Read the following:—

No. 100. Extracts from a letter from the General Superintendent of Vaccination, to the Officiating Secretary to the Principal Inspector General, Medical Department, No. 133, dated 5th March 1866.

5. “Mr. Smith, Deputy Superintendent of Vaccination, sent to organize the Staff of Vaccinators for the landed proprietors of the Vizagapatam District, reports having selected the 27 Vaccinators, viz., thirteen on ten Rupees, and fourteen on seven Rupees each. Registers of these men have been forwarded to this Office, and duplicates were sent to the several proprietors, advising them that the Vaccinators were engaged from the 1st February 1866.”

6. “Mr. Smith has, up to the present time, kept the Vaccinators under instruction in the vicinity of Vizagapatam, and he will now be directed to proceed to distribute them to the several Estates on whose behalf they were engaged.”

7. “I take this opportunity of bringing to the notice of the Principal Inspector General that, through the exertions of Mr. Lincoln, Deputy Superintendent of Vaccination, Godavery Circle, Stree Rajah Rao, V. M. G., Ram Rao Bahadoor, Zemindar of Pittapur, has employed, from the 1st February, two Vaccinators, on ten Rupees each, for the Taluqs of Pittapur and Cocanada, to carry out vaccination among his people.”

8. “Stree Rajah Soobanadaree, Appa Rao Bahadoor, Zemindar of Nuzeed, has also employed two Vaccinators, on ten Rupees each, for the Ellore Taluq, which contains about 400 villages.”

9. Qualified men were nominated to both these Zemindaries, and they have entered on their work. I trust the liberality of these Gentlemen, in this matter, will meet with the approbation of Government, as an example to others.
