DECEMBER.

Census in Native States.

Communicating to the Resident in Travancore and Cochin, and to the Political Agents of Pudukkottai, Banganapalle and Sandur, for the necessary intimation to the Darbars of those States, letter from the Government of India forwarding copy of a circular letter regarding preliminary operations in respect to the —.

GOVERNMENT OF MADRAS.

POLITICAL DEPARTMENT.

READ—the following paper:—

From Captain H. DALY, Deputy Secretary to the Government of India, Foreign Department, to the Chief Secretary to the Government of Fort St. George, dated Simla, 29th November 1899, No. 3526 I.-A.

With reference to my letter, No. 1880 I.-A., dated the 5th July 1899, I am directed to forward a copy of a circular letter,* with enclosure, regarding preliminary operations in respect to the census in Native States.

* No. 3524 I.-A., dated the 29th November 1899.

2. I am to request that, with the permission of His Excellency the Governor, the procedure indicated may be adopted in respect to Native States in the Madras Presidency.

ENCLOSURES.

From the Deputy Secretary to the Government of India, in the Foreign Department,

to the Resident at Hyderabad,
the Resident in Mysore,
the Agent to the Governor-General in Central India,
the Agent to the Governor-General in Rajputana,
the Resident at Baroda,
the Resident in Kashmir,

dated Simla, 29th November

1899, No. 3524 I.-A.

In continuation of my letter No. 1882 I.-A., dated the 5th July 1899, regarding the census of 1901, I am directed to communicate the following instructions in respect to preliminary measures which it is desirable to undertake in Native States during the present cold weather.

2. The basis of all census operations is the statement or register showing the villages actually in existence in any given area—pargana, prant, chauki or whatever the local administrative unit may be. Where there has been a cadastral survey and village headmen or patwaris keep the survey records up to date, the village register required for the census can be written up to date by the village officers at any time. But where there are neither maps nor village officers, some one has to go over the ground and ascertain what villages actually exist. There will no doubt be some list of revenue villages to serve as a starting point for local enquiry, but cultivation is constantly shifting, fresh hamlets are formed, and old ones abandoned. Experience shows that if an enquiry of this kind is left to be done during the hot weather and the rains, it will not be thoroughly done, and the mistakes and omissions in the record of villages will give much trouble later on.

3. With the object of getting this important preliminary operation carried out during the present cold season, I am to suggest that steps should be taken to collect, in the form herewith enclosed, the requisite information

His Highness the Nizam's territories.

Mysore territory.

Native States in Central India.

Native States in Rajputana.

His Highness the Gaekwar's territories.

the territories of His Highness the Maharaja of Jammu and Kashmir.

respecting

The local Census Superintend-

ent, who will, it is understood, be appointed in or about April 1900, will then find

ready to his hand complete information which will enable him to proceed at once to form charges, circles and blocks for census purposes, and to select charge superintendents, supervisors and enumerators.

Block = 50 houses or so.
Circle = a group of 10 blocks.
Charge = a thana or tahsil, or part of a tahsil containing a convenient number of circles.

The column showing the number of houses will enable the superintendent to calculate how many schedules he requires—a point which must be settled early in view of the very large amount of printing which will have to be done.

4. The enclosed form is adapted from one which was used in Central India at the last census (page 33 of Report on the Census of 1891). It contains all that is considered necessary; but, should local authorities desire to add further particulars, there is no objection to their doing so, provided that they retain the essential columns—showing (a) the original villages; (b) the hamlets formed within them; (c) the number of houses, and (d) the persons fitted for appointment as census officers.

No. 3525 I.-A.

A copy of the foregoing, with copies of the letters marked in the margin, is forwarded to the Home Department, for information, in continuation of the endorsement from the Foreign Department, No. 1881 I.-A., dated the 5th July 1899.

By order, &c.,

(Signed) H. DALY,
Dy. Secy. to the Govt. of India.
