*Proceedings of the Madras Government, Public Department,
20th April 1866.*

Read the following :—

No. 82. Extract from the Annual Medical Report of the Civil Dispensary at Salem, by Zillah Surgeon W. H. ROBERTS, M. D., for the year 1865.

“ The ‘ Dead House’ mentioned in my last Report, as being ‘ urgently required’ and as ‘ sanctioned’ by Government, has not been built. Here, too, the Department Public Works insist upon the money, several hundred Rupees, coming from the fund of the charity—an improper demand. The purpose for which a ‘ Dead House’ is wanted is, solely, for that of making judicial examinations; such examinations being conducted only by order of Government,—it, at the same time, being the chief party interested therein. It would be hard, even were it possible, which it is not, to make a charity pay for a building of which it has, for itself, no need, and which would be used almost solely for Government purposes; consequently, the examinations are, as heretofore, conducted in one of the bath-rooms of the building, to the great distress and discomfort of all concerned within the building, and periodically fouling the place.”

(True Extract).
