Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Department,
27th September 1865.*

Read the following papers :—

No. 136. From J. D. ROBINSON, Esq., Collector of North Arcot, to J. D. SIM, Esq., Secretary to Government, Fort Saint George; dated Chittoor, 4th May 1865, No. 17.

I have the honor, with reference to paragraph 2 of the Order of Government, dated 6th July 1864, No. 777, Public Department, to forward, herewith, a plan and estimate for constructing a suitable building for the purposes of a Civil Dispensary at this station. The plan provides for all the modern requirements of such an Institution, and has received the fullest approval of the Managing Committee. The estimate amounts to Rupees 7400, in which is included the cost (viz., Rupees 1000) of constructing a detached ward for cholera patients. The value of convict labor, which will be available for the earth and other unskilled work, has been taken into account in the estimate.

2. Captain Chrystie, Executive Engineer of the Range, who provided the plan and estimate, has particularly desired that I would, when submitting these papers to Government, explain that two doors are to be opened in the walls of the Surgery and Operating Room, and that the Dead House is to be built under a separate roof.

3. In paragraph 3 of my letter to Government of the 7th June last, No. 26, I stated that the contributions towards the construction of the Civil Dispensary amounted to Rupees 4012. The sum, however, actually realized up to date is Rupees 3700 odd, or say Rupees 3700 in round numbers, which, if added to the grant-in-aid, viz., Rupees 3000, originally promised by Government, makes the amount available for expenditure Rupees 6700. This falls short of the estimate by Rupees 700. As no further private contributions can be looked for from the Native Community who on the whole have given the project their liberal support, I have the honor to request that Government will be pleased to supplement the subscriptions thus realized, by an equivalent grant-in-aid of Rupees 3700. In making this request, I do not, I believe, ask for a larger measure of aid from the public purse than Government has in its liberality already accorded to several undertakings of a similar kind.

No. 137. From J. D. ROBINSON, Esq., Collector of North Arcot, to the Honorable J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated Chittoor, 15th August 1865, No. 46.

I have the honor to submit, * in lieu of the one which has miscarried, a fresh plan of the Civil Dispensary proposed to be built at Chittoor, as called for in Mr. Acting Under Secretary Brandt's official

* In a separate packet.

Memorandum, dated 8th June last, No. 240.

No. 138. From J. D. ROBINSON, Esq., Collector of North Arcot, to C. G. WALKER, Esq., Under Secretary to Government, Fort Saint George; dated Chittoor, 26th August 1865, No. 48.

Agreeably to the requisition contained in your Official Memorandum, dated 24th instant, No. 336, I have the honor to forward the estimate of the Civil Dispensary therein alluded to.

*Proceedings of the Madras Government, Public Department,
27th September 1865.*

No. 139. ORDER THEREON, 27th September 1865, No. 999.

The Government approve of the plan of the proposed Hospital, and 'separate Ward for contagious diseases, to be erected at Chittoor.

2. It appears from Mr. Robinson's letter that the subscriptions actually paid fall short by Rupees 312 of the sum mentioned in his letter of the 7th June 1864, in which the proposal to build the new Hospital was first mooted, and that Rupees 3700 is all that has been collected. The estimate amounts to Rupees 7400, so that exactly one-half of the sum needed is available. The Government consent to increase their grant to Rupees 3700, in place of the Rupees 3000 sanctioned in their Orders of the 6th July 1864, No. 777, to be met from the same source. The work may be at once proceeded with.

(True Extract).

Acting Secretary to Government.

To the Collector of North Arcot.

- " Public Works Department, with two Plans and two Estimates.
- " Principal Inspector General, Medical Department.
