Proceedings of the Madras Government, Public Department,

18th June 1866.

No. 92. Read the following letter from the Officiating Commissary General, Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 31st May 1866, No. 659.

I have the honor to request you will inform me whether it is intended that the Gazette Notification of the 2nd May 1865, requiring Departments to restrict their demand for printed forms to an allowance sufficient for a twelve months' use, shall be strictly applied to all the routine forms used in various offices.

2. The generality of forms in use with this office are of such a nature that there is no probability of their being altered or modified in any way, and it would seem to be a needless expense to require the Gazette Press to set up the same type again and again every year, when a sufficient number for two or three years' supply could be struck off at one time.

3. There are a few forms which, although supplied by the Commissariat, are regulated by other branches of the service; these, not being so much under control as purely Departmental forms, would be treated as required by the Notification, and only a year's supply struck off.

No. 93. ORDER THEREON, 18th June 1866, No. 604.

The Governor in Council considers it advisable that in all cases there should be a strict adherence to the principle laid down in Notification of the 2nd May 1865, namely, that indents for printed blank forms should not exceed the supply probably requisite for twelve months' use.
