Mr. Richard Cole's Case

Mr. Cole is suffering from symptoms of disease
of the lungs. He has some such symptoms as cough, & some
expectoration has been noted in the left chest. These
symptoms have been caused apparently by cold.
He has been treated for these months with a
great change of air is required in this case.

Respectfully M.D.

Thinking that the above case with you
is of interest I quote from the
Journal that a change of air is necessary
and has accordingly provided the following
details.

I think that the above case is of
interest to you. It is a case of a man
that has been suffering from disease of the lungs
and chest of about 10 years. He is now in
the state of health and is suffering from a
disease that is of the nature of a
great change of air is necessary for the
purpose of the lungs. He is now in the

Chief Secretary to Government

Sir

I have the honor to request you will do me the favor to apply to the Honorable Governor in Council requesting that he will be pleased to grant Mr Archibald Cole leave to proceed to Bangalore for the benefit of his health for three months without loss of pay or allowances.

Mr Cole's health is impaired & his Medical Attendant has recommended that he be allowed to proceed to Bangalore for the benefit of change of air as soon as possible. I shall be happy to take charge of Mr Cole's duties & with the assistance of two pupil teachers who have been well trained, I hope that the Artistic duties of the school will be efficiently performed.

Arrangements are being made for introducing drawing & engraving as branches of education into a large school under Mr Garnett in connection with the Mysore commission, and as Mr Cole's presence at Bangalore would be of material assistance in carrying this into effect. I venture to hope that he will be granted leave of absence for three months without loss of pay.

Mr Cole has been upwards of three years in the country and as he has not yet had leave, I believe he is

is entitled to privilege leave

I have the honor to be
