Read the following papers:—

No. 25. From the Deputy Inspector General of Ordnance and Magazines, to the Chief Secretary to Government, Fort Saint George; dated 13th October 1865, No. 163.

Ordnance Department.

I beg to submit the following circumstances to Government, for the purpose of such orders being passed thereon, as may be deemed necessary.

published in the *Fort Saint George Gazette*,
Heads of Departments are prohibited

purchasing articles of Stationery, and on the distinct understanding that no purchases of such articles will be made by Government, otherwise than through the

Stationery Depot, a clause is inserted in the contracts* entered into with sup-

pliers, that so long as they properly ful-

fil, on their part, the contracts entered into with them, the articles covenanted and agreed to be supplied by them, will not be obtained, or purchased, from any other person or persons.

3. Among the persons who have thus been covenanted with, by the Superintendent of Stationery, is one P. Ramanjooloo Naidoo, the Contractor for the supply of Stationery articles of "*country manufacture*." I enclose a letter from him, bringing to notice an advertisement by the Superintendent of the Government

Gazette Press, published in the *Fort Saint George Gazette*, dated 29th September 1865, page 484, for articles as per margin, and pointing out the infinge-

ment of the covenant entered into with him, in respect to the Paste-boards and Cartridge paper, for which tenders are invited in that advertisement.

4. It is necessary for me to explain that I received* from the Superintendent of Stationery, an indent, that had been submitted for check to him by the Superintendent of the Government Gazette

Press, for the abovementioned articles, required to bind books for the Inspector General, Madras Police, with an intimation that the requisition was in excess of the estimates received for the current year, and would involve an additional cost of about Rupees 820 over the sanctioned Departmental cash assignment, and that this sum should be paid to the Stationery Depot, to admit of the requisite purchase being made, agreeably to the orders of the Government of India, recorded in its Proceedings, No. 3837, dated 18th August 1863, and on which Government was pleased, recently, in Order, No. 1046, dated 9th October 1865, to direct the Press Department to supply funds for procuring superfine Printing Demy, for printing Legislative Acts.

5. The necessary communication was made to the Superintendent Government Gazette Press, who, it would appear, obtained the requisite funds from the Inspector General, Madras Police; but I am not aware of the circumstance under

which it was deemed necessary to take the course against which the Contractor, P. Ramanjooloo, appeals.

No. 27. MEMORANDUM.

The undersigned has the honor to report upon the circumstances of the case referred to by the Deputy Inspector General of Ordnance and Magazines, in his letter, No. 163, of the 13th October. It was necessary to obtain Paste-board and Country paper, for binding work, for the Police. Application was made to the Stationery Office for the articles, but the Superintendent replied that he could only supply them on payment, and Rupees 825 (this sum is stated from memory, the Memorandum of the Superintendent of Stationery having been re-called) was asked for as their cost. In the Stationery Depot, there is usually 2½ months delay in obtaining any thing on payment (two months' notice for tender being given), and the Press wanted the stores at once, and felt itself able to get them quite as well and cheaply as the Stationery Depot, and in a tenth of the time. The Superintendent of the Press advertised, and had the goods in a week, and paid for them Rupees 705-10-0, being Rupees 119-6-0, or 14 per cent. less than the sum required by the Stationery Depot.

2. The account of the purchase is given in the margin, and will show the rate at which the articles were obtained. The original Indent contained also glue and twine, but, as these were in store in the Department, they were, of course, not included in their estimate of cash required. The person who made the complaint, on which Colonel Barrow's letter is based, tendered for supplying the Paste-boards at 2 Annas each board, or exactly 60 per cent. more than the rate at which they were obtained, and he represented that the Stationery Depot purchased at this rate. His tender was refused for obvious reasons. His statement I have since heard was false.

3. Nothing whatever was known by the undersigned, or by the Superintendents of the Press, of any contract on the part of the Stationery Depot, and no more was known of their power to make such contract binding on the Press. It has been the constant practice of the Press to obtain stores of the kind by public notice, whenever the stores required could not be got from the Depot, and no exception has ever been taken before to this course, although the public notice given was quite within

Proceedings of the Madras Government, Public Department,

7th April 1866.

the knowledge of the Superintendent of Stationery. Undersigned would beg to deprecate the application to the Press of rules which were framed to prevent careless waste of public money on the part of offices generally.

