7) that the moiety is continuable only "failing previous commutation"; the wife's consent to the commutation is therefore unnecessary.

(iii) Again some of the applicants of this class apply for areas in excess of the extent to which they are entitled under Mr. Atkinson's scale approved in G.O., No. 3509, dated 9th July 1897, and the Board of Revenue would allow them to take up this excess area on payment of the average price realized at the auction sales, viz., Rs. 18 per acre. The grant admissible for two-thirds of the commuted value of the pensions is probably as much as the means of these applicants will enable them efficiently to cultivate, and the Government is of opinion that no area in excess of Mr. Atkinson's scale should be granted.

(iv) Mír Haidar 'Alí Sáhib Husain, whose application is dealt with in Board's Proceedings, No. 2565, dated 16th September 1898, comes under class III.

7. *Classes IV and V.*—The Collector is of opinion that no special concession is necessary in the case of applicants coming under these two classes except as regards Zámin 'Alí and Mír Zain-ul-'ábidín to whom he recommends the grant of acres 100 each at the average auction rate (Rs. 18 per acre), the payment being made in ten annual instalments. The Board accepts this recommendation and also suggests that the other applicants of these two classes may be given lands at the average auction rate to be paid in a number of instalments, the extent to be assigned to each being left to be determined by the Collector with reference to the capability of the applicant to command the capital required to cultivate the land and the total number of applicants. No good reason appears in these cases for charging Rs. 18 per acre for lands which failed to obtain bids of over Rs. 10 at auction, and the Government is of opinion that the price to be charged should be Rs. 10 an acre as in the case of applicants of class III, the purchase money being paid down immediately, and the

grant being subject to conditions against alienation similar to those imposed in the case of Panchamas. The extent to be allowed in each case will be left to the Collector's estimate of the capacity and means of the applicant to cultivate the land properly.

8. In paragraph 8 of its Reference, No. 1035, dated 16th September 1898, the Board apprehends that there may not be sufficient land in the Gudiváda taluk to comply with all demands and suggests the utilization of lands available in the Bápatla taluk as well as under the Iskápalle project in Tenali. This recommendation is accepted, but it must be clearly understood that it is only such lands, as after a sufficient margin is reserved for resident ryots, channels, communications, &c., do not fetch Rs. 10 an acre at public auction that are to be assigned under the sanction given in the present order. It must also be understood that Government is in no way pledged to provide waste lands sufficient for all applicants; and as much of the available waste land especially in Gudiváda—is poor in character and in an unpromising locality, the Collector should warn applicants to inspect the land personally before applying for it.

9. All grants under this order shall be subject to conditions against alienation for ten years similar to those imposed in the case of Panchamas, and grantees who get lands on the same terms as Panchamas (*i.e.*, classes I and II referred to above) will be required to execute the special form of lease approved in G.O., No. 113, dated 28th February 1895.

A similar form of lease embodying the conditions against alienation must be executed by the grantees of other classes and of class II (as regards excess over 5 acres) who have to pay a price for the privilege of holding the land assigned.

CHIEF SECRETARIAT
11 OCT. 1899
OOTACAMUND.

Erratum to G.O., No. 508, Revenue, dated 1st August 1899.

In G.O., No. 508, Revenue, dated 1st August 1899, *omit* the word "Nawab's" in the following places:—

(1) the docket of the Government Order;

(2) the abstract of Board's Proceedings, Mis. No. 2565, dated 16th September 1898, on page 2 of the Government Order;

(3) Line 1 of paragraph 7 (ii) of Board's Proceedings, Ref. No. 1035, dated 16th September 1898, on page 8 of the Government Order; and

(4) The abstract of Board's Proceedings, No. 155, Petition, dated 5th October 1898, on page 8 of the Government Order.

In the first, second and fourth abstracts on page 6 of the Government Order, *omit* the words "Nawab" and "first Nawab," and in the third abstract *for the words* "first Nawab of Masulipatam," *read* "late Husain' Alí Khán Bahadur," and *for the words* "family of the Nawab of Masulipatam" in paragraph 3 of Board's Proceedings, Ref. No. 1035, dated 16th September 1898, on page 7, *read* "Masulipatam family."

Corrections made.

To be stitched with G.O. No. 605 Pol. dt. 11-9-99.

To the Collr. Tanjore
S/c with reference to G.O. above quoted.
