*Proceedings of the Madras Government, Public Department,
18th October 1865.*

No. 97. Read the following letter from Assistant Surgeon G. H. ALEXANDER, M. D., Officiating Civil Surgeon, Masulipatam, to the Deputy Inspector General of Hospitals, Northern Division; dated Masulipatam, 11th September 1865, No. 77.

I have the honor to request you will be so good as to forward this application, regarding my pay, for the consideration of the Principal Inspector General, Medical Department, and to be submitted to the decision of Government.

2. When I arrived at Masulipatam, I was put in charge of the Fort, and drew the pay of my rank, viz., Rupees 433-10-2. On the 28th of March last, I was gazetted as "Officiating Civil Surgeon, during the absence of Dr. Robertson, or until further orders," and although I had this additional duty imposed upon me, including as it does charge of the Jail, Police Hospital, Civil Dispensary, Collector's Department, &c., curiously but not obviously, I immediately began to draw Rupees 410-10-10, less pay than even the pay of my rank which I drew while in charge of the Fort alone. These additional duties are three times as much as those performed by an Assistant Surgeon in charge of a Regiment, for which he receives Rupees 600 a month.

3. I may as well state that the Fort is more than three miles distant from my bungalow, and I may at any time, if necessary, have to go there several times a day, and, in addition to my own duties, I am frequently called upon to attend Committees upon beer, of which there is a large quantity constantly being received by the Commissariat Department, yet there is not even Palanquin allowance for those duties.

4. When I arrived at Madras, I applied at once for a Regiment, but owing to the exigencies of the service, and much against my own wish, I have been appointed to Civil duties.

5. Such being the case, and seeing that I am employed both upon Military and Civil duties, it seems hardly credible that I should be such a loser as I am at present, merely because I am not in charge of a Regiment, although the duties are so much greater.

6. I would, therefore, bring to your favorable consideration that I should be considered in the Military Department (seeing that from the first I was in charge of the Fort, and am at present), and draw the pay of my rank, viz., 433-10-2, in arrears from 28th March 1865, and also receive the allowances of the Jail and Dispensary, as these duties were at a later period superadded from the same date, and I feel sure that, after a due consideration of this application, my claims will appear just.
