*Proceedings of the Madras Government, Public Department,  
3rd September 1867.*

No. 11. Read the following letter from Messrs. ASSEY and Co., Minerva Press, Black Town, to the Chief Secretary to Government, Fort Saint George; dated Madras, 22nd August 1867.

Understanding that Government gave, and are giving, some works to several individuals in the printing line, we beg most humbly and respectfully to tender our services for a portion of the same.

2. Carrying on, as we do, this line of business, we have no hesitation in observing that no endeavours shall be spared in executing any quantity or quality of work which Government may be pleased to vouchsafe to us.

3. Irrespective of the advantage which Government may gain in giving works of this sort, we might assuredly add that, if a portion be given to us, we will (as we are now supplied with a large quantity of new types) render every satisfaction in our present trade, notwithstanding which we are prepared to allow a discount of ten per cent. for the benefit of Government.

4. We feel assured that no other parties have shown this advantage to Government, and, therefore, we solicit you will kindly use your influence in our regard, and obtain their sanction in giving us a portion of the work conceded to others.

No. 12. ORDER THEREON, 3rd September 1867, No. 1075.

Messrs. Assey and Co. are informed that there is at present no work in the Government Printing Office which can be given to their Press.

No. 163. Read the following letter from the General Superintendent of Vaccination, Madras, to the Secretary to the Principal Inspector General, Medical Department, Fort Saint George; dated Madras, 25th June 1866, No. 299.

With reference to the Proceedings of Government, Public Department, dated 11th April 1866, No. 40, and the Order thereon, I have the honor to submit the following explanation.

2. I joined my appointment of General Superintendent of Vaccination on the 24th January 1865, and the amount of Travelling allowance drawn by me from the above date to the 31st December 1865, was Rupees 1129-0-6.

3. The annexed Memorandum will show the amount I expended for transit alone from place to place, for either Rail, Bullock dāk, or Steamer, &c., during that period, which exceeds the travelling allowance I received by Rupees 88-14-6.

4. In this Memorandum I have not included the expense I have to incur, to proceed from the chief station to remote districts, for either myself, establishment, or baggage that I have to take with me. Experience has taught me to carry all my provisions, for the commonest necessities of life are not to be had at many of these places, not even horse-gram for the horse, which I am now invariably obliged to take with me.

5. The nature of my duties as General Superintendent of Vaccination, differs essentially from that of other Inspecting Officers, inasmuch as mine only begins where others terminate, as I have to proceed to the interior of districts, and there to make a stay of a few days, at remote places in which my Assistants are at work, and ride out during that period a distance of some ten or fifteen miles daily, to inspect the work of the Vaccinators, as will be seen from my monthly reports.

6. Under these circumstances, and with the explanation now submitted, I respectfully beg to request that my case may be favorably considered, as it is only made after an actual experience of one year in the work.

7. I regret the delay that has occurred in submitting this explanation and the Memorandum of expenses, owing to my absence from the Presidency, and having left all my private papers, Memoranda, &c., behind.

Rupees one thousand two hundred and seventeen, and Annas fifteen (1217-15-0.)

MADRAS, 25th June 1866.

(Signed) J. SHORTT, M. D.,

Asst. Surg., Genl. Supt. of Vaccination.

No. 164. To the Secretary to the Government of India, Financial Department, dated Fort Saint George, 22nd October 1866, No. 1075.

I am directed by the Governor in Council to request that you will lay the following case before the Right Honorable the Governor General in Council, for the sanction of the Supreme Government.

2. Dr. Shortt, as General Superintendent of Vaccination, receives a fixed travelling allowance of 100 Rupees per mensem. The Vaccine Establishment is scattered over nineteen Districts, each of which should be visited at least once a year; while the receipt of a fixed travelling allowance precludes the grant to Dr. Shortt of a free passage by Rail or Steamer.

3. Dr. Shortt has, moreover, shown that his actual expenses incurred in travelling on duty, since his appointment as General Superintendent, have considerably exceeded the allowance now granted.

4. Under these circumstances, the Governor in Council is of opinion that, in order to enable the General Superintendent efficiently to supervise the establishment, without suffering pecuniary loss, it is necessary that the fixed travelling allowance attached to the office be raised from 100 to 150 Rupees per mensem.

Secretary to Government.

Maj. to the Prin. Insp. Genl.  
Medical Department  
Fort St. George.

Sir

With reference to the Proceedings of Govt. Public Dept., dated 11<sup>th</sup> April 1866, No. 40, & the Order thereon, I have the honor to submit the following explanation.

2. I joined my appointment of Genl. Supt. of Vaccination on the 24<sup>th</sup> January 1865, & the amount of Travelling Allowance drawn by me from the above date to the 31<sup>st</sup> December, 1865, was Rs. 1129-0-6.

3. The annexed Memo. will show that amount expended for transit alone from place to place, for either Chail, Bullock cart, or otherwise during that period, which exceeds the travelling allowance received by Rupees 88-14-6.

4. In this Memo. I have not included the expense I have to incur, to proceed from the Chief station to remote districts, for either myself, establishment, or baggage, that I have to take with me. Experience has taught me to carry all my provisions, for the most necessities of life are not to be had at any of these places, not even horse gram for the horse, which I am now invariably obliged to take with me.

5. The nature of my duties as Genl. Supt. of Vaccination differs essentially from that of other inspecting Officers, inasmuch as mine only begins where others terminate, as I have to proceed to the interior of districts, and there to make a stay of a few days, at remote places in which my Assistants are at work, and ride out during that period a distance of some ten or fifteen miles daily, to inspect the work of the Vaccinators, as will be seen from my Monthly Reports.

6. Under these circumstances, and with the explanation now submitted, I respectfully beg to request that my case may be favorably considered, as it is only made after an actual experience of one year in the work.

I regret the delay that has occurred in submitting this explanation, and the Memo. of expenses, owing to my absence from the Presidency, and having left all my private papers, Memoranda &c., behind.

I have the honor to be,  
Sir,  
Your most obedt. Servt.
