Madras Sengemeyer Pettah
N^o 10. August 16th 1861.

No The Chief Secretary to Government.
Fort St. George

Sir, I have the honor to request that you will
have the goodness to lay the following
representations before the Right Honorable
the Governor in Council and obtain such
orders as the nature of the case requires.

That on the 6th July last, I applied to the
Municipal Commissioners for the Town of
Madras for permission to put up new square
bricks to the pavement of the Western and
Southern sides of my house situated at N^o
168 in Popham's Broad Way, Black Town,
instead of the old broken bricks.

Whereupon the following underscribed
was made and the letter returned to me.

"In Board 16th July 1861"
"Permission is granted for the repairs of the
"pavement of this House in the Broad Way
"face, but not for the construction of a new
"pavement on the Southern side"

"B. Cardozo"

That as the pavement on the Southern
side was not one that was newly to be
constructed, but a renewal of the old pave-
ment on the property belonging to me, and
as such pavement, as I then proposed, was not
an encroachment on Public Ground, I
caused the necessary flooring to be put up.

That during this time the Overseers of
the Municipal Commissioners called

* செப்பனெடுபவர் பெயர் *
* றி. அருயல் தருய் *
* செப்பனெடுவதற்காக எடுத்த *
* கொள்ளப்பட்ட நாள் 7/2007 *
* *
* செப்பனெடு முடிந்த நாள் 1/2007 *
* செப்பனெடுபவரின் *
* மு. ந. பா. எ. யாள *
* கையொப்பம் கையொப்பம் *

and prevented the performance of further work under the orders of the Board.

That after the above prevention was made I was induced to apply again to the Commissioners for information as to their reasons for granting permission to place only the Western side of my House and not the Southern side both being my property by right of purchase and possession, but I had in the confusion, instead of making use of the word "Southern", inserted the word "Western" which was merely a clerical error.

This I submit could not have prevented the Commissioners from offering me the information I required as they were all aware that I was disputing the Justice of their orders in regard to the Southern side.

Whereupon I received on the 6th Inst. at 6 o'clock P.M. the endorsement of this letter with a Summons from the Magistrate to appear on the following day.

That as I had no time to prepare my defence nor was I aware of what the grounds of complaint were, I appeared in person before the Magistrate who fined me \$25 on the deposition of two Overseers of the Municipal Commissioners, one of whom was the Prosecutor and the other his witness.

That the substance of their respective depositions was that one of them knew the premises for the last one year and

the other for the last two years and that they both believed the piece of Ground on the Southern side was Public Ground and when they were asked by the Magistrate at my suggestion whether they discovered any old Bricks under the pavement at the Southern side they declared that they did not examine the foundation.

That I infer from the Depositions that the objection of the Municipal Commissioners were based on a supposition that the piece of ground on the Southern side was Public ground and it appeared to the Street, this I submit, to be an error on the part of the Municipal Commissioners from the following, among other reasons:

- 1st The enjoyment of this property for 40 years and upwards.
- 2nd The plan of the Building
- 3rd The residence of the Inhabitants and Owners of Popham's Broadway.
- 4th The fact of a small porch and Veranda having been erected and ~~was standing~~ and being on the disputed land towards the Eastern side of Phillips' Street and adjoining the house of one W. E. F. Wilson.

That in accordance with the plan (herewith submitted) if any Overseers of the Engineer's Department be directed, to take the measurement of Phillips' Street and compare it with the Records of the Engineer's Department it will at
