2. The demands of Civil Hospitals are generally for very small quantities, and are passed after check in this office, according to local circumstances.

3. I have further the honor to report, in reference to paragraph 13, that the Sanitary and Statistical Returns and Reports used by the Medical Department are of general application to European and Native Hospitals, both in the Civil and Military Departments, and that the Central Office will, as before the transfer of stock to the Superintendent of Stationery, under Order of Government marginally noted, cause a sufficient stock to be
