*Proceedings of the Madras Government, Public Department,
2nd October 1865.*

No. 5. Read the following letter from E. C. BAYLEY, Esq., Secretary to the Government of India, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated Simla, the 13th September 1865, No. 1906.

Home Department.

I am directed to state that a reference having been made to the Secretary of State, on the question of expending money from the public revenues for the collection of articles for the Industrial Exhibition proposed to be held in Paris in 1867, it is desirable that, pending a reply from him, no such expenditure should be incurred.

2. It does not appear that there is any pressure as to time, the Exhibition not opening till May 1867, so that there will be a full year for the collection and despatch of articles after the receipt of the Secretary of State's orders.

3. There is, however, no objection, but the contrary, to the immediate appointment of Committees, who, it is hoped, will, as is the case in England, find some occupation in furthering the object of individuals who may be desirous to contribute to the support of the Exhibition, or to send articles to it.
