Proceedings of the Madras Government, Public Department,
23rd April 1866.

No. 86. Read the following letter from the Protector of Emigrants, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 13th April 1866, No. 50.

I have the honor to return the accompanying paper, relative to the engagement of a superior class of Medical Officers to take charge of emigrants proceeding to the Mauritius, rendered necessary, it is stated by the Colonial Secretary at that Colony, in consequence of the constant complaints from the Protector there of the manner in which the Surgeons hitherto employed here performed their duties.

2. I am now for the first time informed that the Medical Officers engaged at Madras have failed in performing the duties assigned to them. In fact, my impression was that they had been particularly successful, the result being shewn in the very trifling mortality on board ships from this Presidency. But if the Mauritius Government are not satisfied, they can, of course, engage men of superior education, who will, however, have to be reported on by the Inspector of Emigrants.

3. With regard to the Order of the Government of India, No. 3139, of the 31st March last, I beg to acquaint you that I have not been furnished with the Calcutta Rules of the 1st April 1865, therein alluded to.

No. 87. ORDER THEREON, 23rd April 1866, No. 407.

There is no spare copy available in this office of the "Rules relating to Emigration from the port of Calcutta." The volume* of the Calcutta Gazette in which those Rules are published (page 556), will, therefore, be sent to the Protector of Emigrants, with a request that it may be returned when no longer required.
