Augusta, Ga. 1864.
 Dear Friend George,
 27 February 1864.

H. H. Moore
Acting Superintendent of Acad. & Mus.

Ordnance Department.

No. 376.

From
The Acting Inspector General
of Ordnance and Magazines.

To
The Chief Secretary
to Government.

Sir,
In reply to General Order of
Government No. 15 dated 12th February 1860,
I have the honor to state that there are at
present attached to this office two persons,
whose salaries, duties, &c. are specified in
the annexed Memorandum.

2. The Assistant of the Secretary are active
and intelligent persons, who are attached to the duties
they are called upon to perform. They are
not, however, high paid. Their salaries are now
effective, but the management
made by the late acting Secretary, in
connection with the late acting
Secretary of the Ordnance Department, is small
amount of the salary of the Secretary of Two
and Annas fourteen, but the same has not
been removed from the list.

3. This old demand is upwards
of

of 80 Years of age, the far greater part of which period he has passed in Government employ, having been pensioned from the Artillery, about 25 Years ago, and ever since borne on the rolls of this Office as a Pion.-

4. With regard to the regular employment of the Post Office, I beg to observe, that that channel is taken advantage of by this Department, to the fullest extent; the duties assigned to the Pions being wholly in the Office and in the delivery of letters to offices in the Fort.

The employment assigned to the Pions in this Office has, by experience, been found greatly to increase the working time of the far higher paid Clerks, by obviating that interruption of business and running about of Clerks which must otherwise necessarily take place. It would therefore be erroneous and mistaken reasoning to reduce the number of this class of servants.
