Manuscript of the
Constitution of the

30/3
No. 1004. Madras 22nd November 1858

From

A. S. Muthuswamy Esq.

Director of Public Instruction

The Acting Secretary
to Government.

Sir,

J. M. S. George

Adverting to para 13 of the
Abstract Minutes of Council
under date the 21st ultimo No 1305
communicating the approval of
Government of my suggestion that
one of the Native Surgeons should
be appointed to the office of
Tutor in the Medical College on
a salary of Rupees 100/- per annum
per mensem, I have the honor
to submit herewith an applica-
tion in the prescribed form for
transmission to the Supreme
Government.

La

2. Dec
1004
in 100607

2. In submitting this application, I take the opportunity of laying before Government the Annexe & Transcript of a further correspondence which has taken place regarding the employment of Native Surgeon J. Appanna as Botanical Assistant in the Medical College. It will be seen that the Director General of the Medical Department adheres to the objections before urged by him against the retention of J. Appanna in his present office, unless he be removed from the grade of Native Surgeon; and it may be presumed that he will raise similar objections to the employment of another Native Surgeon as Native Tutor in the College. It seems desirable therefore that this point should be determined before the proposition for appointing

^{3/4}
a Native Surgeon as tutor in the Medical College is forwarded to Calcutta. The Medical College Council, to whom I referred the Director General's letter, do not offer any opinion on the general question, but confine themselves to recommending that "as a special case Native Surgeon J. Appanna be permitted to continue to discharge the duties of Assistant to the Professor of Materia Medica and Botany until his services can be dispensed with by D. Gleadow."

Office of the Directors
of Public Instruction
20th November 1858

I have the honor to be,
Sir,
Yours most obedt. Servt.

A. J. Cunningham
Director of Pub. Inst.

11/11/58

The Director General,
of the Medical Department.

With reference to the enclosed
copy of a letter which I have addressed
to Government, submitting the res-
olution of the Medical College Council
to the extent from the Minutes
of a meeting of the 10th June last,
No. 724, para 4, regarding the em-
ployment of Native Surgeon J.
Apparao as Assistant to the Professor
of Botany and Materia Medica
in the Medical College, I have
the honor to request that you
will be good enough to inform
me whether you consider that
any arrangement can be made
for permanently retaining J.
Apparao in the situation of
Botanical

3/4

Botanical Assistant without
rendering obligatory the object with
which he was appointed to the
grade of Native Surgeon.

2. It occurs to me that
possibly he might be employed
in the populous District of Triplicane,
an arrangement which,
if I am not mistaken, was pre-
viously suggested by the College
Council, and at the same time
might attend the College during
a portion of the day to perform
the duty of Assistant to the Pro-
fessor of Botany.

I have &c
Office of the Director
of Public Instruction
18 Sept. 1858.
Signed / H. S. Brinton
Director of Public
Instruction

To

N. 1397. B.

To The Director of Public Instruction.

Sir,

With reference to your letter

marginally noted, and the inclosures,

N. 1

relative to Native Surgeon appointments,

I have the honor to receive of the Director
General Medical Department to advise,

that the employment of the Native
Surgeon at the College is entirely
opposed to the object of the Govern-

ment in establishing this grade.

Even though he should be allotted

some professional duty at Madras,

the College duties would be always

regarded as his chief ones, and the

others subservient and subordinate

thereto. He will never become

while employed as at present a

good Practitioner, if the Govern-

ment consider his services more

valuable where now employed than

as a Medical Man amongst his

Countrymen

2/6
Countrymen, the Director General
would recommend that he
be removed from the class of
Native Surgeons, and according
to the high testimonials he has
as a Botanist he would doubtless
perform efficiently the duty as
Botanical Professor, but he strongly
deprecates the Native Surgeon
being employed nominally in
both pursuits.

Office of the Director Genl
Medical Depart.
Smt. to Genl.
27 September 1858.

I have the
honor to be, Sir,
Very respectfully,
Yours,
J. F. Lawrence

N. 836.

Extract from the Proceedings of the
Director of Public Instruction
Madras, 7 October 1858.

Read letter from the
Secretary to the Director General of
the Medical Department.

Here.

(Here enter 27 September/58)

The Director of Public Instruction resolves to furnish the Medical College Council with copies of the letters addressed by him to Government and to the Director General of the Medical Department under date the 18th ultimo and of the Director General's reply above recorded, for such observations as they may have to offer.

2. It will be seen that the Director has recommended that J. Apparo should be retained in his present situation until the close of the present Session but that the Director General of the Medical Department objects to his being permanently retained in the College unless he be removed from the grade of Native Surgeon and, under the

Circumstances

92/1
Circumstances, it appears to the Director that Mr. Mayo's objections are insurmountable.

(True Extract)

Signed / H. J. Adair
Director of Public Instruction

To
The President & Members
of the Medical College Council.

18th Sept.

To
The Director of
Public Instruction
Madras.

With reference to No. 836
Extract from your Proceedings,
dated Madras 7th October 1858,
and its accompaniments, I have
the honor, by order of the Medical
College Council, to recommend
that as a special case, Native
Surgeon J. Apparo be permitted
to continue to discharge the duties

of

of Assistant to the Professor of
Maternal Medicine and Obstetrics
until his services can be dispensed
with by Dr. Chapman.
