Colonial Emigration Office.
Madras 4 November 1887

Mr
N. Barton Esq.
Colonial Emigration Agent.

To
J. E. French Esq.
Auditor of Colonial Emigration Accounts.

Sir,
I have the honor to acknowledge receipt of your letter of 4th inst. under that date, and in reply beg to state that when the same was presented to the Defect the same can be looked for, we have been always in the habit of paying them better, and the contractor was permitted to retain three pence per head as his profit, & for changing money &c. This arrangement was made by Mr. Brambleton, at the time the Defect was established, & I saw no reason for altering it. We cannot look for more than 6000. It may well be said that the large amount paid during the past month, however, is a consequence of the alteration made in the system of accounting, by which a large number of immigrants, collected under the old system, were sent for free passage.

3. — I know, now by your letter that the
Contractor's profits have been considerably more
than I expected, and will in future act on
your suggestion of allowing 5 per cent on the
amount disbursed.

I have the honor to be
Sir,

Your Most Obedient Servant

Colonial Emigration Agent

N^o 57.

Madras. 14 November 1859.

The Honorable
The Colonial Secretary,
Trinidad

Sir,

I have the honor to acquaint you, for
the information of His Excellency the Governor,
that I have examined the Accounts of the
Trinidad Emigration Agency from the com-
mencement of operations in March last, to the
30th September 1859. An Abstract of the
receipts & payments is annexed.

I have checked the statement received
from the Madras Government by a statement
furnished to me by the Sub-Treasurer, & the
payments by branches which have been laid
before me, & I have found the whole correct.

I have satisfied myself, as far as
practicable, of the accuracy & propriety of the
expenses incurred, & of the reasonableness of the
rates & prices charged.

I have ascertained, as far as it has
been possible for me to do so, that the various
services & supplies charged for have been duly
performed & delivered, & I have also verified
the mathematical accuracy of the Accounts.

I have been very much interested that the order
of the United States, relative to the Re-
construction of the Union, which is the whole sum
of the matter, has been set by the agent of the
United States, and it will shortly have
the effect of the removal of that
agent from the further service of the
United States, as a result of a trial in the Agent
of the United States, who is now at large, as
a result of the trial.

Yours truly,
John C. Smith

of the whole, for his own profit.

x — The total amount charged for Malt, during the past Quarter, is £ 9,159 13 11; of which the Contractor's share has thus been £ 1,500 0 0, & as it appeared to me that there is a much higher rate of Remuneration than he is entitled to, for the mere service of distilling, & supplying, & so on, amongst the Prisoners. I addressed the Agent on the subject, requesting an explanation of the grounds on which he had sustained the Allowance, & suggesting that a Commission of 2 per Cent. on the Amount actually disbursed would be an adequate Remuneration to the Contractor for the service performed by him.

vi — The Agent states in reply (in a letter copy of which I have the honor to enclose) that the arrangement was made by his predecessor at the time the Depot was established, & that he has seen no reason to alter it, but that as the Contractor's profits appear to be greater than he expected, he will in future act upon my suggestion of allowing 2 per Cent. on the amount disbursed.

vi — I have the honor to inform you that the Agent has been informed that the Contractor's contract was entered on the 11th of July 1819 for the supply of Malt for the Prisoners of the Town at the rate of 1000 bushels per Week. It is now proposed to change the rate of supply to 1200 bushels per Week.

however, informs me, that the Articles of Clothing delivered under the present Contract are inferior in quality to those previously supplied, and that he has consequently been obliged to make a deduction of 200000 for Malt, from the Contractor's bill for the last two months.

The Prison being so far advanced, he does not consider it advisable to call for further tenders this year.

I have the honor to be,

Sir
