Thomas Percival Esq
Chief Secy to Government
Sir

My attention has been attracted
to the Board of Examiners, stating
that English Works on Civil and
Criminal Law, Political Economy
are sold by the local Bookellers
at an advance of 50 per cent on the
prime cost. As one of the Bookellers
in Madras I beg distinctly to con-
tradict this statement, as regards
mode of transacting business.

The highest advance per
cent, by me, is 50 per cent, imported
works, on the published prices,
out of which 50 per cent, I defray
all outward charges.

I beg you will lay this
letter before the Right Hon. the
Governor in Council, and submit
for his Lordship's favourable
consideration, the advisability
of refraining in the
from interference with legitimate
Trade. Scarcely thirty years
ago it might have been necessary
for Government to apply the
Revenue of the State, to provide
necessaries.

necessary, Works in limited demand,
 but my large experience in business
 enables me to state, that the fa-
 cilities for obtaining supplies
 of Books in ordinary demand,
 do not now require the resources
 of Government, while the com-
 petition in all branches of business,
 certainly in that branch in
 which I am engaged, insures
 the Books being placed in the
 hands of the Public at the lowest
 possible rates.

I beg the favour of the
 Right Hon. the Governor in Council,
 permitting this letter to have
 the same publicity given it,
 which has been given to that
 from the Board of Examiners.

The Board of Examiners said was that
 the price was 50% above the
 cost of the paper -
 In his letter it was that this is the
 amount, but the charge 50% above the
 cost of the paper is known to be the cost

nothing is more certain
and popular, and necessary to
the welfare of the community
than by the strength of the
municipal law to fix the
on crime and punishment
there, which economy the

and that the present
nothing may be said
of the law.
