Read the following papers :—

No. 127. From the Civil Surgeon, Tranquebar, to the Deputy Inspector General of Hospitals, Southern Division; dated Tranquebar, 4th November 1865, No. 35.

In compliance with the Orders of Government, dated 26th October 1865, No. 1123, I have the honor to report that I have visited the station of Negapatam twelve times during the last twelve months.

2. My primary object in visiting Negapatam every month is to exercise a general superintendence and control over all matters entrusted to the charge of the Apothecary at that Station—to visit the Public Dispensary, see the patients, examine all the Books, and afford assistance and advice to the Apothecary in all the more serious and difficult cases.

3. I am expected to afford Medical aid to the Judicial, Revenue, and other Government officials at Negapatam, and also to their families, and am liable at any time to be summoned over to attend them. A case in point occurred some months ago, when I was summoned by telegraph to attend the wife of Captain Scott, the late Master Attendant.

4. I am also ordered to attend the monthly meetings of the Public Dispensary Committee, and render my assistance in all matters connected with the diet and maintenance of the patients.

5. I may be permitted to mention that each occasion of my visiting Negapatam involves an absence from Tranquebar of one entire day and night, to say nothing of a journey of 40 miles over one of the worst roads in Southern India, and it must at once be evident that this cannot be accomplished without considerable additional "labor and expense."

6. I distinctly understood from the Deputy Accountant General that, in the event of Government granting me travelling expenses for my usual visits to Negapatam, "the amount not exceeding 40 Rupees per mensem, no objection would be raised to the payment."

7. I should not otherwise have applied for Military pay and allowances, as in the event of the travelling allowance being withdrawn, I shall have a smaller income than I had under the civil rates of pay.

Proceedings of the Madras Government, Public Department,

29th November 1865.

No. 128. From the Acting Deputy Accountant General, Madras, to the Secretary to Government, Fort Saint George; dated 14th November 1865, No. 171.

Post Audit Department.

I have the honor, with reference to Order, No. 1123, dated 26th ultimo, to report that the authority on which the paragraph quoted from the Military Pay Regulations (page 303, edition of 1861) seems based, so far as concerns Nagapatam, on the order of December 1849, quoted in my last—no later ruling on the subject is known.

2. I do not see reason for objecting to pass travelling allowance, at the usual rate of 8 Annas a mile, though, as I have said, to an amount not exceeding Rupees 40 per mensem. As the distance is 18 miles, two journeys a month would give Dr. Murray nearly as much as he asks for, but an important principle is involved.

No. 129. ORDER THEREON, 29th November 1865, No. 1229.

Resolved that the usual travelling allowance be passed to the Civil Surgeon, Tranquebar, for visiting Negapatam, to an amount not exceeding Rupees (40) forty per mensem.
