CHIEF SECRETARY'S OFFICE
28 SEP 1899
GOVERNMENT OF TRAVANCORE & COCHIN
THE RESIDENCY

Trivandrum
Sept. 23rd 1899

My dear Stokes.

Jopp, Chief Engineer, is pressing the Travancore Darbar for sanction of the Kodayar Project. 11 Lakhs have been spent on it and the estimate is that 16 Lakhs more will complete it.

The Maharajah and Dewan

say that they should like to have an outside opinion. Jopp says that he should be very glad to discuss several technical points with another Engineer.

In these circumstances I write to ask if the Government of Madras will give permission to Mr Hughes to visit Travancore and discuss the project on the spot with Jopp.

Lan. told by Jopp that if Mr Hughes can come he ought to come before October 15th because of the monsoon. Yours sincerely
S. T. Mackenzie

My dear Mackenzie,

With reference to your D.O. of the 23rd September, I am to ~~ask you~~ state that it will not be convenient for Hughes to visit Travancore before the beginning of January next. Will you please let me know whether that time for Hughes' visit will suit the Darbar?

yours sincerely

THE RESIDENCY TRAVANCORE & COCHIN

CHIEF SECRETARIAT 11 OCT 1899 GOVERNMENT OF MADRAS

Trivandrum.
October 7th 1899

My dear Stokes.

Your demi-official of 2nd October.

On hearing from Hughes three days ago that he could not come now I informed the Maharajah who asked me to send the plans

4

D.O. No. 482

and estimates to Madras. I am therefore writing to you officially requesting permission to send to Madras the plans and estimates which are bulky. Jopp can easily run up to Madras to discuss them with Hughes.

I may mention that the Maharajah is very keen to carry out this scheme, but seems to wish to protect himself against any subsequent remark that sufficient advice was not taken.

Yours Sincerely.

J. T. MacKenzie.

Resident's Office,

Trivandrum, 5th Oct. 1899.

From,

G. T. Mackenzie Esq., I.C.S.,

Ag. Resident in Travancore & Cochin.

To,

The Chief Secretary to Government,

O o t a c a m u n d.

Sir,

When Mr. Jacob was Chief Engineer of the Travancore State work was begun upon a scheme known as the Kodayar Project. This is a scheme to throw a dam across a mountain stream and to form a reservoir at a point which is Lat 8°.27'N. Long 77°.22'E. on atlas sheet No. 65.

2. Mr. Jopp, the present Chief Engineer, has completed the estimates for this scheme. In round figures eleven lakhs of rupees have been spent and sixteen lakhs more are required, or a total of twenty seven lakhs.

3. The Revenue officers have now finished their investigation of the lands which will be commanded by this reservoir. The return is expected to be three lakhs, so that this work may bring in ten per cent upon the outlay.

4. Mr. Jopp presses for early sanction of his estimates in order that he may go on with the work. The Darbar is disposed to grant sanction, but considers it desirable that the views of Mr. Jopp may be corroborated by some independent opinion. I may mention here that Mr. Nicholson, the late Resient, thought very well of the scheme.

5. It appears to me that, as eleven lakhs have been spent, the State is committed to the scheme and the sixteen lakhs for which Mr. Jopp asks must be sanctioned. But as the Travancore Darbar has expressed a desire for another opinion I have the honour to solicit permission to send the plans and estimates to the Chief Engineer for Irrigation at Madras for scrutiny and for any discussion that may be found necessary.

6. The plans and estimates, which are very bulky, were sent to me by the Diwan with a demi-official letter, which gives a very lucid history of the scheme. I have the honour to forward a copy of this demi-official letter for the information of Government and also to send a copy of the Chief Engineer's printed memorandum.

I have the honour to be,

Sir,

Your most obedient servant.

S. T. Mackenzie

Ag. Resident.
