

2nd November 1865.

No. 4. Read the following letter from the Superintendent of Marine, to the Secretary to Government, Fort Saint George; dated Madras, 30th October 1865, No. 3770.

I have the honor, in compliance with that portion of the 8th paragraph of the Order recorded in Proceedings of Government of the 28th ultimo, No. 1016, having reference to the out-standing balances of the General Hospital on account of seamen, to forward a Report thereon from the Master Attendant, who states that only about (200) two hundred Rupees, for men sent to that Institution from Her Majesty's Ship *Severn*, are recoverable.

From the Master Attendant, Madras, to the Superintendent of Marine; dated 27th October 1865, No. 1646.

In reply to your letter of the 3rd instant,* I have the honor to submit the following Report regarding the Hospital expenses of seamen, &c:—

* No. 3499.

2. It is an invariable rule in my office that, on application being made for the admission of a seaman to the General Hospital, a guarantee be obtained from the Commander of his Ship for payment of his expenses. This is stated on the ticket sent with the sick man; but the actual liability of the ship to bear the said expenses is only decided on when the Surgeon has time to certify the nature of the disease the seaman labors under.

3. In cases of injury received in the service of the ship, the Commander or Agents meet all expenses.

4. The expenses incurred for the treatment of trivial complaints likely to have been contracted on board the ship are also paid by them.

5. Charges for the treatment of chronic complaints such as consumption, dropsy, &c., and diseases brought on by the imprudence of seamen must be deducted from their pay; but as in many cases, from various causes, little or no pay is due to them, their diet bills are irrecoverable, and the losses fall on Government.

6. On looking over the Hospital accounts for last year, I find that only about Rupees 200, due by Her Majesty's Ship *Severn*, can be recovered.

No. 5. ORDER THEREON, 2nd November 1865, No. 1141.

The Superintendent of Marine will call upon the Master Attendant to take the necessary steps to recover from the Commander or Agents of Her Majesty's Ship *Severn* the charges incurred on account of seamen from that vessel treated during the past year in the General Hospital, and to report why this was not done before.
(True Extract).
