It might be pointed out

What has this to do with the matter?

The remark at A is
apparently incorrect. The
mistake is regretted. It
arose from the fact that
no communication on the
subject of the Railway police
on this line has ever
been received in judicial,
& it was presumed that
had it been intimated
that the police should be
under the I.B. some intimation
on the subject would have
been received in this Dept.

4

In the regard to the remark
at B, which was made
at the suggestion of the Pol.
Dept., it was intended to
call attention to the fact
that if the M.A. Co. works
the line special provision for
obtaining men contribution
to the R. Police will be
required: the terms upon
which they work the line cannot
be in this respect the same
as those on which they work
their own lines in the Pres.

Note for the C.S.

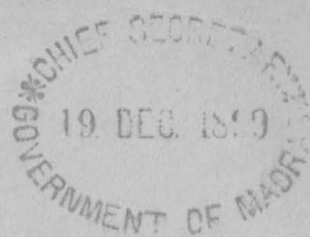

With reference to the question
of obtaining from the Madras Railway
for a contribution to the Railway
Police, attention is solicited to para. 4
of the P.W.D. proceedings in G.O. No. 487
Poll., d/21st July 1899. It was therein
decided that the cost of the Railway
Police on the Shoranur-Cochin Railway
should be debited wholly Capital prior
to the opening of the line for traffic

and that thereafter 7/10ths should be debited to railway working expenses, the remaining 3/10ths being borne by the administrations concerned. Nothing can however be found to show that the Madras Railway Company has accepted the terms. *It appears that they will have no choice in the matter*

Submitted that the draft may go on to P.W.D. (Railway) for counter-initials.
