Public DEPARTMENT.

G.O. No.	1285	Press Mis.
Dated	20-12-	1965.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Department,
20th December 1865.*

No. 58. Read the following letter from Surgeon F. DAY, Madras Army, to the Secretary to Government, Fort Saint George; dated London, 17th November 1865.

I have the honor to acknowledge letter No. 998, Public Department, enclosing a Bill of Exchange for £ (60) sixty, on account of the experiment for the introduction of Trout into the Neilgherry Hills.

2. I find that there would be insuperable difficulties in sending Ice from England to Suez, and; therefore, trust that the Madras Government would furnish me, at Suez, with sufficient American Ice to last to Madras, or I shall have to employ the manufactured Ice, which may be detrimental to the Ova.

3. In order to give more time I have decided on leaving Southampton, with the Ova, on February 4th, 1866, in the P. and O. Steamer.

No. 59. ORDER IN COUNCIL, 20th December 1865, No. 1285.

The Governor in Council directs that the Superintendent of Marine, who will be furnished with copies of all the correspondence which has passed with Doctor Day, regarding the transmission of Trout Ova to Madras, will arrange with the Agent to the P. and O. Company for the despatch of a sufficient supply of Ice to Suez, by the Steamer which will convey from that port to Madras the passengers leaving England on the 4th February next.

(True Extract).

Chief Secretary.

To
The Secretary to Govt.
Madras

Sir
I have the honor to acknowledge
letter No 998 Public Department en-
closing a Bill of Exchange for £60
sixty, on account of the experi-
ment for the introduction of Iron
into the Neilgherry hills.

I find that there would be
insuperable difficulties in sending
the iron from England to Madras and therefore
think that the Madras Govt. would
furnish me at Madras with sufficient
American iron to last to Madras,
as I shall have to employ the
Manufactures

ice which may be detrimental to
the war.

In order to give more time I have
decided on leaving with ambition with
the over on Jan 4th 1866 in the P. & O. Steamer

I have the honor to be

Sir

Yours truly

Francis Day

Request that a
supply of American
Lee may be kept
for him at home
for purposes con-
nected with his
bringing out the
Court over for the
Kilgheerries-

My dear Frank, a note
from Capt. Mackenzie
there is no way of storing the
Lee except in the Lee Room and
the only arrangement he suggests
is, that the Company will
merely send in boxes of
Lee at Calcutta to Luck to
Mendon, and allow Girt to
fill up the Lee room with

Mr. Lee - The
Lee will take about
the same as Capt. Lee.
I think you will have to ship
this quantity to induce the
necessary supply - If
you will come over on Monday
we can arrange to send
a telegram to Captain

Lee -

Believe me

Yours Sincerely

W. Lee

My dear Mr. Schickel:²

I enclose a note
from the Agent of the
S. & O. Company on the
subject of the inquired
for the boat over there.
He telegraphed about it
to Captain Capt. Dutton
the Superintendent there,
replied that Captain
Black would be there

3 the friends and
would advise that
be best to be done.
This advice Sir John
note contains and I
suppose we must sub-
mit. In two weeks
after a large quan-
tity to be sent 75th re-
ading for the return
days and with
cost some 1200 Pounds

But to receive them
have been in I do
not see that we
can do.

Captain Blackly
I have in stored a
box below and if
placed on deck the
box will be
left of the time
the ship arrives
day. Please let me
