Proceedings of the Madras Government, Public Department,
2nd May 1866.

No. 15. Read the following letter from the Officiating Principal Inspector General, Medical Department, Fort Saint George, to the Chief Secretary to Government, Fort Saint George; dated 27th April 1866, No. 154:—

An indent has recently been submitted by the Senior Medical Officer of the General Hospital for an additional supply of iron cots and bedside tables, to replace some of an old and obsolete pattern, and to make full provision for the number of patients likely to be received in future into the Civil Wards.

2. The number of cots now indented for will, with the stock at present in hand, afford the means of accommodating two hundred and ten patients.

3. The cost of 100 iron cots at 28 Rupees each, will be Rupees 2800, and of 140 bedside tables at Rupees 6 each, Rupees 840; total Rupees 3640. The total sum entered in the checked Budget Estimate of the General Hospital for "Annual supplies," which include furniture, clothing and bedding for 1866-67, is Rupees 8000. This sum will scarcely be sufficient to provide new cots, and tables, in addition to bedding and clothing; but if the Right Honorable the Governor in Council is pleased to approve of the arrangement, I would recommend that these articles be sanctioned as indented for, as they are undoubtedly required to complete the furnishing of the new wards, so as to fit them for the reception of patients.

4. Should there be any deficiency under the minor head "Annual supplies" on account of the General Hospital, I think it may be met from savings in the Civil Medical Budget.

No. 16. ORDER THEREON, 2nd May 1866, No. 452.

The Governor in Council sanctions the supply of the iron cots and bedside tables referred to in the foregoing letter.

Sir,

An indent has recently been submitted by the Senior Medical Officer of the General Hospital for an additional supply of iron cots and bedside tables, to replace some of an old and obsolete pattern, and to make full provision for the number of patients likely to be received in future into the Civil Wards.

2. The number of cots now indented for will, with the stock at present in hand, afford the means of accommodating two hundred and ten patients.

3. The cost of 100 iron cots at 28 Rupees each will be Rupees 2800 and of 140 Bedside tables at Rupees 6 each - Rupees 840 total Rupees 3640. The total sum entered in the checked Budget Estimate of the General Hospital for "Annual supplies," which include furniture clothing and bedding, for 1866/67 is Rupees 8000. This sum will scarcely be sufficient to provide new cots, and tables, in addition to bedding and clothing, but if the Right Honourable the Governor in Council is pleased to approve of the arrangement, I would recommend that these articles be sanctioned
