Public Department

Memorandum

W. M.
J. J.

W. M.

In an Extract from their
Proceedings Financial Dept.
10th October 1860 No. 10,398, the
Govt. of India forward to
the Madras Govt. for in-
formation, and for the
issue of any subsidiary
orders that may be ne-
cessary, a letter from
the Civil Finance Commis-
sion, suggesting that the
present practice whereby
the several public officers
print and issue separately
Circular Orders for the
Guidance

guidance of their subor-
dinate he discontinued
that such orders be hence-
forward inserted in the
Government Gazette, that
their appearance there
be considered of itself as
sufficient authority, and
notice to all public officers,
and that they be expected
to act upon and carry
out the same without
any personal intima-
tion from the issuing
authority. ^{New Paper 2} The course
recommended by the
Joint Finance Commission
although it might per-
haps be adopted with
advantage in some of
the other Presidencies, is
not suited to the cir-
cumstances of the Madras
Presidency, and would
not lead to any economy
of printing, or stationery,
but the reverse.

3- The Proceedings
of Govt. and of the
of Revenue, as well as
all

all papers from the
Court of Sudder and
Soudaree Udalat which
require to be put in type,
are printed at the Gov-
ernment Press, the Revenue
Board Press or the Sudder
Press - which are all in
the Government Office.
The Accountant General,
The Civil Auditor, and
the Inspector General of
Ordnance have each their
own Presses in their re-
spective offices.

3- Thus in all the
Chief Departments, ^{at the Presidency} from
which Circulars are
issued, the departmental
Circulars are printed in
the Department Presses.
Nothing therefore would
be gained by printing
them in lieu at the
Fort Saint George Gazette
Press for the Gazette.

4- On the contrary,
the change would be
productive of much
inconvenience.

set

1st. It would very greatly increase the bulk of the Gazette and add to the weight of the Mails.

2nd. Circulars on all subjects would be furnished to all offices to which the Gazette is supplied, indiscriminately - and therefore unprofitably - as Revenue Circulars to Revenue officers, Ordnance Circulars to Ordnance officers, and the like.

3rd. Under the present system, when a Circular is sent to the Revenue of ~~xxx~~ officers; say, by the Board of Revenue to the Collectors, as many spare copies as are ~~being~~ to be required, are at the same time supplied to each collector for issue to his subordinates, ~~one~~ named Assistants, Deputy Collectors, Tahsildars

for

In order that such orders should reach the parties under the new arrangement, it will be necessary to furnish each of our with a copy of the ~~the~~ Gazette - or to reprint all Circulars in the District Gazette. The former course would add largely to the present cost of the Gazette, and to the ~~burden~~ of the ~~clerk~~ would ~~enumber~~ the records of the subordinate officers in question, with papers only a small part of which would be of any use to them. By the latter course the Circulars would have to be printed afresh in every District, or twenty times over.

No orders therefore seem called for on the above Extract from Proceedings of the Govt. of India for the present, and it will lie over.

J.P.
