J. Pycroft Esq^r
Chief Secretary to Government
Fort St George

The humble Petition of P.
Moonesammy a graduate
of the Madras Medical College
and a late Native Surgeon
on the Madras Medical

Most Respectfully Sheweth, Establishment.

1 That your Petitioner being sorely
grieved for the causes which led to his removal
from his position most humbly prays
that his pitiful case may be laid before His
Excellency the Governor in Council and
that the sanction of Government may be
obtained for the prayers solicited below.

2. That he is quite sensible that, during his service under Government for a period of nearly twelve years including his Scholastic Course, he was in no instance reprimanded or found fault with for neglect of his duty, carelessness or indifference to it, but, on the contrary, he, on several occasions, had the honor of meeting with the approval and receiving the thanks of the Government and the Medical Board.

to his exertions and labours during the above period.

3. That that he maintained all along an uniform good character may be proved by the annual reports of the Medical College for the years 1847 to 1851-52 and by the several reports of the European Medical Officers under whom he did duty subsequent to his quitting the College.

4. That the only fault with which he was charged by Dr. Porteous and which formed the ground of his removal from the service was the deficiency which, he believes, consisted merely in not keeping up the study of Anatomy and that too, the descriptive portion of viscera. That that a failure in only one subject should be construed into a total ignorance of his profession was unfortunately the fate of your Petitioner who was thereby deprived of his livelihood which he had procured after years of hard study and labour and it is needless and painful for him to enter into details of the facts connected with the charge brought against him.

5. That your Petitioner, under

these circumstances begs most respectfully that sanction may be granted for his re-employment in other departments of service than the Medical without requiring him to pass the uncovenanted Civil Service examination and prays further that, in consideration of his present miserable and deplorable condition, he may, as a special case, be permitted to be examined at once in Law for which he is now prepared and to be passed, if found qualified, as a Pleader in any of the Magisterial Courts, your Petitioner being under impression that he cannot get into Uncovenanted Civil Service examination before the lapse of two years.

6. Humbly trusting that his petition will meet with the favorable and merciful consideration of His Excellency the Governor in Council and that the prayers herein conveyed will be graciously granted.

And that your Petitioner
as in duty bound will ever
pray.
