No 2799

Madras

Marine Superintendent's Office

9th October 1861

From

J. J. Franklin Esq^r

~~Superintendent of Marine~~

To

J. B. Sini Esq^r

Secretary to Government

Marine Department

Fort St George

Sir,

The Steamers "Coromandel"
and "Dalhousie" being now daily expected
on this coast from Rangoon and Moulmein
I have the honor to submit the following
arrangements for their disposal, observing
that as the N.E. monsoon may be expect-
ed to set in about the end of the present
month it will be advisable that they
should not remain at Madras, for the
rains and strong breezes during November
and December render all shipping opera-
tions tedious uncertain and unpleasant.

2

The Accountant General
has a large consignment of copper coins
for dispatch to Bombay I propose that
the

*
Two lacs

The "Dalhousie" should be sent with it touching at the several ports on the Malabar Coast to which Government stores have to be conveyed. I am prepared to find that she requires docking and repairing which can be effected

~~near as Bombay than elsewhere~~

3. But taking into con-

sideration the few Madras troops that are henceforth to be retained in Burmah, I would submit that it will be sufficient to retain one steamer for the permanent service of this Presidency,

~~and the "Coromandel" will be~~

~~well for our use, and the "Dalhousie"~~
is peculiarly unfitted for a troop ship, the latter is the vessel which can more conveniently be dispensed with. Should sudden emergencies arise requiring transport, the Bengal vessels which are to be laid up in ordinary will

~~be available on short notice~~

that the Bombay Government be informed that the "Dalhousie" is no longer required.

4. The "Coromandel" I propose should be dispatched to Cannanore and Mangalore

Mangalore to embark the D Company 5th Battalion of Artillery and a half Company of Gun Lascars, convey them to the Straits and bring back to the same stations the relieved parties. The vessel will not be again required on this side till the ~~first~~ ^{next} month in January. Captain Batt might therefore be informed that there is no necessity for making speedy passages; intimation of which will enable him to economize fuel.

5. After this service has been accomplished the "Coromandel" will be required to transport from Hongkong to Madras, the 33rd Regiment S.I. the arrangements for which however will be submitted at a later date.

I have the honor to be

Sir

Your Most Obedient Servant

~~W. H. H. H.~~

Superintendent of Marine
