The Red Sea and India Telegraph
Company Limited.

No. 62. Moorgate Street &c.
London E.C. 4. 18th Oct 1889

The Secretary to the Government
Bombay.

Sir,
I have the honor to
inform you that a new line of telegraph
has been established between Malta
and Sicily, thus affording a fresh
means of communication between
Alexandria and this country.

I enclose a revised
notice for the information of the Public
containing the conditions upon which
messages can be transmitted by this
route. The intimation of the successful
laying of the Malta and Sicily
cable was received just previous
to the departure of the last mail
for Calcutta, and I wrote to inform
the Secretary of the Government at
Calcutta.

Calcutta and Madras of the fact,
enclosing them a copy of the tariff,
which I was then informed would
be adopted over the Sicilian lines,
but which now appears to be
incorrect.

I shall esteem it a
special favor if you will authorize
a communication to be made by
telegram to these departments,
that the rate of charge from Malta
as now communicated to you, is
the correct one, and also that no
messages can be received by this
route, except in the French or
Italian languages.

There is every hope
that within a few days the
line between Constantinople and
Algiers will be completed,
and a thorough communication
established with Algiers, when
a further modification of the
tariff will again be placed
before you.

I am, Sir,
Very respectfully,
Your obedient servant,
J. H. P.
