30th October 1866.

No. 214. Read the following letter from the Collector of North Arcot, to the Chief Secretary to Government, Fort Saint George; dated Chittoor, 13th October 1866, No. 56.

I have the honor, with reference to the Order of Government, dated 13th ultimo, No. 930, to submit copy of a letter from the Joint Magistrate, Mr. Barlow, with the revised Notification which accompanied it.

2 I beg to leave Mr. Barlow's recommendation, that the introduction of the Act be deferred for another quarter, to the decision of Government.

3. Mr. Barlow's observations, regarding the recent uneasiness in the local markets, are, as Government know, quite correct, and, even with the promise of an abundant harvest, prices fall very slowly, and will probably not reach an easy level until March or April next, if even then.

4. At the same time, I may remark that Municipal taxation will principally fall on a section of the community which has benefited greatly by the prevailing high prices, and that, if the measure is to be brought into operation in the town of Wallajapet, it would not be consistent to defer it in Vellore.

From R. W. BARLOW, Esq., Sub-Collector of North Arcot, to the Collector of North Arcot; dated Vellore, 9th October 1866, No. 483.

As requested in your letter, No. 127, dated the 19th ultimo, I have the honor to forward the revised Notification, which I observe should reach Government by the 15th instant, and also to state, in continuation of my letter, No. 337, dated 2nd August last, that I still think that the Municipal Act should not, if possible, be brought into operation in Vellore until the 1st of April 1867, or, at all events, not until the expiration of the 3rd quarter of this official year.

2. It is true that we have now had heavy rain, and there is a prospect of good crops, but this will not very sensibly affect the extraordinarily high prices until the end of December. It was only a few weeks since that we had threatenings of grain riots, and our supply is still a rather precarious one. Under such circumstances, the introduction of tolls, &c., is not a very desirable movement, and, as I observed in my last letter on this subject, the prices have been high enough to affect even the well-to-do classes.

No. 215. ORDER THEREON, 30th October 1866, No. 1107.

The Governor in Council does not see sufficient cause for a further postponement of the Act. The taxes levied under it will not fall on the poorer classes, who have been the chief sufferers by the drought, and the advance of a moiety of the Government contribution will enable the Commissioners to commence operations without immediate taxation.

2. The Lines of Sepoys are exempted from taxation under G. O. of the 17th September last, No. 939. The necessary Notification will now be issued.
