18/9/36
JA

No. 62. Read the following letter from the President of the Sanitary Commission for Bengal, to the Secretary to Government, Fort Saint George; dated Calcutta, 23rd January 1866, No. 65.

The Commission having been called on by the Government of India to collect facts in regard to Cholera, with a view to their being laid before the Sanitary Congress about to assemble at Constantinople, I have the honor to request that we may be favored with all available information, in reply to the following questions:—

1.—What is the number of Pilgrims who proceed annually from Madras to Mecca?

2.—By what routes do they travel, and what number travel by each route?

3.—What was the number of Pilgrims from Madras during 1865?

4.—What number of Pilgrim ships sailed from your Presidency during 1865?

5.—Did Cholera break out on board any of these ships? If so, to what extent, and what was the condition of the Pilgrims on landing in Arabia?

2. Any printed reports or papers containing information on the rise, progress, and advance of the disease within the limits of the Government of Fort Saint George, will be acceptable.

3. A copy of the Orders of the Government of India, No. 535, dated 16th instant, under which these inquiries are being made, has, we understand, been already furnished to the Government of Fort Saint George.

4. As the Congress proposes to assemble very shortly, an early reply is solicited.

No. 63. ORDER THEREON, 19th February 1866, No. 178.

Forwarded, with reference to the Proceedings of the 31st ultimo, No. 103, to the Sanitary Commission, who, in communication with the Principal Inspector General, Medical Department, the Board of Revenue, the Inspector General of Police, and the Superintendent of Marine, will take such steps as may be necessary for obtaining the information sought by the Sanitary Commission of Bengal, and will submit it to Government with as little delay as possible.
