NOTE FOR Chief Secretary,

Political Department.

It seems advisable to press the Travancore Durbar, well in advance, to be prepared to make over to the Madras Rail-way Company, the land required for the Cochin Railway as soon as land plans are ready, that is after the 15th October. Unless warned in advance they will not have their men ready.

The length of the land is about 17.36 miles. The area is, roughly, as follows:-

Wet land, 62 acres, estimated at Rs. 450
Garden " 107 " " at " 900
Waste " 67 " " at " 100

The estimate is merely the Engineer's estimate. It is based on that of the Calicut-Cannanore Railway and on actuals paid in Malabar, with a good percentage added so as to cover the risk of the Travancore people not being so keen to acquire the land economically, at Cochin's cost, as land is acquired in British Territory.
