them.

I think it would not be
unwise if collectors were
to open another column in
the return after "Other peri-
odicals", headed "Other publica-
tions" and enter in it all
books published. — As
calicut this has been done,
a return, the entry has been
erroneously made under the
"Other periodicals" which
the work in question should
be not. — It appears, this
might be added to the record
