Proceedings of the Madras Government, Public Department,
27th November 1866.

No. 162. Read the following letter from the Acting Magistrate of Coimbatore, to the Chief Secretary to Government, Fort Saint George; dated Coimbatore, 14th November 1866, No. 118.

I have the honor to forward draft of proposed Notification, for publication in *Fort Saint George Gazette*, for the Municipality of Coimbatore.

2. In reference to the subject of paragraph 11 of my letter, dated 5th instant, No. 116, I had overlooked Section 3 of the Act, which renders unnecessary any notification to the effect therein suggested.

3. It will be observed that the sum credited to the Commissioners, under the new Act, from the existing Municipality, as noted in the margin, is very considerable.

Value of Plant.....	rs. 2,050
Cash in hand.....	3,428
Total..	5,478

4. The cost of plant to this amount has been debited as an item of expenditure, as has likewise a sum of Rupees three hundred and six, as in the margin.

Cash credited.....	rs. 3,428
Estimated surplus.....	3,122
Difference...	306

5. Considering all the circumstances of the case, it seems but fair that

the sums now available under these heads should be regarded, so far as it is proposed to expend them, as part of that expenditure of which Government should contribute 25 per cent.

6. I regret the delay that has occurred in submitting revised proposals, a delay occasioned by the absence of the Officers who made the original calculations, as also, at the last moment, by the necessity of substituting specific boundaries for the general description contained in the original draft Notification.

7. As the Act cannot now come into force before the 1st December, I have entered the figures on a calculation of five months' expenditure.

No. 163. ORDER THEREON, 27th November 1866, No. 1215.

The Government have already issued the Notification prescribed by the Act.

2. The revised specification of boundaries will now be published.

3. The Act contemplates a contribution from the State equivalent to one-fourth of the sums raised and expended under it for the purposes specified in Section 25.

4. The Government will not, however, object to make a similar contribution in respect to the carts and bullocks transferred from the late Municipality. If any portion of the cash transferred is expended during the half-year, the prescribed contribution will be paid on it in due course, when the accounts are adjusted at the end of the year. The account will now stand thus:—

	rs.
Expenditure for six months, as proposed by the Acting	
Collector on the 5th instant...	14,368
Add for Pothanoor road (say) ...	1,500
	15,868

of which Government will contribute one-fourth, or Rupees 3967. This modification will now be notified.
