Sir,
By order of G.O. 23 dated
28th June 1861 Government sanctioned
some very much wanted repairs to
the temporary sheds and pens in
the Zoological Garden, all that
has been done, to the present date,
is the removal of the Monkey Cage
to prevent it falling upon the
visitors.

injury) I reported the circumstance to the District Engineer and recommended that the sanctioned repairs should be at once executed.

3. To this Lieutenant Colonel Hitchins demurs in consequence of the contemplated removal of the animals to the People's park. If this could be done immediately, making repairs here would be only throwing away money, but if Government were this day to order the erection of the necessary buildings in the Park, six months would be a short period to name as the time when they might be expected to be fit for use, and in the mean time what is to become of the animals? Something requires to be done immediately to prevent the animals escaping or their destruction by the Monsoon, and I have the honor to solicit Government

with Mr

Order - 25th September 1861 No. 1350

orders will be issued in the Dept. Public Works for the early execution of the repairs directed, under date the 28th June last, to be made to the temporary sheds and pens in the Zoological Gardens. J. P. S.

To the P. W. Dept.
" Officer in charge J. P. Munn 25/9.

Government to be good enough to
issue such orders as they may
deem fit upon this subject, and,
I would beg to add, as early as is
possible.

I have the honor to be,

Sir,

Your Most Obedient Servant,

Wm. L. S. Lieutenant
Officer in Charge of the U.S. Museum
