Proceedings of the Madras Government, Public Department,
16th October 1866.

No. 142. Read the following letter from the Collector of Vizagapatam, to the Chief Secretary to Government, Fort Saint George; dated Vizagapatam, 4th October 1866, No. 750.

A bill sent in by the Master Attendant, to the trifling amount of Rupees 19-4-0, "for painting and fitting out a Boat," on the occasion of His Excellency the Governor's embarkation at this Port, on the 6th August last, has been rejected, for want of sanction of Government, by the Audit Department. Sanction is, therefore, solicited now.

2. The Audit Department, at the same time, reminds us that a boat was painted, cushioned, and trimmed last year, and intimates that it does not appreciate the need of new cushions and the like.

3. This allusion is to Sir. W. Denison's visit, 18 months anterior to Lord Napier's. How long a boat cushion may be expected to last, we are not told; nor has the experiment been made here, for we sold the furniture of Sir W. Denison's boat for Rupees 49-8-0, and carried the sum to the credit of Government. The bill now enclosed owes its modest dimensions to the fact of our having borrowed the old cushions from the auction purchaser, and stuffed them afresh.

No. 60.

North Arcot

Magistrate's Office
Pittloor 13th August 1877

From

J. D. Robinson Esq.

President, Municipal

Commission, North Arcot

To

The Honorable R. S. Ellis, C. B.

Acting Chief Secretary

to Government

Madras

Sir,

I have the honor to acknowledge the receipt of the order of Government dated 18th ultimo, No. 850, Public Department, calling for explanation in regard to certain items in the Statement shewing the actual receipts and expenditure of the Municipality of Mallagapett up to 30th April 1877, which accompanied a letter from this Office, dated 29th June last, No. 18.

In explanation of the small sum viz Rupees 232-12-6, shown in that Statement as contributed by the Municipality, beg to observe that the collection of the Municipal taxes &c. did not begin in earnest until May 1867. During the first four months of the Municipal year, the Commissioners were engaged in a variety of minor operations, such as numbering doors, constructing dust pans, establishing Toll Gates, repairing roads, planting avenues &c &c., besides carrying out the assessment of the rates on trades and professions. For some time it was supposed that the instructions conveyed in the order of Government, dated the 15th September 1866, No. 933, authorised the Commissioners to levy these several taxes and tolls, without further application for their special sanction. This misapprehension

ceased

ceased on the appearance of the order of Government dated 27th February 1867, No. 211, in which it is declared that the general approval expressed by the Governor in Council of the arrangements proposed by the management for the introduction of the Municipal Act into the Town, does not relieve the Commissioners of the necessity of obtaining the sanction of the Governor in Council for the levy of such rates, tolls, taxes or fees as they may under Sections 37, 45, 50, 57, and 65, have determined to levy for the purposes of the Act. I thereupon applied by letter dated the 26th March last, No. 20, for the authority of Government to the following rates, taxes and tolls being levied by the Municipal Commissioners for the purposes of the Act.

Rates on houses and buildings at 5 per Cent

cent per annum on the annual value thereof
as provided in Sections 38 to 44.

Taxes on trades, professions and callings at the
full rates prescribed in Schedule A as
provided in Sections 46 to 49.

Tolls on carriages, carts and animals entering
Municipal limits as provided in Sections
51 to 56.

Fees for registration of carts &c. as provided
in Sections 66 to 68.

3 In para 2 of this letter, I
have alluded to the remarks of Government
contained in para 3 of their order of the 15 September
1866, No 935, in which they observe that the more
limited proposal of the Head Assistant confining
taxation to the two first items would be sufficient
for the present. I, at the same time, stated
that, as I had reason to doubt whether the
income derived from these sources would fully
provide

2
provide for the purposes of the Act, I had
included in the application the two last mentioned
items and requested that Government would
sanction their levy, at the same time they autho-
rised that of the two taxes originally proposed.
In explanation of the apparent delay in
making that application, I mentioned that
preliminaries were reported to have been completed,
and that the levy of these several taxes &c.
would begin as soon as the sanction of Govern-
ment had been obtained and made known. The
required sanction was accorded by Government
in their order of the 17th April 1867, No 398,
Public Department, and the collection of the
taxes &c. commenced as already stated in May
1867.

4. The Demand for the half year
was fixed at Rs 182-12-6. Of this
Rs 208-12-6 only had been collected
up to

upto 30th April 1867, when the half year closed.
Since that Rupees 2527-13-3, have been
collected and the outstanding balance of
Rupees 1165-6-9, is in course of realisation.

5

The expenditure shown in the
Statement amounts to Rupees 1268-8-9.
To this, however, should be added the Police charge
amounting to Rupees 1106-7-10, which it is
now proposed to debit against the Municipal
fund and place at the disposal of the Superin-
tendent of Police. The reason why this charge
was not met by the Municipality as it became
due, was simply that there were then no assets
from which to pay it. The total expenditure
for the ^{half} year is thus Rupees 2375--"---7.

The Government grant-in-aid calculated at
25 per cent of this amount is Rupees 594.
This added to the demand above mentioned is Rupees

4182 raises the Municipal assets for the half
year under review, to Rupees 4776.

If

7

If from this be deducted the expenditure
Rupees 2375, there remains a balance of
Rupees 2401. From this again I propose
to deduct and credit to Imperial Revenue
Rupees 492, the amount drawn in excess of
Government grant-in-aid. The net balance
to the credit of the Municipal Fund will
then be Rupees 1909-

6

In explanation of these figures
I beg to submit a revised Account Current
of Receipts and Expenditure in the Malabar
Municipality for the half year ending 30th
April 1867 -

7. The subjoined Memo shows the
Demand Collection and Balance of the
Municipality for the same period.
