*Proceedings of the Madras Government, Public Department,
18th October 1865.*

Read the following papers:—

No. 102. Abstract translation of a letter from a certain inhabitant of Vellore, to the Editor of the Denavertamani; dated 23rd August 1865.

Complains that in the town of Vellore, several children, being attacked with small-pox, suffer a good deal and die ultimately; that there were formerly two Vaccinators, one in Vellore and the other in Vellore Taluq, but now there is none; that one Sadasiva Moodelly, whose services as Vaccinator there were greatly beneficial to the people, has been transferred to Salem two months ago; and that, from that time, the people suffer much from the said distemper.

2. Prays that the said Sadasiva Moodelly may be allowed to be in Vellore.

No. 1910 of 1865.

Referred to the Principal Inspector General, Medical Department, for disposal.
(By order).

MEMORANDUM.

The undersigned has the honor to forward letter from the General Superintendent of Vaccination, in reference to docket from the Under Secretary to Government, in the Public Department, dated the 16th ultimo, with an expression of his entire concurrence in the views of Dr. Shortt.

FORT SAINT GEORGE,
12th October 1865.

(Signed) W. MACKENZIE, M. D.,
*Acting Inspector General of Hospitals,
for Principal Inspector General, Medical Department.*

From the General Superintendent of Vaccination, to the Secretary to the Principal Inspector General, Medical Department; dated Madras, 4th October 1865, No. 329.

With reference to the enclosed letter and docket, herewith returned, I have the honor to state that the individual alluded to, in the above correspondence, was one of the Vaccinators in the North Arcot District, stationed at Vellore. On the formation of the several Circles, he was appointed to the Salem Vaccine Circle; this did not appear to suit him, and he applied for leave; on being refused, he got his friends at Vellore to send in petitions to the Deputy Superintendent of the Circle, applying for his especial services. The petitioners were told that if they would contribute towards his salary he would be sent; failing in this, he had recourse to the accompanying letter to Editor of Denavertamani. Since, finding that all his endeavours to get back to his friends failed, he resigned the service on the 10th ultimo.

2. There is no difficulty, if the people at Vellore were really anxious for Vaccination, they can always succeed in having their children vaccinated by applying at the Civil Dispensary there.

No. 103.

ORDER THEREON, 18th October 1865, No. 1091.

To be recorded.
