WJ

*Proceedings of the Madras Government, Public Department,
5th December 1866.*

No. 6. Read the following letter from the Collector of the Godavery District, to the Secretary to Government, Fort Saint George; dated Cocanada, 15th November 1866, No. 30.

I have the honor to state that, while visiting the Civil Dispensary here, this morning, in company with the Executive Engineer of the Division, and the Acting Civil Surgeon, to make arrangements for some additions and alterations that are required, we found that some repairs and alterations are required in the quarters of the Assistant Apothecary, who does duty at the Dispensary, and is attached to it.

2. The question then arose whether the Assistant Apothecary, being detailed for duty in the Dispensary, any repairs to his quarters should or should not be borne by Dispensary Funds. The Executive Engineer seemed to think that Government would rule they should; I imagine not, else why did Government lately bear the whole cost of building these quarters?

3. I should feel much obliged if you would obtain the decision of Government in the matter, because the repairs are needed, and it is important to know from what source they are to be met.

No. 7. ORDER THEREON, 5th December 1866, No. 1235.

Subsequently to the erection of the building in question, the Government decided that charges for the repair, &c., of Dispensaries must be met from Dispensary Funds. That decision applies equally to the repair, &c., of buildings connected with Dispensaries.

(True Extract).

Chief Secretary.

To the Collector of the Godavery District.

L. D. Sinn Esquire

Secretary to Government Revenue Dept.

Sir,

Fort Saint George

I have the honor to state that while visiting the Civil Dispensary here this morning, in company with the Executive Engineer of the Division and the Acting Civil Surgeon, to make arrangements for some additions and alterations that are required, we found that some repairs and alterations are required in the quarters of the Assistant Apothecary who does duty at the Dispensary and is attached to it.

2 The question then arose whether the Assistant Apothecary being detailed for duty in the Dispensary, any repairs to his quarters should or should not be borne by Dispensary funds. The Executive Engineer seemed to think that

Governments would rule they should.

Imagine not. & how why did Government
lately bear the whole cost of building
these quarters -

3. I should feel much obliged if you would obtain the decision of Government in the matter, because the repairs are needed and it is important to know from what source they are to be met.

I have the honor to be

Li,

Yours most obedient

J. Zease