4. The Press consumes large amounts of stores, which are often required at very short notice, from no want of foresight on the part of the Press, which must do the work which the offices require, when they require it. The Stationery office is invariably a long time in getting its wants supplied, and undersigned believes that this long period is at least as often employed in the promotion of combinations to prevent competition, as in producing competition. The instance in point may be mentioned as one; and, as a subsequent instance, undersigned begs to point to a case of an Indent for sheep-skins, required for the Registration Department, a few weeks ago. These are wanted of a large size for binding "Royal" books. The Stationery Depot invited tenders, one of which was accepted, at Rupees 1-3-0, per skin, or Rupees 118-12-0 per hundred. Similar skins were required in January last and were obtained by the Press direct, at a cost (for large and small mixed, the larger number being full royal size) of Rupees 50 per hundred. Undersigned has not the least doubt that the Press would, on the last occasion, have obtained the skins at not more than Rupees 80 per hundred. But this is not all.—The Stationery Depot has not, according to its advertisements, received only Royal skins, it has received almost all sizes, and sent them to the Press, which has had to select the proper size and reject the rest—the result being that the Press has had to wait a long time for skins which it required at once—and has had eventually to take just as much trouble in the selection, as if it had received direct from the dealers, and has had to pay, at a low estimate, one-third more than it would have had to pay had it bought for itself. Since the above was written, it has come to the knowledge of the undersigned that, on the day on which the tenders were opened at the Stationery office, a tender was made to the Deputy Superintendent in charge of the Binding Department of any number of skins required, full Royal size, at 12 Annas per skin, or 7 Annas per skin less than the price given by the Stationery Office.

FORT SAINT GEORGE,

(Signed) C. G. WALKER,
Supervisor Government Press.

To the Chief Secretary to Government, Fort Saint George.

No. 28. ORDER THEREON, 7th April 1866, No. 351.

Under the circumstances represented by the Supervisor of the Government Press, the Governor in Council does not think it advisable that the system at present in force in that Establishment of obtaining articles of the nature of those referred to, by public advertisement, should be discontinued.

To

The Chief Secretary to Government.

Sir,

I beg to submit the following circumstances to Government, for the purpose of such orders being passed thereon, as may be deemed necessary.

2. By the Orders of Government as per

N^o 1577 dated 28 November 1861 para 11.

" 1295 " 5 November 1862.

Margin and the advertisement of this Department

dated 11 November 1862, published in the Fort St George Gazette, Heads of Departments are prohibited purchasing Articles of Stationery, and on the distinct understanding that no purchases of such Articles will be made by Government, otherwise than through the Stationery Depot, a clause is inserted in the Contracts entered into with

with suppliers, that so long as they properly fulfil, on their part, the Contracts entered into with them the Articles covenanted and agreed to be supplied by them, will not be obtained, or purchased, from any other person or persons.

3. Among the persons, who have thus been covenanted with, by the Superintendent of Stationery, is one P. Ramanjeto Naidoo, the Contractor for the supply of Stationery Articles of "Country Manufacture". I enclose a letter from him bringing to notice an advertisement by the Superintendent of the Govt Gazette Press, published in the Fort St George Gazette dated 29 September,

1865 page 484, for Articles as per

Country Paste Boards	5000
Cartridge Paper	70 lbs
Glue	100 lbs
Bengal Twine	50 lbs

Margin, and pointing out the infringement of the Covenant entered into with him in respect to the Paste Boards and Cartridge Paper, for which tenders are invited in that advertisement.

4. It is necessary for me to explain that I received from the Superintendent of Stationery on the 15th Sept 1865, an Incident that had been submitted for check to him by the Superintendent of the Government Gazette Press for the above mentioned Articles, required to bind Books for the Inspector General Madras Police, with an intimation that the requisition.

Requisition was in excess of the Estimates received for the current year, and would involve an additional cost of about Rs 200 over the sanctioned Departmental Cash Assignment, and that this sum should be paid to the Stationery Depot to admit of the requisite purchase being made, agreeably to the orders of the Government of India, recorded in Jt Proceedings No 3837 dated 18 August 1863, and on which Government was pleased, recently, in order No 1046 dated 9 October 1865 to direct the Press Department to supply funds for procuring Superfine Printing Paper for printing Legislative Acts.

5. The necessary communication was made to the Superintendent Government Gazette Press, who it would appear, obtained the requisite funds from the Inspector General Madras Police, but I am not aware of the circumstances under which it was deemed necessary to take the course against which the Contractor P. Ramanjeto appeals.
